(2) Retirement benefits must be claimed within 5 years of the date of the member's death. If the named beneficiary for the account or the heirs at law fail to claim and accept the benefits, the member's account balance reverts to the pension trust fund."

Section 10. Section 19-20-602, MCA, is amended to read:

"19-20-602. Annuity savings ~~fund~~ *account* — member's contribution. (1) The annuity savings ~~fund~~ *account* is ~~a fund~~ *an account* in which the contributions for the members to provide for their retirement allowance or benefits must be accumulated in individual accounts for each member. (c) The member's contributions picked up by the employer must be payable from the same source as is used to pay compensation to the member and must be included in the member's earned compensation as defined in 19-20-101. The employer shall deduct from the member's compensation an amount equal to the amount of the member's contributions picked up by the employer and remit the total of the contributions to the retirement board.

(d) The deductions must be made notwithstanding that the minimum compensation provided by law for a member may be reduced by the deductions. Each member is considered to consent to the deductions prescribed by this section, and payment of salary or compensation less the deductions is a complete discharge of all claims for the services rendered by the member during the period covered by the payment, except as to the benefits provided by the retirement system.

(3) The accumulated contributions of a member withdrawn by the member or paid to the member's estate or to the member's designated beneficiary in event of the member's death must be paid from the annuity savings ~~fund~~ *account*. (1) An inactive member under the provisions of 19-20-303(1) or (3) may elect, without right of revocation, to withdraw the member's accumulated contributions. (2) Upon recovery from a disabling illness or separation from the armed forces, a person qualifying as an inactive member under the provisions of 19-20-303(2) may withdraw the member's accumulated contributions unless the member returns to active membership.

(3) Upon written application to the board, a terminating member may have the payment of all or any portion of the member's accumulated contributions rolled over or transferred into another qualified plan designated by the member. The portion not rolled over or transferred must be paid directly to the terminating member. The board shall provide forms for filing the written application. The terminating member is responsible for correctly designating an account or plan eligible to receive the tax-deferred amount in order to continue the tax-deferred status of the amount. To the extent required by section 401(a)(31) of the Internal Revenue Code, the board shall allow members and qualified beneficiaries to elect a direct rollover of eligible distributions to another eligible retirement plan.

(4) If a nonvested member terminates with accumulated contributions of less than $200, the board shall pay the accumulated contributions in a lump sum as soon as administratively feasible without a written application from the member unless there is a return to service. Section 12. Section 19-20-605, MCA, is amended to read:

"19-20-605. Pension accumulation ~~fund~~ *account* — employer's contribution. The pension accumulation ~~fund~~ *account* is the ~~fund~~ *account* in which the reserves for payment of retirement allowances and benefits must be accumulated and from which retirement allowances and benefits must be paid to retirees or their beneficiaries. (3) If the employer is the superintendent of public instruction, a public institution of the state of Montana, a unit of the Montana university system, or the Montana state school for the deaf and blind, the legislature shall appropriate to the employer an adequate amount to allow the payment of the employer's contribution.

(4) If the employer is a county, the county commissioners shall budget and pay for the employer's contribution in the manner provided by law for the adoption of a county budget and for payments under the budget.

(5) All interest and other earnings realized on the money of the retirement system must be credited to the pension accumulation ~~fund~~ *account*, and the amount required to allow regular interest on the annuity savings ~~fund~~ *account* must be transferred to that ~~fund~~ *account* from the pension accumulation ~~fund~~ *account*.

(6) The retirement board may transfer from the pension accumulation ~~fund~~ *account* to the expense ~~fund~~ *account* an amount necessary to cover expenses of administration."

Section 13. Section 19-20-705, MCA, is amended to read:

"19-20-705. Correction of errors. (1) If a change or error in the records results in a member or beneficiary receiving from the retirement system more or less than the member or beneficiary would have been entitled to receive had the records been correct, then, on discovery of the error, the retirement board shall correct the error and, as far as practicable, shall adjust the payments so that the actuarial equivalent of the benefit to which the member or beneficiary was correctly entitled will be paid.

(2) If the amount of a contribution payment is incorrect, the board may reject the payment or accept the payment and approve an arrangement to collect the correct amount, including any or all of the following arrangements:

(a) adjustment of subsequent payments to the board from a member or an employer;

(b) collection of installment payments or a lump-sum payment from an employer; or

(c) collection of installment payments, a lump-sum payment, or a rollover payment from a member.

(3) Upon discovery of a forged signature on a retirement benefit application, the benefit must be corrected as provided in subsection (1).

(4) Interest accrues on contributions not reported or amounts overpaid to members at the actuarially assumed rate. Interest accrues from the date the contributions were due or the date the benefits were paid in error. If the board finds that the error was caused by the teachers' retirement system, interest must be waived."

Section 14. Section 19-20-716, MCA, is amended to read:

"19-20-716. Termination pay. (1) If a member terminates and receives termination pay at the time of retirement, the member shall select, subject to subsections ~~(4)~~ *(5)* and ~~(5)~~ *(6)*, by signing a binding, irrevocable written election

at least 90 days before the member's termination date, one of the following options:

(a) Option 1—The member may use the total termination pay in the calculation of the member's average final compensation. The member and the employer shall pay contributions to the retirement system as determined by the board to adequately compensate the system for the additional retirement benefit. The contributions must be made at the time of termination.

(b) Option 2—The member may use a yearly amount of the total termination pay added to each of the 3 consecutive years' salary used in the calculation of the member's average final compensation. To determine the amount of termination pay used in the calculation of average final compensation, termination pay must be divided by the total number of years of creditable service to determine a yearly amount. The member and the employer shall pay contributions on the termination pay according to the rates provided for in 19-20-602 and 19-20-605(1). The contributions must be made at the time of termination.

(c) Option 3—The member may exclude the termination pay from the average final compensation. A contribution is not required of either the member or the employer.

(2) A binding, irrevocable written election required by this section must be signed by both the member and the employer at least 90 days prior to the member's termination date and must contain statements with regard to the contributions required to be made by the member under subsections (1)(a) and (1)(b) that:

(a) the contributions being picked up, although designated as member contributions, are being paid by the employer directly to the system in lieu of contributions by the member and that the picked up contributions are paid from the same source as compensation is paid;

(b) the member may not choose to directly receive the amounts deducted from the member's termination pay instead of having them paid by the employer to the system;

(c) the member may not prepay any portion of the contributions; and

(d) the effective date of the pickup is the date that the irrevocable written election is signed by both the member and employer. The effective date must be at least 90 days prior to the date of the member's termination. The pickup does not apply to a contribution made before the effective date of the pickup.

(3) For the purpose of this section, the date of termination is the last day the member is performing any services covered under this chapter.

~~(3)~~*(4)* Pursuant to subsection (2), contributions required under subsection (1)(a) or (1)(b) must be:

(a) deducted from the portion of termination pay that:

(i) constitutes wages for the purposes of section 3121 of the Internal Revenue Code, determined without regard to the wage base limitation; and

(ii) can be included in the member's gross income for federal tax purposes; and

(b) picked up by the employer, except as provided in subsections ~~(4)~~ *(5)* and ~~(5)~~ *(6)*.

~~(4)~~*(5)* A member's contributions greater than the total amount of the member's termination pay may not be picked up by the employer and are subject to the limitations of section 415 of the Internal Revenue Code.

~~(5)~~*(6)* If a member and the member's employer fail to sign the written election within the time period required in subsection (1), the member may contribute for the purposes specified in subsections (1)(a) and (1)(b) on all or any part of the termination pay received. A contribution made pursuant to this subsection may not be picked up by the employer and is subject to the limitations of section 415 of the Internal Revenue Code."

Section 15. Section 19-20-717, MCA, is amended to read:

"19-20-717. Effect of no designation or no surviving beneficiary. (1) If a beneficiary is not designated or if no designated beneficiary survives the payment recipient, the estate of the payment recipient is the beneficiary and is entitled to any lump-sum payment or retirement benefit accrued but not received prior to the death of the payment recipient. If the estate would not be probated but for the amount due from the retirement system, all of the amount due must be paid directly, without probate, to the surviving next of kin of the deceased or to the ~~guardians~~ *personal representative or executor* of the survivor's estate~~, share and share alike~~.

(2) Payment must be made in the same order in which the following groups are listed:

(a) husband or wife;

(b) children;

(c) father and mother;

(d) grandchildren;

(e) brothers and sisters; or

(f) nieces and nephews.

(3) A payment may not be made to a person included in any of the groups listed in subsection (2) if at the date of payment there is a living person in any of the groups preceding the group of which the person is a member, as listed. Payment must be made upon receipt from the person of an affidavit, upon a form supplied by the system, that there are no living individuals in the groups preceding the group of which the person is a member and that the estate of the deceased will not be probated.

(4) The payment must be in full and complete discharge and acquittance of the board and system on account of the member's or payment recipient's death."

Section 16. Section 19-20-731, MCA, is amended to read:

"19-20-731. Postretirement employment limitations — cancellation and recalculation of benefits. (1) Except as otherwise provided in this section, a retired member may be employed part-time by a school district, state agency, or unit of the university system in a position eligible to participate in the retirement system and may earn, without an adjustment of retirement benefits, an amount not to exceed the greater of:

(a) one-third of the sum of the member's average final compensation; or

(b) one-third of the median of the average final compensation for members retired during the preceding fiscal year as determined by the retirement board.

(2) On July 1 of each year following the member's retirement effective date, the maximum that a retired member may earn under subsection (1)(a) is increased by an amount equal to the consumer price index increase for urban wage earners compiled by the bureau of labor statistics of the United States department of labor or its successor agency in the preceding calendar year.

(3) Except as provided in subsection (5), the retirement benefit of a retired member:

(a) employed in a part-time position or earning more than allowed by subsections (1) and (2) must be temporarily reduced by $1 for each dollar earned over the maximum allowed. Monthly benefits must be reduced beginning as soon as practical after the excess earnings have been reported to the retirement system by the employer. The retirement benefit must be canceled if the retired member's earnings over the maximum allowed exceed the gross monthly benefit amount.

(b) employed in a full-time position must be canceled beginning in the month in which the retired member returns to full-time employment.

(4) Upon termination and retirement subsequent to a cancellation of benefits pursuant to subsection (3), the retirement benefit of a member:

(a) who was reemployed and earned less than 1 year of creditable service must be reinstated beginning either the first of the month following termination or on July 1 following the date on which the retired member was reemployed, whichever is later. The reinstated retirement benefit is the amount and option that the retired member would have been entitled to receive had the retired member not returned to employment.

(b) who was reemployed and earned at least 1 year of creditable service must be recalculated under 19-20-804 if the member has attained normal retirement age or under 19-20-802 if the member has not attained normal retirement age but is eligible for early retirement. The recalculated benefit ~~is based on~~ *must include* the service credit accumulated at the time of the member's previous retirement, plus any service credit accumulated subsequent to reemployment. The recalculated normal form benefit amount must be increased by the amount of any benefit enhancement received pursuant to 19-20-719 that the retired member was receiving when the member's benefits were canceled.

(5) If an early-retired member under 19-20-802 is reemployed with the same employer within 30 days from the member's effective date of retirement or if the early-retired member is guaranteed reemployment with the same employer, the member must be considered to have continued in the status of an active member and not to have separated from service. Any retirement allowance payments received by the member must be repaid to the system, together with interest, at the actuarially assumed rate, and the retirement allowance must be canceled.

(6) For purposes of this section, "position eligible to participate in the retirement system" includes work performed by a retiree through a professional employer arrangement, an employee leasing arrangement, or a temporary service contractor, as those terms are defined in 39-8-102.

(7) The retirement allowance of any retired member who is employed in a position and who elects to participate in the optional retirement program under Title 19, chapter 21, must be suspended until the member is no longer employed in the position and is no longer participating in the optional retirement program."

Section 17. Section 19-20-805, MCA, is amended to read:

"19-20-805. Earned compensation — part-time service. (1) The earned compensation of a member who retired under 19-20-802 or 19-20-804 and had less than 3 consecutive years of full-time service during the 5 years immediately preceding the member's termination is the compensation that the member would have earned in the 3 years used to calculate average final compensation had the member's part-time service been full-time service. To determine the compensation that the member would have earned, the compensation reported must be divided by the part-time service credited to the member's account.

(2) (a) Subject to subsection (2)(b), if a member has transferred service from the public employees' retirement system as provided under 19-20-409 and does not have 3 consecutive years of full-time service reported to the teachers' retirement system, the member's average final compensation may be calculated as follows:

(i) if the member's part-time service credit in the public employees' retirement system plus the member's part-time service credit in the teachers' retirement system equals 1 year in any of the fiscal years used in determining average final compensation, then the member's annual salary for that fiscal year must be the member's salary as a member of the public employees' retirement system plus the member's salary as a member of the teachers' retirement system; or

(ii) if the member's part-time service credit in the public employees' retirement system plus the member's part-time service credit in the teachers' retirement system equals less than 1 year in any of the fiscal years used to determine average final compensation, then the member's part-time salary as a member of the public employees' retirement system plus the member's part-time salary as a member of the teachers' retirement system must be divided by the sum of the member's part-time teachers' retirement system service credit and the member's part-time public employees' retirement system service credit~~, divided by the member's part-time teachers' retirement system service credit~~.

(b) Compensation reported to the public employees' retirement system used to calculate average final compensation must be adjusted to exclude any compensation that would be considered termination pay under this chapter."

Section 18. Section 19-20-1101, MCA, is amended to read:

"19-20-1101. Withholding of group insurance premium from retirement allowance. (1) A retired member who is a participant in an *approved* employer-sponsored group insurance plan may elect to have the monthly premium for the group insurance withheld from the member's retirement allowance by the retirement system. ~~and~~ *Premiums withheld may be paid* paid directly to the insurance carrier or employer of record at the time of retirement.

(2) Upon the death of a retired member, the beneficiary, if eligible, may elect to continue to have the monthly insurance premium withheld from a monthly retirement benefit and paid directly to the employer or the employer's insurance carrier.

(3) Each month, using the retirement system's online employer reporting system, the employer shall verify that all authorized insurance deductions are correct and notify the retired member of any changes."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 85-5-101, MCA, is amended to read:

"85-5-101. Appointment of water commissioners. (1) Whenever the rights of persons to use the waters of any stream, ditch or extension of ditch, watercourse, spring, lake, reservoir, or other source of supply have been determined by a decree of a court of competent jurisdiction, including temporary preliminary, preliminary, and final decrees issued by a water judge, it is the duty of the judge of the district court having jurisdiction of the subject matter, upon the application of the owners of at least 15% of the water rights affected by the decree, in the exercise of the judge's discretion, to appoint one or more commissioners. The commissioners have authority to admeasure and distribute to the parties owning water rights in the source affected by the decree the waters to which they are entitled, according to their rights as fixed by the decree and by any certificates*,* ~~and~~ permits*, and changes in appropriation right* issued under chapter 2 of this title. When petitioners make proper showing that they are not able to obtain the application of the owners of at least 15% of the water rights affected and they are unable to obtain the water to which they are entitled, the judge of the district court having jurisdiction may appoint a water commissioner.

(2) When the existing rights of all appropriators from a source or in an area have been determined in a temporary preliminary decree, preliminary decree, or final decree issued under chapter 2 of this title, the judge of the district court may, upon application by both the department of natural resources and conservation and one or more holders of valid water rights in the source, appoint a water commissioner. The water commissioner shall distribute to the appropriators, from the source or in the area, the water to which they are entitled.

(3) The department of natural resources and conservation or any person or corporation operating under contract with the department or any other owner of stored waters may petition the court to have stored waters distributed by the water commissioners appointed by the district court. The court may order the commissioner or commissioners appointed by the court to distribute stored water when and as released to water users entitled to the use of the water.

(4) At the time of the appointment of a water commissioner or commissioners, the district court shall fix their compensation, require a commissioner or commissioners to purchase a workers' compensation insurance policy and elect coverage on themselves, and require the owners and users of the distributed waters, including permittees*,* ~~and~~ certificate holders*, and holders of a change in appropriation right*, to pay their proportionate share of fees and compensation, including the cost of workers' compensation insurance purchased by a water commissioner or commissioners. The judge may include the department in the apportionment of costs if it applied for the appointment of a water commissioner under subsection (2).

(5) Upon the application of the board or boards of one or more irrigation districts entitled to the use of water stored in a reservoir that is turned into the natural channel of any stream and withdrawn or diverted at a point downstream for beneficial use, the district court of the judicial district where the most irrigable acres of the irrigation district or districts are situated may appoint a water commissioner to equitably admeasure and distribute stored water to the irrigation district or districts from the channel of the stream into which it has been turned. A commissioner appointed under this subsection has the powers of any commissioner appointed under this chapter, limited only by the purposes of this subsection. A commissioner's compensation is set by the appointing judge and paid by each district and other users of stored water affected by the admeasurement and distribution of the stored water. In all other matters, the provisions of this chapter apply so long as they are consistent with this subsection.

(6) A water commissioner appointed by a district court is not an employee of the judicial branch, a local government, or a water user.

(7) A water commissioner who fails to obtain workers' compensation insurance coverage required by subsection (4) is precluded from receiving benefits under Title 39, chapter 71, as a result of the performance of duties as a water commissioner."

(4) The judge may remove any water commissioner and appoint ~~some other person in his stead if he~~ *a new water commissioner if the judge* ~~considers~~ *determines* that the interests of the parties in the waters mentioned in the decree*, a permit, a certificate, or a change in appropriation right* will be best ~~subserved thereby~~ *served by appointing a new water commissioner.*~~, and if~~ *If* it appears to the judge that the water commissioner has willfully failed to perform ~~his~~ *the water commissioner's* duties, ~~he~~ *the water commissioner* may be proceeded against for contempt of court, as provided in contempt cases. (c) Indebtedness under subsection (1) includes debt incurred under any contract between the district and the United States but excludes any indebtedness incurred by the district on behalf of a subdistrict.

(2) (a) On or before the first Monday in August each year, the board of commissioners of each irrigation district organized under parts 1 and 15 for which a subdistrict has been created pursuant to 85-7-404 shall determine the total amount to be raised that year for interest and principal payments on the outstanding bonded or other indebtedness of the district incurred on behalf of the subdistrict.

(b) The board shall levy against each 40-acre tract or fractional lot, as designated by United States government survey, or platted lot if land is subdivided in lots and blocks (or where land is owned in less than 40-acre tracts or in less than the platted lot, against each tract) in the subdistrict, the portion of the total amount to be raised apportioned according to the ratio of the total irrigable area of the tract or lot to the total irrigable area of the lands in the subdistrict, so that each acre of irrigable land in the subdistrict is assessed and required to pay the same amount as every other acre of irrigable land in the subdistrict, unless otherwise specifically provided by the board. The board may also charge the administrative charge authorized in 85-7-2103(1).

(3) ~~In the event that~~ *If* the ownership of any 40-acre tract or other subdivision of land in the district or subdistrict is divided after a special tax or assessment against the land has been levied, each of the owners of a tract or subdivision is entitled to have the special tax or assessment equitably apportioned to and against the divisions of the tract or subdivision, so that each owner is enabled to pay a special tax or assessment against the owner's portion of the tract or subdivision and have the land discharged from the lien. The charge against any separately owned tract of land may not be less than $5.

(4) The board of commissioners of an irrigation district or the board of county commissioners on behalf of a district may not levy property taxes as provided in Title 15, chapter 6, for district administration, operations, debt service, or any other district purpose."

Section 12. Section 85-7-2117, MCA, is amended to read:

"85-7-2117. Conclusiveness of tax or assessment. In determining the proper and just tax or assessment to be levied against any land for district purposes, the finding of the board of commissioners of the district, in the absence of fraud or mistake ~~and subject to 15-10-420~~, are conclusive and final, except as otherwise provided in this part."

The levy has the same force and effect as though made by the board of commissioners of the district. This section applies only to irrigation districts having a bonded

indebtedness and actually in possession of a dependable water supply system and furnishing substantial amounts of water to bona fide users."

Section 14. Section 85-7-2136, MCA, is amended to read:

"85-7-2136. Collection of taxes or assessment. (1) ~~Subject to 15-10-420 and on~~ *On* or before the third Monday in August of each year, the board of commissioners shall furnish to the department of revenue a correct list of all the district lands in the county, together with the amount of the total taxes or assessments against the lands for district purposes. The department of revenue shall immediately upon receipt of the list enter the assessment roll in the property tax record of the county *subject to taxation or assessment under 85-7-2104* for each year.

(2) The county treasurer of each county in which any irrigation district is located, in whole or in part, shall collect and receipt for all taxes and assessments levied by the district, in the same manner and at the same time as is required in the collection of taxes upon real estate for county purposes as provided in 15-16-102. The treasurer shall receive from any taxpayer, at any time, the amount due on account of any district assessments of any kind, whether other taxes on the same real estate are paid or not.

(3) During the water delivery season, as determined by the irrigation district commissioners, the county treasurer shall make available to the board of commissioners of an irrigation district notice of the receipt of payments of district assessments by 9 a.m. on the day following receipt of those payments.

(4) If requested in writing by a board of commissioners of an irrigation district, the county treasurer may receive assistance from an employee of the irrigation district or a commissioner of the district for the purpose of collecting district assessments as provided in 15-16-102, investing district funds as directed by the board of commissioners of the district, and preparing district assessment notices.

(5) When any real estate on account of which the district taxes and assessments have been levied has been sold to the county and tax certificate of sale is held by the county, the taxpayer may pay to the treasurer at any time any semiannual installment of the district tax or assessment, together with the penalty and interest to date of payment on the installment. However, the payment may not be considered a redemption of the property from the tax sale but must be credited on account of any redemption that may be made. In case of any payment pursuant to this subsection, a separate tax receipt must be issued showing exactly what assessments have been paid and showing that no other tax on the real estate has been received by the treasurer. The county treasurer may not collect, receive, or receipt for any taxes levied for county purposes upon real estate situated wholly or in part within any irrigation district upon which an assessment for the purposes of the irrigation district has been levied unless the assessment levied for irrigation district purposes is either paid as permitted in this section and the receipt for the payment is presented to the county treasurer at the time the taxes are paid or paid at the time the irrigation district taxes are paid."

The tax incentive is available to a facility for the first 6 years from the date that the facility begins production. The facility shall file a business plan with the department at least 2 years before the estimated beginning date of production. (ii) result in the expansion of a business estimated to employ at least an additional 10 people in Montana on a permanent, full-time basis; or

(iii) prevent the elimination of the jobs of at least 10 Montana residents who are permanent, full-time employees of the business.

(b) Loans under this section may be made only to business enterprises that are producing or will produce value-added products or commodities.

(c) A loan made pursuant to this section does not qualify for a job credit interest rate reduction under 17-6-318.

(2) A loan made pursuant to this section may not exceed 1% of the coal severance tax permanent fund and must comply with each of the following requirements:

(a) (i) The business enterprise seeking a loan must have a cash equity position equal to at least 25% of the total loan amount.

(b) The board shall provide 75% of the total loan amount.

(c) The term of the loan may not exceed 15 years.

(ii) 4% for the first 5 years if 10 to 14 jobs are created or retained;

(iii) 6% for the second 5 years; and

(iv) the board's posted interest rate for the third 5 years, but not to exceed 10% a year.

(ii) In establishing interest rates under subsections (2)(d)(i) and (2)(d)(ii) for preventing the elimination of jobs, the board shall require the submission of financial data that allows the board to determine if the loan and interest rate will in fact prevent the elimination of jobs.

(f) If a business entitled to the interest rate in subsection (2)(d)(i) or (2)(d)(ii) reduces the number of required jobs, the board may apply a graduated scale to increase the interest rate, not to exceed the board's posted rate.

(g) For purposes of calculating job creation or retention requirements, the board shall use the state's average weekly wage, as defined in 39-71-116, multiplied by the number of jobs required. This calculated number is the minimum aggregate salary threshold that is required to be eligible for a reduced interest rate. If individual jobs created pay less than the state's average weekly wage, the borrower shall create more jobs to meet the minimum aggregate salary threshold. If fewer jobs are created or retained than required in subsection (2)(d)(i) or (2)(d)(ii) but aggregate salaries meet the minimum aggregate salary threshold, the borrower is eligible for the reduced interest rate. A job paying less than the minimum wage, provided for in 39-3-409, may not be included in the required number of jobs.

(h) (i) A participating private financial institution may charge interest in an amount equal to the national prime interest rate, adjusted on January 1 of each year, but the interest rate may not be less than 6% or greater than 12%.

(ii) At the borrower's discretion, the borrower may request the lead lender to change this prime rate to an adjustable or fixed rate on terms acceptable to the borrower and lender.

(iii) A participating private financial institution, or lead private financial institution if more than one is participating, may charge a 0.5% annual service fee.

(i) The business enterprise may not be charged a loan prepayment penalty.

(j) The loan agreement must contain provisions providing for pro rata lien priority and pro rata liquidation provisions based upon the loan percentage of the board and each participating private lender.

(3) If a portion of a loan made pursuant to this section is for construction, disbursement of that portion of the loan must be made based upon the percentage of completion to ensure that the construction portion of the loan is advanced prior to completion of the project.

(4) A private financial institution shall participate in a loan made pursuant to this section to the extent of 85% of its lending limit or 25% of the loan,

whichever is less. However, the board's participation in the loan must be 75% of the loan amount.

(5) (a) Except as provided in subsection (5)(b), a business enterprise receiving a loan under the provisions of this section may not pay bonuses or dividends to investors until the loan has been paid off, except that incentives may be paid to employees for achieving performance standards or goals.

(b) A business enterprise for the production of ~~alcohol~~ *ethanol* to be used as provided in Title 15, chapter 70, part 5, may pay dividends to investors and bonuses to employees if the business enterprise is current on its loan payments and has available funds equal to at least 15% of the outstanding principal balance of the loan.

(6) The board may adopt rules that it considers necessary to implement this section."

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 76-4-125, MCA, is amended to read:

(a) At any time after the developer has submitted an application under the Montana Subdivision and Platting Act, the developer shall present a subdivision application to the reviewing authority. The application must include preliminary plans and specifications for the proposed development, whatever information the developer feels necessary for its subsequent review, any public comments or summaries of public comments collected as provided in

76-3-604(6), and information required by the reviewing authority. Subdivision fees assessed by the reviewing authority must accompany the application. If the proposed development includes onsite sewage disposal facilities, the developer shall notify the designated agent of the local board of health prior to presenting the subdivision application to the reviewing authority. The agent may conduct a preliminary site assessment to determine whether the site meets applicable state and local requirements.

(b) Except as provided in 75-1-205(4) and 75-1-208(4)(b), the department shall make a final decision on the proposed subdivision within 60 days after the submission of a complete application and payment of fees to the reviewing authority unless an environmental impact statement is required, at which time this deadline may be increased to 120 days. The reviewing authority may not request additional information for the purpose of extending the time allowed for a review and final decision on the proposed subdivision. If the department approves the subdivision, the department shall issue a certificate of subdivision approval indicating that it has approved the plans and specifications and that the subdivision is not subject to a sanitary restriction.

(2) A subdivision excluded from the provisions of chapter 3 must be submitted for review according to the provisions of this part, except that the following divisions or parcels, unless the exclusions are used to evade the provisions of this part, are not subject to review:

(c) divisions made for purposes other than the construction of water supply or sewage and solid waste disposal facilities as the department specifies by rule;

(d) divisions located within jurisdictional areas that have adopted growth policies pursuant to chapter 1 or within first-class or second-class municipalities for which the governing body certifies, pursuant to 76-4-127, that adequate storm water drainage and adequate municipal facilities will be provided; and

(i) the remainder is served by a public or multiple-user sewage system approved before January 1, 1997, pursuant to local regulations or this chapter; or

(ii) the remainder is 1 acre or larger and has an individual sewage system ~~that was constructed~~ *serving a discharge source that was in existence* prior to April 29, 1993, and, if required when installed, *the system* was approved pursuant to local regulations or this chapter.

(3) Consistent with the applicable provisions of 50-2-116(1)(i), a local health officer may require that, prior to the filing of a plat or a certificate of survey subject to review under this part for the parcel to be segregated from the remainder referenced in subsection (2)(e)(ii), the remainder include acreage or features sufficient to accommodate a replacement drainfield."

[SB 237]

AN ACT ALLOWING PNEUMATIC SNOW TIRES WITH RETRACTABLE STUDS TO BE USED YEAR ROUND; AND AMENDING SECTION 61-9-406, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 61-9-406, MCA, is amended to read:

"61-9-406. Restrictions as to tire equipment — particular tires, chains, or traction equipment — definitions. (1) A solid rubber tire on a vehicle must have rubber on its entire traction surface at least 1 inch thick above the edge of the flange of the entire periphery.

(2) A person may not operate or move on a highway a motor vehicle, trailer, or semitrailer having a metal tire in contact with the roadway.

(3) A tire on a vehicle moved on a highway may not have on its periphery a block, stud, flange, cleat, ~~or~~ spike, or other protuberance of a material other than rubber that projects beyond the tread of the traction surface of the tire, except that it is permissible to use farm machinery with tires having protuberances that will not injure the highway. It is also permissible to use tire chains of reasonable proportions or pneumatic tires, the traction surfaces of which have been embedded with material, such as wood, wire, plastic or metal, that may not protrude more than one-sixteenth of an inch beyond the tire tread or that are clearly marked by the manufacturer on the sidewall "all season m&s" (or "all season mud and snow"), upon a vehicle when required for safety because of snow, ice, or other conditions tending to cause a vehicle to skid. ~~The~~ *Except as provided in subsection (4), the* use of pneumatic tires embedded as provided in this section is permitted only between October 1 and May 31 of each year, except that one of those tires may be used for a spare in case of tire failure. School buses equipped with such embedded pneumatic tires may operate from August 15 through the following June 15.

(4) Pneumatic tires that feature an embedded block, stud, flange, cleat, spike, or other protuberance that is retractable may be used at any time of the year. However, the protuberance may not be engaged or extended other than between October 1 and May 31 of each year on roads that do not contain ice or snow.

~~(4)~~*(5)* The department of transportation and local authorities, as defined in 61-8-102, in their respective jurisdictions may in their discretion issue special permits authorizing the operation upon a highway of farm tractors or other farm machinery or of traction engines or tractors having movable tracks with transverse corrugations upon the periphery of the movable tracks, the operation of which upon the highway would otherwise be prohibited under this section.

~~(5)~~*(6)* If the department of transportation determines at any time that dangerous or unsafe conditions on a highway require particular tires, tire chains, or traction equipment for vehicles in addition to or beyond the ordinary pneumatic rubber tires, the department may establish the following recommendations or requirements with respect to the use of the equipment for all vehicles using the highway:

(a) chains or other approved traction devices recommended for driver wheels;

(b) chains or other approved traction devices required for driver wheels; or

(c) chains required for driver wheels.

~~(6)~~*(7)* Equipment required by subsection ~~(5)(b)~~ *(6)(b)* or ~~(5)(c)~~ *(6)(c)* must conform to rules established by the department of justice.

~~(7)~~*(8)* The department of transportation shall place and maintain signs and other traffic control devices on a highway designated under subsection ~~(5)~~ *(6)* that indicate the tire, tire chain, or traction equipment recommendation or requirement determined for vehicles. The signs or traffic control devices may not prohibit the use of pneumatic tires embedded as provided in subsection (3) between October 1 and May 31 of each year, but when the department of transportation determines that chains are required and that no other traction equipment will suffice, the requirement is applicable to tires on driver wheels of one axle, as defined in 61-10-104, of a vehicle, including embedded tires. The

signs or traffic control devices may differentiate in recommendations or requirements for four-wheel-drive vehicles in gear.

~~(8)~~*(9)* As used in this section:

(a) "metal tire" means a tire the surface of which in contact with the highway is wholly or partly metal or other hard, nonresilient material; and

(b) "pneumatic tire" means a tire in which compressed air or nitrogen is designed to support the load."

(1) Pursuant to the public policy stated in 39-71-105, prompt claims handling practices are necessary to provide appropriate service to injured workers, to employers, and to providers who are the customers of the workers' compensation system.

(2) All workers' compensation and occupational disease claims filed pursuant to the Workers' Compensation Act must be examined by a claims examiner in Montana. For a claim to be considered as examined by a claims examiner in Montana, the claims examiner examining the claim is required to determine the entitlement to benefits, authorize payment of all benefits due, manage the claim, have authority to settle the claim, maintain an office located

in Montana, and examine Montana claims from that office. Use of a mailbox or maildrop in Montana does not constitute maintaining an office in Montana.

(3) An insurer shall maintain the documents related to each claim filed with the insurer under the Workers' Compensation Act at the Montana office of the claims examiner examining the claim in Montana until the claim is settled. The documents may be either original documents or duplicates of the original documents and must be maintained in a manner that allows the documents to be retrieved from that office and copied at the request of the claimant or the department. Settled claim files stored outside of the claims examiner's office must be made available within 48 hours of a request for the file. Electronic or optically imaged documents are permitted.

(4) (a) An insurer that uses a third-party agent to provide the insurer with claim examination services shall notify the department in writing of a change of a third-party agent at least 14 days in advance of the change.

(b) The department may assess a penalty not to exceed $200 against an insurer that does not comply with the advance notice provision in subsection (4)(a). The penalty may be assessed for each failure by an insurer to give the required advance notice.

~~(4)~~*(5)* An insurer shall provide to the claimant:

(a) a written statement of the reasons that a claim is being denied at the time of denial;

(b) whenever benefits requested by a claimant are denied, a written explanation of how the claimant may appeal an insurer's decision; and

(c) a written explanation of the amount of wage-loss benefits being paid to the claimant, along with an explanation of the calculation used to compute those benefits. The explanation must be sent within 7 days of the initial payment of the benefit.

~~(5)~~*(6)* An insurer shall:

(a) begin making payments that are due on a claim within 14 days of acceptance of the claim, unless the insurer promptly notifies the claimant that the insurer needs additional information in order to begin paying benefits and specifies the information needed; and

(b) pay settlements within 30 days of the date the department issues an order approving the settlement.

~~(6)~~*(7)* The department may adopt rules to implement this section.

~~(7)~~*(8)* (a) For purposes of this section, "settled claim" means a department-approved or court-ordered compromise of benefits between a claimant and an insurer or a claim that was paid in full.

(b) The term does not include a claim in which there has been only a lump-sum advance of benefits."

Section 2. Section 39-71-201, MCA, is amended to read:

"39-71-201. Administration fund. (1) A workers' compensation administration fund is established out of which are to be paid upon lawful appropriation all costs of administering the Workers' Compensation Act and the statutory occupational safety acts that the department is required to administer, with the exception of the certification of independent contractors provided for in Title 39, chapter 71, part 4, the subsequent injury fund provided for in 39-71-907, and the uninsured employers' fund provided for in 39-71-503.

The department shall collect and deposit in the state treasury to the credit of the workers' compensation administration fund:

(a) all fees and penalties provided in *39-71-107,* 39-71-205, 39-71-223, 39-71-304, 39-71-307, 39-71-315, 39-71-316, 39-71-401(6), 39-71-2204, 39-71-2205, and 39-71-2337; and

(b) all fees paid by an assessment of 3% of paid losses, plus administrative fines and interest provided by this section.

(2) For the purposes of this section, paid losses include the following benefits paid during the preceding calendar year for injuries covered by the Workers' Compensation Act without regard to the application of any deductible whether the employer or the insurer pays the losses:

(a) total compensation benefits paid; and

(b) except for medical benefits in excess of $200,000 for each occurrence that are exempt from assessment, total medical benefits paid for medical treatment rendered to an injured worker, including hospital treatment and prescription drugs.

(3) Each plan No. 1 employer, plan No. 2 insurer subject to the provisions of this section, and plan No. 3, the state fund, shall file annually on March 1 in the form and containing the information required by the department a report of paid losses pursuant to subsection (2).

(4) Each employer enrolled under compensation plan No. 1, compensation plan No. 2, or compensation plan No. 3, the state fund, shall pay a proportionate share of all costs of administering and regulating the Workers' Compensation Act and the statutory occupational safety acts that the department is required to administer, with the exception of the certification of independent contractors provided for in Title 39, chapter 71, part 4, the subsequent injury fund provided for in 39-71-907, and the uninsured employers' fund provided for in 39-71-503. In addition, compensation plan No. 3, the state fund, shall pay a proportionate share of these costs based upon paid losses for claims arising before July 1, 1990.

(5) (a) Each employer enrolled under compensation plan No. 1 shall pay an assessment to fund administrative and regulatory costs. The assessment is equal to 3% of the paid losses paid in the preceding calendar year by or on behalf of the plan No. 1 employer or $500, whichever is greater. Any entity, other than the department, that assumes the obligations of an employer enrolled under compensation plan No. 1 is considered to be the employer for the purposes of this section.

(b) An employer formerly enrolled under compensation plan No. 1 shall pay an assessment to fund administrative and regulatory costs. The assessment is equal to 3% of the paid losses paid in the preceding calendar year by or on behalf of the employer for claims arising out of the time when the employer was enrolled under compensation plan No. 1.

(c) Payment of the assessment provided for by this subsection (5) must be paid by the employer in:

(i) one installment due on July 1; or

(ii) two equal installments due on July 1 and December 31 of each year.

(d) If an employer fails to timely pay to the department the assessment under this section, the department may impose on the employer an administrative fine of $500 plus interest on the delinquent amount at the

annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(6) (a) Compensation plan No. 3, the state fund, shall pay an assessment to fund administrative and regulatory costs attributable to claims arising before July 1, 1990. The assessment is equal to 3% of the paid losses paid in the preceding calendar year for claims arising before July 1, 1990. As required by 39-71-2352, the state fund may not pass along to insured employers the cost of the assessment for administrative and regulatory costs that is attributable to claims arising before July 1, 1990.

(b) Payment of the assessment must be paid in:

(i) one installment due on July 1; or

(ii) two equal installments due on July 1 and December 31 of each year.

(c) If the state fund fails to timely pay to the department the assessment under this section, the department may impose on the state fund an administrative fine of $500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(7) (a) Each employer insured under compensation plan No. 2 or plan No. 3, the state fund, shall pay a premium surcharge to fund administrative and regulatory costs. The premium surcharge must be collected by each plan No. 2 insurer and by plan No. 3, the state fund, from each employer that it insures. The premium surcharge must be stated as a separate cost on an insured employer's policy or on a separate document submitted to the insured employer and must be identified as "workers' compensation regulatory assessment surcharge". The premium surcharge must be excluded from the definition of premiums for all purposes, including computation of insurance producers' commissions or premium taxes. However, an insurer may cancel a workers' compensation policy for nonpayment of the premium surcharge. When collected, assessments may not constitute an element of loss for the purpose of establishing rates for workers' compensation insurance but, for the purpose of collection, must be treated as a separate cost imposed upon insured employers.

(b) The amount to be funded by the premium surcharge is equal to 3% of the paid losses paid in the preceding calendar year by or on behalf of all plan No. 2 insurers and 3% of paid losses for claims arising on or after July 1, 1990, for plan No. 3, the state fund, plus or minus any adjustments as provided by subsection (7)(f). The amount to be funded must be divided by the total premium paid by all employers enrolled under compensation plan No. 2 or plan No. 3 during the preceding calendar year. A single premium surcharge rate, applicable to all employers enrolled in compensation plan No. 2 or plan No. 3, must be calculated annually by the department by not later than April 30. The resulting rate, expressed as a percentage, is levied against the premium paid by each employer enrolled under compensation plan No. 2 or plan No. 3 in the next fiscal year.

(c) On or before April 30 of each year, the department, in consultation with the advisory organization designated pursuant to 33-16-1023, shall notify plan No. 2 insurers and plan No. 3, the state fund, of the premium surcharge percentage to be effective for policies written or renewed annually on and after July 1 of that year.

(d) The premium surcharge must be paid whenever the employer pays a premium to the insurer. Each insurer shall collect the premium surcharge levied against every employer that it insures. Each insurer shall pay to the

department all money collected as a premium surcharge within 20 days of the end of the calendar quarter in which the money was collected. If an insurer fails to timely pay to the department the premium surcharge collected under this section, the department may impose on the insurer an administrative fine of $500 plus interest on the delinquent amount at the annual interest rate of 12%. Administrative fines and interest must be deposited in the workers' compensation administration fund.

(e) If an employer fails to remit to an insurer the total amount due for the premium and premium surcharge, the amount received by the insurer must be applied to the premium surcharge first and the remaining amount applied to the premium due.

(f) The amount actually collected as a premium surcharge in a given year must be compared to the 3% of paid losses paid in the preceding year. Any amount collected in excess of the 3% must be deducted from the amount to be collected as a premium surcharge in the following year. The amount collected that is less than the 3% must be added to the amount to be collected as a premium surcharge in the following year.

(8) On or before April 30 of each year, upon a determination by the department, an insurer under compensation plan No. 2 that pays benefits in the preceding calendar year but that will not collect any premium for coverage in the following fiscal year shall pay an assessment equal to 3% of paid losses paid in the preceding calendar year, subject to a minimum assessment of $500, that is due on July 1.

(9) An employer that makes a first-time application for permission to enroll under compensation plan No. 1 shall pay an assessment of $500 within 15 days of being granted permission by the department to enroll under compensation plan No. 1.

(10) The department shall deposit all funds received pursuant to this section in the state treasury, as provided in this section.

(11) The administration fund must be debited with expenses incurred by the department in the general administration of the provisions of this chapter, including the salaries of its members, officers, and employees and the travel expenses of the members, officers, and employees, as provided for in 2-18-501 through 2-18-503, incurred while on the business of the department either within or without the state.

(12) Disbursements from the administration fund must be made after being approved by the department upon claim for disbursement.

(13) The department may assess and collect the workers' compensation regulatory assessment surcharge from uninsured employers, as defined in 39-71-501, that fail to properly comply with the coverage requirements of the Workers' Compensation Act. Any amounts collected by the department pursuant to this subsection must be deposited in the workers' compensation administration fund."

Section 3. Section 39-71-415, MCA, is amended to read:

"39-71-415. Procedure for resolving disputes regarding independent contractor status. ~~(1) If an individual, employer, or insurer has a dispute as to whether an individual is an independent contractor or an employee, any party may, after mediation pursuant to department rules, petition the workers' compensation court for resolution of the dispute.~~

~~(2)~~*(1)* If a claimant and insurer have a dispute over benefits and the dispute involves an issue of whether the claimant is an independent contractor or employee, either party may, after mediation pursuant to department rules, petition the workers' compensation judge for resolution of the dispute in accordance with 39-71-2905.

~~(3)~~*(2) (a)* A dispute ~~between~~ *involving* an employer*, a worker,* ~~and~~ *or* the department *and* involving the issue of whether a worker is an independent contractor or an employee, but not involving workers' compensation benefits, must be brought before the independent contractor central unit of the department for resolution.

(b) (i) A decision of the independent contractor central unit is final unless a party dissatisfied with the decision ~~appeals by filing a petition with the workers' compensation court~~ *requests mediation pursuant to department rules* within ~~30~~ *15* days of the mailing of the decision by the independent contractor central unit.

(ii) At the conclusion of the mediation process, the mediator shall issue a report summarizing the status of the proceeding and shall mail a copy of the report to the parties.

(c) If after mediation the parties have not resolved their dispute concerning a worker's status as an independent contractor or an employee, a party may appeal the decision of the independent contractor central unit by filing a petition with the workers' compensation court within 30 days of the mailing of the mediator's report.

(d) An appeal from the independent contractor central unit to the workers' compensation court brought pursuant to this ~~part~~ *subsection (2)* is a new proceeding."

Section 4. Section 39-71-417, MCA, is amended to read:

"39-71-417. Independent contractor certification. (1) (a) A person who regularly and customarily performs services at a location other than the person's own fixed business location shall apply to the department for an independent contractor exemption certificate unless the person has elected to be bound personally and individually by the provisions of compensation plan No. 1, 2, or 3.

(b) A person who meets the requirements of this section and receives an independent contractor exemption certificate is not required to obtain a personal workers' compensation insurance policy.

(c) For the purposes of this section, "person" means a sole proprietor, a working member of a partnership, a working member of a limited liability partnership, or a working member of a member-managed limited liability company.

(2) The department shall adopt rules relating to an original application for or renewal of an independent contractor exemption certificate. The department shall adopt by rule the amount of the fee for an application or certificate renewal. The application or renewal must be accompanied by the fee.

(3) The department shall deposit the application or renewal fee in an account in the state special revenue fund to pay the costs of administering the program.

(4) (a) To obtain an independent contractor exemption certificate, the applicant shall swear to and acknowledge the following:

(i) that the applicant has been and will continue to be free from control or direction over the performance of the person's own services, both under contract and in fact; and

(ii) that the applicant is engaged in an independently established trade, occupation, profession, or business and will provide sufficient documentation of that fact to the department.

(b) For the purposes of subsection (4)(a)(i), an endorsement required for licensure, as provided in 37-47-303, does not imply or constitute control.

(5) An applicant for an independent contractor exemption certificate shall submit an application under oath on a form prescribed by the department and containing the following:

(a) the applicant's name and address;

(b) the applicant's social security number;

(c) each occupation for which the applicant is seeking independent contractor certification; and

(d) other documentation as provided by department rule to assist in determining if the applicant has an independently established business.

(6) The department shall issue an independent contractor exemption certificate to an applicant if the department determines that an applicant meets the requirements of this section.

(7) (a) When the department approves an application for an independent contractor exemption certificate and the person is working under the independent contractor exemption certificate, the person's status is conclusively presumed to be that of an independent contractor.

(b) A person working under an approved independent contractor exemption certificate has waived all rights and benefits under the Workers' Compensation Act and is precluded from obtaining benefits unless the person has elected to be bound personally and individually by the provisions of compensation plan No. 1, 2, or 3.

(c) For the purposes of the Workers' Compensation Act, a person is working under an independent contractor exemption certificate if:

(i) the person is performing work in the trade, business, occupation, or profession listed on the person's independent contractor exemption certificate; and

(ii) the hiring agent and the person holding the independent contractor exemption certificate do not have a written or an oral agreement that the independent contractor exemption certificate holder's status with respect to that hiring agent is that of an employee.

(8) Once issued, an independent contractor exemption certificate remains in effect for 2 years unless:

(a) suspended or revoked pursuant to 39-71-418; or

(b) canceled by the independent contractor.

(9) If the ~~department~~ *department's independent contractor central unit* denies an application for an independent contractor exemption certificate, the applicant may contest ~~the denial by petitioning the workers' compensation court within 30 days of the mailing of the denial~~ *that decision as provided in 39-71-415(2)*."

Section 5. Section 39-71-418, MCA, is amended to read:

"39-71-418. Suspension or revocation of independent contractor exemption certificate. (1) The department may suspend an independent contractor exemption certificate for a specific business relationship if the department determines that the employing unit exerts or retains a right of control to a degree that causes a certificate holder to violate the provisions of 39-71-417(4).

(2) The department may revoke an independent contractor exemption certificate after determining that the certificate holder:

(a) provided misrepresentations in the application affidavit or certificate renewal form;

(b) altered or amended the application form, the renewal application form, other supporting documentation required by the department, or the independent contractor exemption certificate; or

(c) failed to cooperate with the department in providing information relevant to the continued validity of the holder's certificate.

(3) A decision by the department to suspend or revoke an independent contractor exemption certificate takes effect upon issuance of the decision. Suspension or revocation of the independent contractor exemption certificate does not invalidate the certificate holder's waiver of the rights and benefits of the Workers' Compensation Act for the period prior to notice to the hiring agent by the department of the department's decision to suspend or revoke the independent contractor exemption certificate.

(4) A decision by the ~~department~~ *department's independent contractor central unit* to suspend or revoke an independent contractor exemption certificate may be ~~appealed~~ *contested* in the same manner as provided in ~~39-71-417(9) for denial of an application for an independent contractor exemption certificate~~ *39-71-415(2)*."

Section 6. Section 39-71-704, MCA, is amended to read:

"39-71-704. Payment of medical, hospital, and related services — fee schedules and hospital rates — fee limitation. (1) In addition to the compensation provided under this chapter and as an additional benefit separate and apart from compensation benefits actually provided, the following must be furnished:

(a) After the happening of a compensable injury and subject to other provisions of this chapter, the insurer shall furnish reasonable primary medical services for conditions resulting from the injury for those periods as the nature of the injury or the process of recovery requires.

(b) The insurer shall furnish secondary medical services only upon a clear demonstration of cost-effectiveness of the services in returning the injured worker to actual employment.

(c) The insurer shall replace or repair prescription eyeglasses, prescription contact lenses, prescription hearing aids, and dentures that are damaged or lost as a result of an injury, as defined in 39-71-119, arising out of and in the course of employment.

(d) (i) The insurer shall reimburse a worker for reasonable travel, lodging, meals, and miscellaneous expenses incurred in travel to a medical provider for treatment of an injury pursuant to rules adopted by the department.

Reimbursement must be at the rates allowed for reimbursement for state employees.

(ii) Rules adopted under subsection (1)(d)(i) must provide for submission of claims, within 90 days from the date of travel, following notification to the claimant of reimbursement rules, must provide procedures for reimbursement receipts, and must require the use of the least costly form of travel unless the travel is not suitable for the worker's medical condition. The rules must exclude from reimbursement:

(A) 100 miles of automobile travel for each calendar month unless the travel is requested or required by the insurer pursuant to 39-71-605;

(B) travel to a medical provider within the community in which the worker resides;

(C) travel outside the community in which the worker resides if comparable medical treatment is available within the community in which the worker resides, unless the travel is requested by the insurer; and

(D) travel for unauthorized treatment or disallowed procedures.

(iii) An insurer is not liable for injuries or conditions that result from an accident that occurs during travel or treatment, except that the insurer retains liability for the compensable injuries and conditions for which the travel and treatment were required.

(e) Pursuant to rules adopted by the department, an insurer shall reimburse a catastrophically injured worker's family or, if a family member is unavailable, a person designated by the injured worker or approved by the insurer for travel assistance expenditures in an amount not to exceed $2,500 to be used as a match to those funds raised by community service organizations to help defray the costs of travel and lodging expenses incurred by the family member or designated person when traveling to be with the injured worker. These funds must be paid in addition to any travel expenses paid by an insurer for a travel companion when it is medically necessary for a travel companion to accompany the catastrophically injured worker.

(f) Except for the repair or replacement of a prosthesis furnished as a result of an industrial injury, the benefits provided for in this section terminate when they are not used for a period of 60 consecutive months.

(g) Notwithstanding subsection (1)(a), the insurer may not be required to furnish, after the worker has achieved medical stability, palliative or maintenance care except:

(i) when provided to a worker who has been determined to be permanently totally disabled and for whom it is medically necessary to monitor administration of prescription medication to maintain the worker in a medically stationary condition;

(ii) when necessary to monitor the status of a prosthetic device; or

(iii) when the worker's treating physician believes that the care that would otherwise not be compensable under subsection (1)(g) is appropriate to enable the worker to continue current employment or that there is a clear probability of returning the worker to employment. A dispute regarding the compensability of palliative or maintenance care is considered a dispute over which, after mediation pursuant to department rule, the workers' compensation court has jurisdiction.

(h) Notwithstanding any other provisions of this chapter, the department, by rule and upon the advice of the professional licensing boards of practitioners affected by the rule, may exclude from compensability any medical treatment that the department finds to be unscientific, unproved, outmoded, or experimental.

(2) The department shall annually establish a schedule of fees for medical services ~~not provided at a hospital~~ that are necessary for the treatment of injured workers. Charges submitted by providers must be the usual and customary charges for nonworkers' compensation patients. The department may require insurers to submit information to be used in establishing the schedule. *Until the department adopts a fee schedule applicable to medical services provided by a hospital, insurers shall pay at the rate payable on June 30, 2007, for those services provided by the hospital. The rate must be adjusted by the annual percentage increase in the state's average weekly wage, as defined in 39-71-116, factoring in changes in the hospital's medical service charges.*

(3) (a) The department may establish by rule evidence-based utilization and treatment guidelines for primary and secondary medical services. There is a rebuttable presumption that the utilization and treatment guidelines established by the department are correct medical treatment for the injured worker.

(b) An insurer is not responsible for treatment or services that do not fall within the utilization and treatment guidelines adopted by the department unless the provider obtains prior authorization from the insurer.

(c) The department may establish by rule an independent medical review process for treatment or services denied by an insurer pursuant to this subsection (3) prior to mediation under 39-71-2401.

~~(3) (a) The department shall establish rates for hospital services necessary for the treatment of injured workers.~~

~~(b) Except as provided in subsection (3)(g), rates for services provided at a hospital must be the greater of:~~

~~(i) 69% of the hospital's January 1, 1997, usual and customary charges; or~~

~~(ii) the discount factor established by the department that was in effect on June 30, 1997, for the hospital. The discount factor for a hospital formed by the merger of two or more existing hospitals is computed by using the weighted average of the discount factors in effect at the time of the merger.~~

~~(c) Except as provided in subsection (3)(g), the department shall adjust hospital discount factors so that the rate of payment does not exceed the annual percentage increase in the state's average weekly wage, as defined in 39-71-116.~~

~~(d) The department may establish a fee schedule for hospital outpatient services rendered. The fee schedule must, in the aggregate, provide for fees that are equal to the statewide average discount factors paid to hospitals to provide the same or equivalent procedure to workers' compensation hospital outpatients.~~

~~(e) The discount factors established by the department pursuant to this subsection (3) may not be less than medicaid reimbursement rates.~~

~~(f)~~*(4)* For services available in Montana, insurers are not required to pay facilities located outside Montana rates that are greater than those allowed for services delivered in Montana.

~~(g) For a medical assistance facility or a critical access hospital licensed pursuant to Title 50, chapter 5, the rate for services is the usual and customary charge. Fees paid to a licensed medical assistance facility or critical access hospital are not subject to the limitation provided in subsection (4).~~

(5) For a medical assistance facility or a critical access hospital licensed pursuant to Title 50, chapter 5, the rate for services is the usual and customary charge. Fees paid to a licensed medical assistance facility or critical access hospital are not subject to the limitation provided in subsection (6).

~~(4)~~*(6)* The percentage increase in medical costs payable under this chapter may not exceed the annual percentage increase in the state's average weekly wage, as defined in 39-71-116.

~~(5)~~*(7)* Payment pursuant to reimbursement agreements between managed care organizations or preferred provider organizations and insurers is not bound by the provisions of this section.

~~(6)~~*(8)* ~~Disputes~~ *After mediation pursuant to department rules, disputes* between an insurer and a medical service provider regarding the amount of a fee for medical services must be resolved by a hearing before the department upon written application of a party to the dispute.

~~(7)~~*(9)* (a) After the initial visit, the worker is responsible for $25 of the cost of each subsequent visit to a hospital emergency department for treatment relating to a compensable injury or occupational disease.

(b) "Visit", as used in this subsection ~~(7)~~ *(9)*, means each time that the worker obtains services relating to a compensable injury or occupational disease from:

(i) a treating physician;

(ii) a physical therapist;

(iii) a psychologist; or

(iv) hospital outpatient services available in a nonhospital setting.

(c) A worker is not responsible for the cost of a subsequent visit pursuant to subsection ~~(7)(a)~~ *(9)(a)* if the visit is for treatment requested by an insurer."

Section 7. Section 39-71-727, MCA, is amended to read:

"39-71-727. Payment for prescription drugs — limitations. (1) For payment of prescription drugs, an insurer is liable only for the purchase of generic-name drugs if the generic-name product is the therapeutic equivalent of the brand-name drug prescribed by the physician, unless the generic-name drug is unavailable.

(2) If an injured worker prefers a brand-name drug, the worker may pay directly to the pharmacist the difference in the reimbursement rate between the brand-name drug and the generic-name product, and the pharmacist may bill the insurer only for the reimbursement rate of the generic-name drug.

(3) The pharmacist may bill only for the cost of the generic-name product on a signed itemized billing, except if purchase of the brand-name drug is allowed as provided in subsection (1).

(4) When billing for a brand-name drug, the pharmacist shall certify that the generic-name drug was unavailable.

(5) ~~Reimbursement rates payable by an insurer are limited to the average wholesale price of the product at the time of dispensing, plus a dispensing fee not~~

~~to exceed $5.50 per product.~~ *The department shall establish annually a schedule of fees for prescription drugs.*

(6) The pharmacist may not dispense more than a 30-day supply at any one time.

~~(7) For purposes of this section, average wholesale prices must be updated weekly.~~

~~(8)~~*(7)* For purposes of this section, the terms "brand name"~~, "drug product",~~ and "generic name" have the ~~same meaning as~~ *meanings* provided in 37-7-502.

~~(9)~~*(8)* An insurer may not require a worker receiving benefits under this chapter to obtain medications from an out-of-state mail service pharmacy.

~~(10)~~*(9)* The provisions of this section do not apply to an agreement between a preferred provider organization and an insurer."

Section 8. Section 39-71-1107, MCA, is amended to read:

"39-71-1107. Domiciliary care — requirements — evaluation. (1) Reasonable domiciliary care must be provided by the insurer:

(a) from the date the insurer knows of the employee's need for home medical services that results from an industrial injury;

(b) when the preponderance of credible medical evidence demonstrates that nursing care is necessary as a result of the accident and describes with a reasonable degree of particularity the nature and extent of duties to be performed;

(c) when the services are performed under the direction of the treating physician who, following a nursing analysis, prescribes the care on a form provided by the department;

(d) when the services rendered are of the type beyond the scope of normal household duties; and

(e) when subject to subsections (3) and (4), there is a means to determine with reasonable certainty the value of the services performed.

(2) When a worker suffers from a condition that requires domiciliary care, which results from the accident, and requires nursing care as provided for in Title 37, chapter 8, a licensed nurse shall provide the services.

(3) When a worker suffers from a condition that requires 24-hour care and that results from the accident but that requires domiciliary care other than as provided in Title 37, chapter 8, the care may be provided by a family member. The insurer's responsibility for reimbursement for the care is limited to no more than the daily statewide average medicaid reimbursement rate for the current fiscal year for care in a nursing home. The insurer is not responsible for respite care.

(4) Domiciliary care by a family member that is necessary for a period of less than 24 hours a day may not exceed the ~~prevailing hourly wage, and the~~ *hourly mean wage by area for home health aides, as published by the department in the most recent edition of the Montana Informational Wage Rates by Occupation and adopted annually by the department prior to January 1. The* insurer is not liable for more than 8 hours of care ~~per~~ *each* day *at the rate in effect at the time that the services are rendered*."

Section 9. Section 39-71-2106, MCA, is amended to read:

"39-71-2106. Requiring security of employer. (1) (a) The department, with the concurrence of the Montana self-insurers guaranty fund, may require any employer who elects to be bound by compensation plan No. 1 to provide a security deposit in accordance with rules adopted by the department. All securities of the United States treasury must be in book-entry form. The security deposit may be a surety bond, government bond, certificate of deposit, or letter of credit approved by the department and the Montana self-insurers guaranty fund. For the first 3 years of operating as a self-insured employer, the employer's security deposit must be the greater of:

(i) $250,000; or

(ii) an average of the workers' compensation liabilities incurred by the employer in Montana for the first 3 of the last 4 completed calendar years.

(b) The board is the sole authority under subsection (2)(a) in determining what constitutes full-time public service, subject to 19-2-403."

Section 3. Section 19-2-907, MCA, is amended to read:

"19-2-907. Alternate payees — family law orders — rulemaking. (1) A participant in a retirement system may have the participant's rights modified or recognized by a family law order.

(2) For purposes of this section:

(a) "family law order" means a judgment, decree, or order of a court of competent jurisdiction under Title 40 concerning child support, parental

support, spousal maintenance, or marital property rights that includes a transfer of all or a portion of a participant's payment rights in a retirement system to an alternate payee in compliance with this section; and

(b) "participant" means an identified person who is a member or an actual or potential beneficiary, survivor, or contingent annuitant of a retirement system or plan designated pursuant to Title 19, chapter 3, 5, 6, 7, 8, 9, 13, or 17.

(3) A family law order must identify a participant and an alternate payee by full name, current address, date of birth, and social security number. An alternate payee's rights and interests granted in compliance with this section are not subject to assignment, execution, garnishment, attachment, or other process. An alternate payee's rights or interests may be modified only by a family law order amending the family law order that established the right or interest.

(4) A family law order may not require:

(a) a type or form of benefit, option, or payment not available to the affected participant under the appropriate retirement system or plan; or

(b) an amount or duration of payment greater than that available to a participant under the appropriate retirement system or plan.

(5) With respect to a defined benefit plan, a family law order may provide for payment to an alternate payee only as follows:

(a) Retirement benefit payments or refunds may be apportioned by directing payment of either a percentage of the amount payable or a fixed amount of no more than the amount payable to the participant. Payments to an alternate payee may be limited to a specific amount each month if the number of payments is specified.

(b) The maximum amount of disability or survivorship benefits that may be ~~apportioned~~ *paid* to alternate payees is the monthly benefit amount that would have been payable on the date of termination of service if the member had retired without disability or death. *The maximum amount paid may be zero, depending on the member's age and service credit at the time of disability or death.* Conversion of a disability retirement to a service retirement pursuant to 19-2-406(4), 19-3-1015(2), 19-6-612(2), or 19-8-712(2) does not increase the maximum monthly amount that may be ~~apportioned~~ *paid* to an alternate payee.

(c) Retirement benefit adjustments for which a participant is eligible after retirement may be ~~apportioned~~ *paid* as a percentage only if existing benefit payments are ~~apportioned~~ *paid* as a percentage. The adjustments must be ~~apportioned~~ *paid* as a percentage in the same ratio as existing benefit payments.

(d) The participant may be required to choose a specified form of benefit payment or designate a beneficiary or contingent annuitant if the retirement system or plan allows for that option.

(6) With respect to a defined contribution plan, a family law order may provide for payment to an alternate payee only as follows:

(a) The vested account of the participant may be apportioned by directing payment of either a percentage or a fixed amount. The total amount ~~apportioned~~ *paid* may not exceed the amount in the participant's vested account. The alternate payee may receive the payment only as a direct payment, rollover, or transfer. A new account may be established for an alternate payee, but money in the account must be totally disbursed to the alternate payee as soon as feasible upon the participant's termination of service or death.

(b) If the participant is receiving periodic payments or an annuity provided under the plan, those payments may be apportioned as a percentage of the amount payable to the participant. Payments to the alternate payee may be limited to a specific amount each month if the number of payments is specified. Payments may not total more than the amount payable to the payee.

(7) The duration of monthly payments ~~apportioned~~ *paid* from a defined benefit or defined contribution plan participant to an alternate payee may not exceed the lifetime of the appropriate participant. The duration of the monthly payments may be further limited only to a specified maximum time, the life of the alternate payee, or the life of another specified participant. The alternate payee's rights and interests survive the alternate payee's death and may be transferred by inheritance.

(8) The board may assess a participant or an alternate payee for all costs of reviewing and administering a family law order, including reasonable attorney fees. The board may adopt rules to implement this section.

(9) Each family law order establishing a final obligation concerning payments by the retirement system must contain a statement that the order is subject to review and approval by the board.

(10) The board shall adopt rules to provide for the administration of family law orders."

Section 4. Section 19-2-908, MCA, is amended to read:

"19-2-908. Time of commencement of benefit — rulemaking. (1) (a) The board shall grant a benefit to any active or inactive member who is vested, or the member's statutory or designated beneficiary, who has fulfilled all eligibility requirements, terminated service, and filed the appropriate written application with the board. However, the board may, on its own accord and without a written application, begin benefit payments to a member or beneficiary in order to comply with section 401(a)(9) of the Internal Revenue Code.

(b) If an elected official's term of office expires before the 15th day of the month, the official may elect that service retirement benefits from a defined benefit plan commence on the first day of the month following the official's last full month in office. An official electing this option shall file a written application with the board. An official electing this option may not earn membership service, service credit, or compensation for purposes of calculating highest average compensation or final average compensation, as defined under the provisions of the appropriate retirement system, in the partial month ending the official's term, and compensation earned in that partial month is not subject to employer or employee contributions.

(3) *(a)* ~~The~~ *Subject to the provisions of subsection (3)(b), the* disability retirement benefit payable to a member must commence on the day following the member's termination from employment.

The guaranteed annual benefit adjustment begins on January 1 of the year after the member has received an amount equal to or greater than 12 months of disability benefit payments.

(4) Monthly survivorship benefits from a defined benefit plan must commence on the day following the death of the member.

(5) Estimated and finalized benefit payments must be issued as provided in rules adopted by the board.

(6) With respect to the defined contribution plan, the board shall adopt rules regarding the commencement of benefits that are consistent with applicable provisions of the Internal Revenue Code and its implementing regulations."

(b) an amount or duration of payment greater than that available to a participant under the appropriate retirement system or plan.

(4) An execution or income-withholding order applied to a defined benefit retirement plan may provide for payment only as follows:

(b) The maximum amount of disability or survivorship benefits that may be ~~apportioned and~~ paid under this section is the monthly benefit amount that would have been payable on the date of termination of service if the member had retired without disability or death. *The maximum amount paid may be zero, depending on the member's age and service credit at the time of disability or death.*

(c) Retirement benefit adjustments for which a participant is eligible after retirement may be apportioned only if existing benefit payments are apportioned. The adjustments must be apportioned in the same ratio as existing benefit payments.

A new account may be established for an alternate payee, but money in the account must be totally disbursed to the alternate payee as soon as feasible upon the participant's termination of service or death.

(2) (a) An inactive member of the defined benefit plan with at least 5 years of membership service is an inactive vested member and retains the right to purchase service credit and to receive a service retirement benefit subject to the provisions of this chapter.

(b) If an inactive vested member of the defined benefit plan chooses to take a lump-sum payment rather than a retirement benefit, the lump-sum payment consists of only the member's accumulated contributions and not the employer's contributions.

(3) (a) An inactive member of the defined benefit plan with less than 5 years of membership service is an inactive nonvested member and is not eligible for any benefits from the retirement plan.

(b) An inactive nonvested member of the defined benefit plan is eligible only for a refund of the member's accumulated contributions.

(4) Except as otherwise provided in this chapter, a member of either the defined benefit plan or the defined contribution plan is an active member of the system and is not eligible for a refund of contributions or for benefit payments if the member either:

(b) If, after a break in service of 30 days or more, an employee who was employed in an optional membership position is reemployed in the same position or is employed in a different position for which membership is optional, the employee shall again choose or decline membership.

(c) If the break in service is less than 30 days, an employee who declined membership is bound by the employee's original decision to decline membership.

(9) An employee accepting a position that requires membership ~~shall~~ *must* become a member even if the employee previously declined membership and did not have a 30-day break in service."

Section 8. Section 19-3-510, MCA, is amended to read:

"19-3-1106. Limited reemployment — reduction of service retirement benefit upon exceeding limits — exceptions. (1) A retired member under 65 years of age who is receiving a service retirement benefit or early retirement benefit may return to employment covered by the retirement system for a period not to exceed 960 hours in any calendar year without returning to active service and without any effect to the retiree's retirement benefit. The retirement benefit for any retiree exceeding this 960-hour limitation in any calendar year after retirement must be temporarily reduced $1 for each $1 earned after working 960 hours in that calendar year.

(2) A retiree 65 years of age or older who returns to employment covered by the retirement system is either subject to the 960-hour limitation of subsection (1) or may earn in any calendar year an amount that, when added to the retiree's current annual retirement benefits, will not exceed the member's annualized highest average compensation, adjusted for inflation as of January 1 of the current calendar year, whichever limitation provides the higher limit on earned compensation to the retiree. Upon reaching the applicable limitation, the

retiree's benefits must be temporarily reduced $1 for each $1 of compensation earned in service beyond the applicable limitation during that calendar year.

(3) A retiree returning to employment covered by the retirement system and the returning employee's employer shall certify to the board the number of hours worked by the retiree and the gross compensation paid to the retiree in that employment during any month after retirement.

(3) (a) If the designated beneficiary is a minor, the custodian designated in 19-2-803 may, on the minor's behalf, file a written application with the board.

(b) If an application is not filed on the minor's behalf and no payment has been made, the designated beneficiary may file a written application upon reaching the age of majority. (b) A member failing to make an election prescribed by this section remains a member of the defined benefit plan.

(c) An election under this section, including the default election pursuant to subsection (2)(b), is a one-time irrevocable election. (6) A member of the defined benefit plan who is subject to a family law order pursuant to 19-2-907 or an execution or income-withholding order pursuant to 19-2-909 may not transfer to the defined contribution plan unless the order is modified to apply under the defined contribution plan.

The lump-sum payment, unless made by a rollover pursuant to 19-2-708, must be made with after-tax dollars.

(c) If a member who files an election to transfer membership fails to complete or terminate the contract for purchase of service credit by the end of the member's 12-month election window, the board shall terminate the service purchase contract and credit the member with the prorated amount of service credit purchased under the contract."

(c) A member failing to make an election prescribed by this section remains a member of the defined benefit plan.

(d) An election under this section, including the default election pursuant to subsection (2)(c), is a one-time irrevocable election. (e) A member in either the defined benefit plan or the optional retirement program who becomes inactive after an election under this section and who returns to active membership remains in the plan previously elected.

(f) Except as provided in subsection (2)(g), a university employee in a position covered under the system may not simultaneously be a member of more than one retirement plan under chapters 3 and 21 of this title, but must be a member of the defined benefit plan, the defined contribution plan, or the optional retirement program as provided by applicable provisions of this title. The same period of service may not be credited in more than one retirement system or plan.

(g) A university system employee who is or has been a member of the optional retirement program and returns to or accepts covered employment other than with the university system may make an election pursuant to 19-3-2111. That election is valid only for covered employment other than with the university system.

(h) The provisions of this part do not prohibit the board from adopting rules to allow an eligible employee to elect the optional retirement program from the first day of covered employment.

(i) A member of the defined benefit plan who is subject to a family law order pursuant to 19-2-907 or an execution or income-withholding order pursuant to 19-2-909 may not transfer to the optional retirement program unless the order is modified to apply under the optional retirement program.

A person who has purchased a conservation license and a resident fishing license or game bird license for a particular license year and who is subsequently certified as disabled is entitled to a refund for the fishing license or game bird license previously purchased for that license year. A person who is certified as disabled pursuant to subsection (3) and who was issued a permit to hunt from a vehicle for license year 2000 or a subsequent license year is automatically entitled to a permit to hunt from a vehicle for subsequent license years if the criteria for obtaining a permit does not change.

(2) A resident of Montana who is certified as disabled by the department and who is not residing in an institution may purchase a Class A-3 deer A tag for $6.50 and a Class A-5 elk tag for $8. A person who has purchased a conservation license and a resident deer license or resident elk license for a particular license year and who is subsequently certified as disabled is entitled to a refund for the deer license or elk license previously purchased and reissuance of the license for that license year at the rate established in this subsection.

(3) A person may be certified as disabled by the department and issued a permit to hunt from a vehicle, on a form prescribed by the department, if the person establishes one or more of the disabilities pursuant to subsection (9). ~~The department shall adopt rules to establish a voluntary board or boards of review to resolve any disputes over whether a person meets the criteria established in subsection (9). Each board must have at least one Montana-licensed physician as a member.~~

(4) A person with a disability carrying a permit to hunt from a vehicle, referred to in this subsection as a permitholder, may hunt by shooting a firearm from the shoulder, berm, or barrow pit right-of-way of a public highway, as defined in 61-1-101, except a state or federal highway, or may hunt by shooting a firearm from within a self-propelled or drawn vehicle that is parked on a shoulder, berm, or barrow pit right-of-way in a manner that will not impede traffic or endanger motorists or that is parked in an area, not a public highway, where hunting is permitted. This subsection does not allow a permitholder to shoot across the roadway of any public highway or to hunt on private property without permission of the landowner. A permitholder must have a companion to assist in immediately dressing any killed game animal. The companion may also assist the permitholder by hunting a game animal that has been wounded by the permitholder when the permitholder is unable to pursue and kill the wounded game animal. Any vehicle from which a permitholder is hunting must be conspicuously marked with an orange-colored international symbol of persons with disabilities on the front, rear, and each side of the vehicle, or as prescribed by the department.

(6) (a) A resident of Montana who is certified by the department as experiencing blindness, as defined in 53-7-301, may be issued a lifetime fishing license for the blind upon payment of a one-time fee of $10. The license is valid for the lifetime of the blind individual and allows the licensee to fish as authorized by department rule. An applicant for a license under this subsection need not obtain a wildlife conservation license as a prerequisite to licensure.

(b) A person who is certified by the department as experiencing blindness, as defined in 53-7-301, may be issued regular resident deer and elk licenses, in the manner provided in subsection (2), and must be accompanied by a companion, as provided in subsection (4).

(7) The department shall adopt rules to establish the qualifications that a person must meet to be a companion and may adopt rules to establish when a companion can be a designated shooter for a disabled person.

(8) As used in this section, "disabled person", "person with a disability", or "disabled" means or refers to a person experiencing a condition medically determined to be permanent and substantial and resulting in significant impairment of the person's functional ability.

Section 2. Placement of security freeze. A consumer may elect to place a security freeze on the consumer's own credit report by making a request:

(1) in writing by regular or certified mail to a consumer reporting agency at an address designated by the consumer reporting agency to receive the request; or

(4) A consumer reporting agency may not suggest or otherwise state or imply to a third party that the consumer's security freeze reflects a negative credit score, history, report, or rating.

Section 4. Temporary lifting of security freeze — consumer requirements — consumer reporting agency duties — notification. (1) A consumer who wishes to allow access to the consumer's own credit report by a specific party or for a specific period of time while a security freeze is in place shall contact each consumer reporting agency, using a point of contact designated by the consumer reporting agency by regular or certified mail, telephone, or a secure electronic connection, request that the security freeze be temporarily lifted, and provide all of the following:

(c) For the purposes of this section, "normal business hours" means from 6 a.m. to 9:30 p.m., mountain standard time or mountain daylight time, seven days a week, excluding holidays.

(b) develop procedures to implement this section by January 31, 2009, involving the use of telephone, telefax, or electronic connection, using a process for legally required notices provided for in the Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001.

(2) When a consumer reporting agency removes a security freeze as provided in subsection (1)(b), the consumer reporting agency shall notify the consumer in writing at least 5 business days prior to removing the security freeze on the credit report.

Section 6. Third-party contacts. If a third party not enumerated in [section 9(1)] requests for the purpose of an application access to a credit report on which a security freeze is in effect and the consumer has not provided a temporary lifting of a security freeze for that specific party or a period of time, the third party may treat the application as incomplete.

Section 7. Security freeze removal procedure. (1) A security freeze must remain in place until the consumer requests that the security freeze be removed or temporarily lifted as provided in [section 4].

(2) After receiving a request from the consumer to remove a security freeze, a consumer reporting agency shall remove the security freeze within 3 business days of receiving a removal request at the point of contact designated by the consumer reporting agency if the consumer provides the following:

Have the Right to Obtain a Security Freeze

You may obtain a security freeze on your credit report to protect your privacy and ensure that credit is not granted in your name without your knowledge. You have a right to place a security freeze on your credit report pursuant to Montana law.

The security freeze will prohibit a consumer reporting agency from releasing any information in your credit report without your express authorization or approval.

The security freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. When you place a security freeze on your credit report, within 5 business days you will be provided a personal identification number, password, or other device to use if you choose to remove the security freeze on your credit report or to temporarily authorize the release of your credit report for a specific party, parties, or period of time after the security freeze is in place. To provide that authorization, you shall contact the consumer reporting agency and provide all of the following:

(1) the unique personal identification number, password, or other device provided by the consumer reporting agency;

(2) the proper identification to verify your identity;

(3) the proper information regarding the third party or parties who are to receive the credit report or the period of time for which the credit report is to be available to users of the credit report; and

(4) a fee, if applicable.

A consumer reporting agency that receives a request from a consumer to temporarily lift a security freeze on a credit report shall comply no later than 3 business days after receiving the request or, after January 31, 2009, within 15 minutes of receiving a request by telephone or through a secure electronic connection.

A security freeze does not apply to circumstances in which you have an existing account relationship and a copy of your credit report is requested by your existing creditor or its agents or affiliates for certain types of account review, collection, fraud control, or similar activities.

You have a right to bring a civil action against someone who violates your rights under the credit reporting laws. The action may be brought against a consumer reporting agency or a user of your credit report.

Section 9. Exceptions — exemptions. (1) The provisions of [sections 1 through 8] and [section 10] do not apply to the following for the purposes of accessing or using a credit report:

(a) a person or the person's subsidiary, affiliate, agent, or assignee with which the consumer has, or prior to assignment had, an account, contract, or debtor-creditor relationship when using a credit report for the purposes of

reviewing the account or collecting the financial obligation owing for the account, contract, or debt;

(d) any federal, state, or local agency that administers a program for establishing and enforcing child support obligations;

(k) a consumer reporting agency for its database or file that consists entirely of information concerning, and used solely for, one or more of the following: criminal record information, tenant screening, employment screening, fraud prevention or detection, or personal loss history information.

(2) The following entities are exempt from placing a security freeze on a credit report:

(a) a check services company or fraud prevention services company that issues reports on incidents of fraud or authorizations for the purpose of approving or processing negotiable instruments, electronic fund transfers, or similar methods of payments;

(b) a deposit account information service company that issues reports regarding account closures because of fraud, substantial overdrafts, ATM abuse, or similar negative information regarding a consumer to inquiring banks or other financial institutions for use only in reviewing a consumer request for a deposit account at the inquiring bank or financial institution; or

(c) a consumer reporting agency that acts only as a reseller of credit information by assembling and merging information contained in the database of another consumer reporting agency or multiple consumer reporting agencies and that does not maintain a permanent database of credit information from which new credit reports are produced. However, a consumer reporting agency acting as a reseller shall honor any security freeze placed on a credit report by another consumer reporting agency.

(a) any actual damages sustained by the consumer as a result of the failure or damages of not less than $100 and not more than $1,000; or

(1) The issue of the defendant's fitness to proceed may be raised by the court, by the defendant or the defendant's counsel, or by the prosecutor. When the issue is raised, it must be determined by the court. If neither the prosecutor nor the defendant's counsel contests the finding of the report filed under 46-14-206, the court may make the determination on the basis of the report. If the finding is contested, the court shall hold a hearing on the issue. If the report is received in evidence upon the hearing, the parties have the right to subpoena and cross-examine the psychiatrists or licensed clinical psychologists who joined in the report and to offer evidence upon the issue.

(2) (a) If the court determines that the defendant lacks fitness to proceed, the proceeding against the defendant must be suspended, except as provided in subsection (4), and the court shall commit the defendant to the custody of the director of the department of public health and human services to be placed in an appropriate mental health facility, as defined in 53-21-102, or residential facility, as defined in 53-20-102, of the department of public health and human services for so long as the unfitness endures or until disposition of the defendant is made pursuant to this section, whichever occurs first.

(3) (a) The committing court shall, within 90 days of commitment, review the defendant's fitness to proceed. If the court finds that the defendant is still unfit to proceed and that it does not appear that the defendant will become fit to proceed within the reasonably foreseeable future, the proceeding against the defendant must be dismissed, except as provided in subsection (4).

(b) If the court determines that the defendant lacks fitness to proceed because the defendant has a mental disorder, the proceeding against the defendant must be dismissed and the prosecutor shall petition the court in the manner provided in Title 53, chapter 21, to determine the disposition of the defendant pursuant to those provisions.

(c) If the court determines that the defendant lacks fitness to proceed because the defendant has a developmental disability as defined in 53-20-102, the proceeding against the defendant must be dismissed and the prosecutor

shall petition the court in the manner provided in Title 53, chapter 20, to determine the disposition of the defendant pursuant to those provisions.

(4) The fact that the defendant is unfit to proceed does not preclude any legal objection to the prosecution that is susceptible to fair determination prior to trial and that is made without the personal participation of the defendant.

(5) ~~The~~ *Except as provided in subsection (6), the* expenses of ~~sending~~ *transporting* the defendant to the custody of the director of the department of public health and human services to be placed in an appropriate facility of the department of public health and human services, of ~~keeping the defendant there~~ *the care, custody, and treatment of the defendant at the facility*, and of ~~bringing~~ *transporting* the defendant back are payable by the *court or, in district court proceedings, by the* office of court administrator ~~as a district court expense as provided for in 3-5-901~~.

AN ACT CRIMINALIZING SUBJECTING ANOTHER TO INVOLUNTARY SERVITUDE AND TRAFFICKING IN PERSONS FOR INVOLUNTARY SERVITUDE; PROVIDING PENALTIES; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

WHEREAS, the Legislature recognizes that there is a phenomenon of modern-day slavery, often termed "trafficking in persons", in which traffickers use coercive tactics to obtain and maintain the labor and services of their victims; and

WHEREAS, the Legislature is concerned that the disparate parts of the criminal code may not be clear as to their application to the phenomenon of trafficking in persons and may not reflect current understanding of slavery and trafficking in persons; and

CHAPTER NO. 152

[HB 409]

AN ACT PROHIBITING CERTAIN UNFAIR PRACTICES BY MOTORSPORTS VEHICLE MANUFACTURERS; DEFINING "MOTORSPORTS VEHICLE"; AND PROVIDING FOR INJUNCTIVE RELIEF AND DAMAGES.

Be it enacted by the Legislature of the State of Montana:

Section 1. Definitions. As used in [sections 1 through 3], the following definitions apply:

(1) "Actual price" means the price to be paid by the dealer less any incentive paid by the manufacturer, whether paid to the dealer or the ultimate purchaser of the motorsports vehicle.

(2) "Control" or "controlling" means:

(a) the possession of, title to, or control of 10% or more of the voting equity interest in a person, whether directly or indirectly through a fiduciary, agent, or other intermediary; or

(b) the possession, direct or indirect, of the power to direct or cause the direction of the management or policies of a person, whether through the ownership of voting securities, through director control, by contract, or otherwise, except as expressly provided under the franchise agreement.

(3) "Line-make" means a type of motorsports vehicle produced by a manufacturer.

(4) "Motorsports vehicle" means a personal watercraft as defined in 23-2-502, a snowmobile as defined in 23-2-601, a motorcycle as defined in 61-1-101, a motor-driven cycle as defined in 61-1-101, or a quadricycle as defined in 61-1-101.

(5) "Operate" means to manage a dealership, whether directly or indirectly.

(6) "Own" or "ownership" means to hold the beneficial ownership of 1% or more of any class of equity interest in a dealership, whether the interest is that of a shareholder, partner, limited liability company member, or otherwise. To hold an ownership interest means to have possession of, title to, or control of the ownership interest, whether directly or indirectly through a fiduciary, agent, or other intermediary.

(7) "Person" has the meaning provided in 30-14-102.

Section 2. Unfair trade practices — relationship between motorsports vehicle manufacturers and dealers. In addition to the prohibited practices provided for in 61-4-208 and notwithstanding the terms of a franchise agreement, a manufacturer, distributor, factory branch, or factory representative or an agent, officer, parent company, wholly or partially owned subsidiary, affiliated entity, or other person controlled by or under common control with a manufacturer, distributor, factory branch, or factory representative may not:

(1) discriminate between dealers by selling or offering to sell a like motorsports vehicle to one dealer at a lower actual price than the actual price offered to another dealer for the same model similarly equipped;

(2) discriminate between dealers by selling or offering to sell parts or accessories to one dealer at a lower actual price than the actual price offered to another dealer;

(3) discriminate between dealers by using a promotion plan, marketing plan, allocation plan, flooring assistance plan, or other similar device that results in a lower actual price on vehicles, parts, or accessories being charged to one dealer over another dealer;

(4) discriminate between dealers by adopting a method or changing an existing method for the allocation, scheduling, or delivery of new motorsports

vehicles, parts, or accessories to its dealers that is not fair, reasonable, and equitable. Upon the request of a dealer, a manufacturer shall disclose in writing to the dealer the method by which new motorsports vehicles, parts, and accessories are allocated, scheduled, or delivered to its dealers handling the same line or make of vehicles.

(5) give preferential treatment to some dealers over others by refusing or failing to deliver, in reasonable quantities and within a reasonable time after receipt of an order, to a dealer holding a franchise for a line or make of motorsports vehicles sold or distributed by the manufacturer a new vehicle, parts, or accessories, if the motorsports vehicle, parts, or accessories are being delivered to other dealers, or require a dealer to purchase unreasonable advertising displays or other materials or unreasonably require a dealer to remodel or renovate existing facilities as a prerequisite to receiving a model or series of vehicles;

(6) except as provided in 61-4-208(3)(b) or (3)(c), compete with a dealer by acting in the capacity of a dealer or by owning, operating, or controlling, whether directly or indirectly, a dealership in this state;

(7) compete with a dealer by owning, operating, or controlling, whether directly or indirectly, a service facility in this state for the repair or maintenance of motorsports vehicles under the manufacturer's new motorsports vehicle warranty and extended warranty. However, a manufacturer may own or operate a service facility for the purpose of providing or performing maintenance, repair, or service work on motorsports vehicles that are owned by the manufacturer.

(8) use confidential or proprietary information obtained from a dealer to unfairly compete with the dealer without the prior written consent of the dealer. For purposes of this subsection, "confidential or proprietary information" means trade secrets as defined in 30-14-402 and includes business plans, marketing plans or strategies, customer lists, contracts, sales data, revenue, or other financial information.

(9) coerce, threaten, intimidate, or require, either directly or indirectly, a dealer to accept, buy, or order any motorsports vehicle, part, accessory, or any other commodity or service not voluntarily ordered or requested or to buy, order, or pay anything of value for the items in order to obtain a motorsports vehicle, part, accessory, or other commodity that has been voluntarily ordered or requested;

(10) coerce, threaten, intimidate, or require, either directly or indirectly, a dealer to enter into any agreement that violates this chapter;

(11) require a change in capital structure or means of financing for the dealership if the dealer at all times meets the reasonable, written, and uniformly applied capital standards determined by the manufacturer;

(12) prevent or attempt to prevent a dealer from making reasonable changes in the capital structure of a dealership or the means by which the dealership is financed if the dealer meets the reasonable, written, and uniformly applied capital requirements determined by the manufacturer;

(13) unreasonably require the dealer to change the location or require any substantial alterations to the place of business;

(14) condition a renewal or extension of the franchise on the dealer's substantial renovation of the existing place of business or on the construction, purchase, acquisition, or re-lease of a new place of business unless written

notice is first provided 180 days before the date of renewal or extension and the manufacturer demonstrates the reasonableness of the requested actions. The manufacturer shall agree to supply the dealer with an adequate quantity of motorsports vehicles, parts, and accessories to meet the sales level necessary to support the overhead resulting from substantial construction, acquisition, or lease of a new place of business.

(15) coerce, threaten, intimidate, or require, either directly or indirectly, a dealer to order or accept delivery of a motorsports vehicle with special features, accessories, or equipment not included in the list price of the vehicle as advertised by the manufacturer, except items:

(a) that have been voluntarily requested or ordered by the dealer; and

(b) required by law;

(16) fail to hold harmless and indemnify a dealer against losses, including lawsuits and court costs, arising from:

(a) the manufacture or performance of a motorsports vehicle, part, or accessory if the lawsuit involves representations by the manufacturer on the manufacture or performance of a motorsports vehicle without negligence on the part of the dealer;

(b) damage to merchandise in transit where the manufacturer specifies the carrier;

(c) the manufacturer's failure to jointly defend product liability suits concerning the motorsports vehicle, part, or accessory provided to the dealer; or

(d) any other act performed by the manufacturer;

(17) unfairly prevent or attempt to prevent a dealer from receiving reasonable compensation for the value of a motorsports vehicle;

(18) fail to pay to a dealer, within a reasonable time after receipt of a valid claim, a payment agreed to be made by the manufacturer on grounds that a new motorsports vehicle or a prior year's model is in the dealer's inventory at the time of introduction of new model motorsports vehicles;

(19) deny a dealer the right of free association with any other dealer for any lawful purpose;

(20) charge increased prices without having given written notice to the dealer at least 15 days before the effective date of the price increases;

(21) permit factory authorized warranty service to be performed upon motorsports vehicles or accessories by persons other than their franchised dealers;

(22) require or coerce a dealer to sell, assign, or transfer a retail sales installment contract or require the dealer to act as an agent for a manufacturer in the securing of a promissory note, a security agreement given in connection with the sale of a motorsports vehicle, or a policy of insurance for a motorsports vehicle. The manufacturer may not condition delivery of any motorsports vehicle, parts, or accessories upon the dealer's assignment, sale, or other transfer of sales installment contracts to specific finance companies.

(23) require or coerce a dealer to grant a manufacturer a right of first refusal or other preference to purchase the dealer's franchise or place of business, or both;

(24) deny a dealer the right of lawfully selling or offering to sell motorsports vehicles in another country;

(25) require a dealer to accept delivery of a number or percentage of motorsport vehicles during a specific period of a sales order;

(26) use a manufacturer order or allocation formula that is not based on actual local area sales and local area market data;

(27) require a dealer to maintain an inventory in excess of the inventory needed for period of 90 days; or

(28) require that any arbitration proceedings or legal action between the parties take place in a venue other than the state of Montana.

Section 3. Injunction — damages — venue. (1) A person who is injured by a violation of [section 2] may maintain an action to enjoin a continuance of an act in violation of [section 2] and to recover damages. A court, upon finding that the defendant is violating or has violated the provisions of [section 2], shall enjoin the defendant from continuing the violation. It is not necessary to allege or prove actual damages to the plaintiff.

(2) In addition to injunctive relief, the plaintiff may recover from the defendant three times the amount of actual damages sustained plus attorney fees and costs of suit.

(3) The proper place for trial of an action based on a claim of a violation of [section 2] is the district court for Lewis and Clark County or the county in which the alleged violation occurred.

Section 4. Codification instruction. [Sections 1 through 3] are intended to be codified as an integral part of Title 30, chapter 14, and the provisions of Title 30, chapter 14, apply to [sections 1 through 3].

AN ACT ESTABLISHING APPLICATION REQUIREMENTS FOR AN EASEMENT ON STATE LAND FOR A REGIONAL WATER AUTHORITY; AND AMENDING SECTION 77-2-102, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 77-2-102, MCA, is amended to read:

"77-2-102. Application for easement. (1) Application for an easement on state land must be made to the department. Except as provided in subsections (3) ~~and (4)~~ *through (5)*, the application must describe the proposed right-of-way according to survey, show the necessity for the proposed highway or street or other easement, and give any additional information that the department requires.

(2) This application must be accompanied by two exact copies of the official plat of the proposed highway, street, or other easement, verified by the affidavit of the engineer or surveyor who prepared the application. These plats must show the quantity of land taken by the proposed highway or street or other easement for each 40-acre tract or government lot of state land over or through which it passes and also the amount of land remaining in each portion of that 40-acre tract or government lot. When considered necessary by the department,

these plats must show all these facts for smaller subdivisions as the circumstances may render desirable for the state.

(3) The application must include the affidavit of a licensed engineer or professional surveyor stating that the methodology used is known to be accurate to within 5 meters. The survey must be tied to an established section corner or 1/4 corner monument. The department may request greater accuracy if the department determines that the information is needed to adequately describe the easement.

(4) If the purpose of the right-of-way applied for is the transmission or distribution of electrical energy or the construction and operation of pipelines or telephone, telegraph, or radio systems, the plats and measurements need not be given. An exact geographical survey is not required, but the application must include the description of the location of the center line of the right-of-way that refers to an established monument within a filed corner recordation form, certificate of survey, or subdivision plat. The accuracy requirements of subsection (3) must be met. The entire right-of-way may be applied for in one application with only one plat of the entire right-of-way required. An archaeological survey is not required if, in the opinion of the department, heritage property would not be impacted.

(5) (a) If the purpose of the right-of-way applied for is a regional water authority provided for in Title 75, chapter 6, part 3, the plats and measurements need not be given. An exact geographical survey is not required, but the application must include the description of the location of the center line of the right-of-way.

(b) The application provided for in subsection (5)(a) must be accompanied by electronic global positioning system data in the Montana coordinate system, easement location depicted on a topographical map to a scale of 1:24,000, easement coordinates, and the quantity of land taken in each quarter-quarter section."

The United States may divert water for emergency fire suppression at the Refuge without definition of the specific elements of a recordable water right. Temporary emergency use of water for emergency fire suppression from a source for which a water right is quantified in Article III shall not be considered an exercise of that right.

H. Deep Ground Water Use.

The development and use of the water right set forth in Article III.A.3(b) is subject to:

1. The provisions of Article III.I.1.b. and Article IV.B of the Fort Belknap-Montana Compact, 85-20-1001 through 85-20-1008, MCA; and

Resolution of the controversy shall be governed by the terms of this Compact where applicable, or to the extent not applicable, by applicable state or federal law.

2. The United States agrees that a water commissioner appointed by a state or federal court of competent jurisdiction, or other official authorized by law, may enter the Refuge for the purpose of data collection, including the collection of information necessary for water distribution on or off the Refuge, and to inspect structures for the diversion and measurement of water described in this Compact for Consumptive Use. The terms of entry shall be as specified in an order of a state or federal court of competent jurisdiction.

3. The Department may enter the Refuge at a reasonable hour of the day for the purposes of data collection on water diversion and stream flow or inspection of devices maintained by the United States pursuant to this Compact. B. Use of Water Right.

The rights of the United States described in this Compact are federal reserved water rights. Non-use of all or a part of the federal reserved water rights described in this Compact shall not constitute abandonment of the right.

The federal reserved water rights described in this Compact need not be applied to a use deemed beneficial under State law, but shall be restricted to uses necessary to fulfill the purposes of the Refuge.

C. Change in Use.

1. Natural flow.

Water rights specified in this Compact for natural flow shall not be subject to Change in Use, provided that: the emergency use of water for fire suppression as provided for in Article III.G. shall not be deemed a Change in Use or violation of a water right for natural flow.

A well log for any use that includes the drilling of a well or enlargement of an existing wellbore, such well log(s) also to be supplied to the Montana Bureau of Mines and Geology.

(b) Emergency Use:

(i) The use to which water was put, the dates of use, and the estimated amount of water used, for any temporary emergency use for fire suppression authorized by Article III.G of this Compact;

(ii) Such information needs to be provided to the Department, in response to its request, only after the commencement and subsequent cessation of any such emergency use.

(c) Periodic Report:

Within 60 days after receiving a request from the Department, the United States agrees to provide the Department with a report on:

(i) actions since the Effective Date of the Compact or any prior periodic report, whichever is later, affecting the use of a Consumptive Use right described in this Compact;

(ii) the initiation of new uses of any water right recognized in this Compact that were completed since the Effective Date of the Compact or any prior periodic report, whichever is later; and

(d) any permit issued since the Effective Date of the Compact or any prior report, whichever is later, for the right to appropriate stock water for impoundment or pit in Basin 40M.

ARTICLE V - GENERAL PROVISIONS

A. No Effect on Tribal Rights or Other Federal Reserved Water Rights.

1. The relationship between the water rights of the United States described in this Compact and any rights to water of any Indian tribe, or any federally derived water right of an individual, or of the United States on behalf of such tribe or individual, shall be determined by the rule of priority. The Parties agree that the water rights described in this Compact are junior to any rights to water of any Indian tribe, or any federally derived water right of an individual, or of the United States on behalf of such tribe or individual, currently quantified or as may be quantified after the Effective Date of this Compact and with a priority date before the Effective Date of this Compact, including aboriginal rights, if any, in the basins affected.

2. Nothing in the Compact may be construed or interpreted as a precedent to establish the nature, extent, or manner of administration of the rights to water of any other federal agency or federal lands in Montana other than those of the FWS at the Refuge.

3. Nothing in this Compact may be construed or interpreted in any manner to establish the nature, extent, or manner of administration of the water rights of any Indian tribe or tribal member.

4. Nothing in this Compact is otherwise intended to conflict with or abrogate a right or claim of any Indian tribe regarding its boundaries or property interests in the State of Montana.

B. State Water Rights.

Nothing in this Compact may limit the exclusive authority of the State, including the authority of a water commissioner authorized by State law, to administer all current and future water rights Arising Under State Law within and upstream of the Refuge, provided that in administration of those water

rights in which the United States has an interest, such authority is limited to that granted under federal law.

C. Abstract.

Concurrent with this Compact, the Parties have prepared an Abstract, a copy of which is referenced as Appendix 1, which is a specific listing of all of the United States' water rights for the Refuge that are described in this Compact and quantified in accordance with this Compact. The Parties prepared the Abstract to comply with the requirements for a final decree as set forth in 85-2-234, MCA, and in an effort to assist the state courts in the process of entering decrees accurately and comprehensively reflecting the rights described in this Compact. The rights specified in the Abstract are subject to the terms of this Compact. In the event of a discrepancy between a right listed in the Abstract and that same right as quantified in accordance with Articles III and IV of this Compact, the Parties intend that the quantification in accordance with Articles III and IV of this Compact shall be reflected in a final decree.

D. General Disclaimers.

Nothing in this Compact may be construed or interpreted:

1. as a precedent for the litigation of reserved water rights or the interpretation or administration of future compacts between the United States and the State or the United States and any other state;

2. as a waiver by the United States of its right under State law to raise objections in state court to individual water rights claimed pursuant to the state Water Use Act, Title 85, MCA, in the basins affected by this Compact or any right to raise objections in an appropriate forum to individual water rights subject to a provisional permit under the state Water Use Act, Title 85, MCA, in the basins affected by this Compact;

3. as a waiver by the United States of its right to seek relief from a conflicting water use not entitled to protection under the terms of this Compact;

4. to determine the relative rights inter sese of Persons using water under the authority of state or tribal law or to limit the rights of the Parties or any other Person to litigate any issues or questions not resolved by this Compact;

5. to authorize the taking of a water right that is vested under state or federal law;

6. to create or deny substantive rights through headings or captions used in this Compact;

7. to expand or restrict any waiver of sovereign immunity existing pursuant to federal law as of the Effective Date of this Compact;

8. to affect or determine the applicability of any state or federal law, including, without limitation, environmental and public safety laws, on activities of the FWS;

9. to affect the right of the State to seek fees or reimbursement for costs or the right of the United States to contest the imposition of such fees or costs, pursuant to a ruling by a state or federal court of competent jurisdiction or Act of Congress;

10. to affect in any manner the entitlement to or quantification of other federal water rights. This Compact is only binding on the United States with regard to the water rights of the United States for the Refuge and does not affect

the water rights of any other federal agency that is not a successor in interest to the water rights subject to this Compact.

11. to prevent the United States from constructing or modifying an outlet to an impoundment at the Refuge in compliance with all applicable laws;

12. to prevent the United States from seeking a permit to appropriate water under State law;

13. to modify or prevent modification of the March 9, 1937, Memorandum of Agreement between the Secretary of the Interior and the Secretary of Agriculture in the Matter of a Water Supply for the Lake Bowdoin Migratory Water Fowl Refuge;

E. Reservation of Rights.

The Parties expressly reserve all rights not granted, described, or relinquished in this Compact.

F. Severability.

The provisions of this Compact are not severable.

1. State: Upon the Director of the Department and such other officials as the Director may designate in writing; and

2. United States: Upon the Secretary of the Interior and such other officials as the Secretary may designate in writing.

ARTICLE VI - FINALITY

A. Binding Effect.

1. After the Effective Date of this Compact, all of the provisions of this Compact shall be binding on:

(a) the State, and any Person, using, claiming, or in any manner asserting a right under the authority of the State to the use of water; and

(b) except as otherwise provided in Article V.A., the United States, and any Person, using, claiming, or in any manner asserting a right under the authority of the United States to the use of water.

2. Following the Effective Date, this Compact shall not be modified without the mutual consent of the Parties. Either Party may seek enforcement of this Compact in a court of competent jurisdiction. Attempt to unilaterally modify this Compact by either Party shall render this Compact voidable at the election of the other Party.

3. On approval of this Compact by a state or federal court of competent jurisdiction and entry of a decree by such court confirming the rights described

herein, this Compact and such rights are binding on all Persons bound by the final order of the court.

4. If an objection to this Compact is sustained pursuant to 85-2-702, MCA, this Compact shall be voidable by action of and without prejudice to either Party.

5. Notwithstanding any other provision in this Compact, the State reserves the right to withdraw as a Party if, within five (5) years of ratification of this Compact by the Montana legislature:

(a) this Compact is not given written approval by the United States Department of the Interior;

(b) this Compact is not given written approval by the United States Department of Justice; or

(c) the Memorandum of Understanding concerning the exercise of certain of the water rights quantified in this Compact and attached hereto as Appendix 3 is not executed by the State and the FWS.

6. Notwithstanding any other provision in this Compact, the United States reserves the right to withdraw as a Party if, within five (5) years of ratification of this Compact by the Montana legislature, the Memorandum of Understanding concerning the exercise of certain of the water rights quantified in this Compact and attached hereto as Appendix 3 is not executed by the State and the FWS.

7. Notwithstanding any other provision in this Compact, the State reserves the right to withdraw as a Party if, at any point subsequent to the Effective Date of this Compact, the United States unilaterally withdraws from the Memorandum of Understanding attached hereto as Appendix 3.

B. Disposition of Actions.

Subject to the following stipulations and within one hundred eighty (180) days of the Effective Date, the Parties shall submit this Compact to an appropriate state court or courts having jurisdiction over this matter in an action commenced pursuant to 43 U.S.C. 666, for approval in accordance with State law and for the incorporation of the reserved water rights described in this Compact into a decree or decrees entered therein. The Parties understand and agree that the submission of this Compact to a state court or courts, as provided for in this Compact, is solely to comply with the provisions of 85-2-702, MCA, and does not expand the jurisdiction of the state court or expand in any manner the waiver of sovereign immunity of the United States in the McCarran Amendment, 43 U.S.C. 666, or other provision of federal law.

1. Dismissal of Filed Claims.

At the time the state courts approve the reserved water rights described in this Compact and enter a decree or decrees confirming the rights described herein, such courts shall dismiss, with prejudice, all of the water right claims specified in Appendix 2 to this Compact. If this Compact fails approval or a reserved water right described herein is not confirmed, the specified claims shall not be dismissed.

2. Disposition of Federal Suits.

Within ninety (90) days of the issuance of a final decree or decrees by the state courts approving this Compact and confirming the reserved water rights described herein and the completion of any direct appeals therefrom or the expiration of the time for filing such appeal, the Parties shall execute and file

joint motions pursuant to Rule 41(a), Fed. R. Civ. P., to dismiss with prejudice any claims made by the United States for the FWS for the Refuge described in this Compact in federal court. This Compact may be filed as a consent decree in those federal suits only if, prior to the dismissal of the federal suits as provided in this Article, it is finally determined in a judgment binding on the State that the state courts lack jurisdiction over some or all of the reserved water rights described in this Compact. Within one (1) year of such judgment, the United States agrees to commence such additional proceedings in the federal district court for the District of Montana as may be necessary to judicially confirm the reserved water rights described herein which are not included within an existing action.

3. Continuation of Negotiations.

The Parties were unable to finalize agreement on quantification of the water rights for the National Bison Range and the Charles M. Russell and UL Bend National Wildlife Refuges and UL Bend Wilderness Area, prior to the Effective Date of this Compact. The Parties agree to continue to pursue, in good faith, quantification of water rights for these areas. In the event the Parties are unable to agree on quantification, the United States retains its right to have the quantity of any reserved water right for these areas adjudicated in a state or federal court of competent jurisdiction.

C. Settlement of Claims.

The Parties intend that the water rights described in this Compact are in full and final settlement of the water right claims for the reserved land described in this Compact and administered by the FWS in Montana on the Effective Date of this Compact. Pursuant to this settlement, the United States hereby and in full settlement of any and all claims filed by the United States or which could have been filed by the United States for the Refuge relinquishes forever on the Effective Date of this Compact all said claims to water within the State for the Refuge. The State agrees to recognize the reserved water rights described and quantified herein and shall, except as expressly provided for herein, treat them in the same manner as a water right recognized by the State.

D. Defense of Compact.

The Parties agree to defend the provisions and purposes of this Compact from all challenges and attacks.

Section 2. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 85, chapter 20, and the provisions of Title 85, chapter 20, apply to [section 1].

Section 3. Effective date. [This act] is effective on passage and approval.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 77-1-101, MCA, is amended to read:

(1) "Board" means the board of land commissioners provided for in Article X, section 4, of the Montana constitution.

(2) "Commercial or concentrated recreational use" means any recreational use that is organized, developed, or coordinated, whether for profit or otherwise. Commercial or concentrated recreational use includes all outfitting activity and all activities not included within the definition of general recreational use.

(3) "Department" means the department of natural resources and conservation provided for in Title 2, chapter 15, part 33.

(4) (a) "General recreational use" includes noncommercial and nonconcentrated hunting, fishing, and other activities determined by the board to be compatible with the use of state lands.

(b) General recreational use does not include the use of streams and rivers by the public under the stream access laws provided in Title 23, chapter 2, part 3.

(5) "Legally accessible state lands" means state lands that can be accessed by:

(a) dedicated public road, right-of-way, or easement;

(b) public waters;

(c) adjacent federal, state, county, or municipal land if the land is open to public use; or

(d) adjacent contiguous private land if permission to cross the land has been secured from the landowner. The granting of permission by a private landowner to cross private property in a particular instance does not subject the state land that is accessed to general recreational use by members of the public, other than those granted permission.

(6) "Noxious weeds" or "weeds" means any exotic plant species established or that may be introduced in the state that may render land unfit for agriculture, forestry, livestock, wildlife, or other beneficial uses or that may harm native plant communities and that is designated:

(a) as a statewide noxious weed by rule of the department of agriculture; or

(iv) lands acquired through investments under the provisions of 17-6-201.

(8) "Weed management" or "control" has the meaning provided in 7-22-2101."

Section 2. Notice of noncompliance. (1) When the department finds that noxious weeds on leased state land or on state land subject to a license or permit have not been controlled as required by 7-22-2116, the lease, the license, or the permit, the department shall contact the lessee, licensee, or permittee and require that a weed management and control program be implemented. The lessee, licensee, or permittee may request that an inspection of the state land be made with department staff. The department shall seek voluntary compliance with a noxious weed management and control program for the state lands prior to issuing a notice of noncompliance. If the lessee, licensee, or permittee fails to implement a weed management and control program when directed by the department, the department shall notify the lessee, licensee, or permittee by mail of the noncompliance. The notice must specify:

(a) the basis for the determination of noncompliance;

Section 3. Department authorized to control weeds — billing for weed control. (1) If the lessee, licensee, or permittee fails to take corrective action or if a request for an administrative hearing is not made within the time specified in the notice, the department may enter state land covered by the lease, license, or permit and institute appropriate weed control measures. The department may enter into an agreement with a commercial applicator, as defined in 80-8-102, or with the appropriate weed management district organized under 7-22-2102 to control the weeds. The commercial applicator or the weed management district shall agree to carry any insurance required by the department.

(2) The department shall submit a bill to the lessee, licensee, or permittee itemizing the hours of labor, material, and equipment time and listing the actual total cost incurred by the department to take the weed control measures, together with a penalty not exceeding 50% of the total cost. The bill must specify and order a payment due date of 30 days from the date the bill is sent. If payment is not received within 30 days, the department may cancel the lease, license, or permit. Money recovered under this section must be placed in the resource development account established in 77-1-604, except that penalties collected must be distributed annually to the trusts for the lands on which the weed control action was taken.

(3) If a person receiving an order to take corrective action requests an administrative hearing, the department may not institute control measures until the matter is finally resolved, except in case of an emergency. In an emergency, the person is liable for department costs allowed by this section only to the extent determined appropriate by the director or the court that finally resolves the matter.

Section 4. Administrative hearings. (1) A person adversely affected by any notice, action, or order of the department may, within the timeframe stated in the notice of noncompliance provided for in [section 2], request an administrative hearing before the director or the director's designee. The director or the director's designee shall hold a hearing within 30 days of the request. Participants may be represented by legal counsel. The director or the director's designee shall make a record of the proceeding and enter an order and findings within 30 days after the hearing.

(2) Within 30 days after the director or the director's designee renders an order and findings, the person adversely affected may file a petition in district court requesting that the order and findings be set aside or modified. The court may affirm, modify, or set aside the order complained of, in whole or in part.

Section 5. Rulemaking authority. The department may adopt rules to implement [sections 2 through 4].

Section 6. Codification instruction. [Sections 2 through 5] are intended to be codified as an integral part of Title 77, and the provisions of Title 77 apply to [sections 2 through 5].

Section 7. Severability. If a part of [this act] is invalid, all valid parts that are severable from the invalid part remain in effect. If a part of [this act] is invalid in one or more of its applications, the part remains in effect in all valid applications that are severable from the invalid applications.

(ii) temporary investigative authority, as provided in 41-3-433;

(iii) temporary legal custody, as provided in 41-3-442;

(v) termination of the parent-child legal relationship, as provided in 41-3-607;

(vii) a determination that preservation or reunification services need not be provided; or

(viii) any combination of the provisions of subsections (1)(a)(i) through (1)(a)(vii) or any other relief that may be required for the best interests of the child.

(b) The petition may be modified for different relief at any time within the discretion of the court.

(c) A petition for temporary legal custody may be the initial petition filed in a case.

(d) A petition for the termination of the parent-child legal relationship may be the initial petition filed in a case if a request for a determination that preservation or reunification services need not be provided is made in the petition.

(2) The county attorney, attorney general, or an attorney hired by the county shall file all petitions under this chapter. A petition filed by the county attorney, attorney general, or an attorney hired by the county must be accompanied by:

(a) an affidavit by the department alleging that the child appears to have been abused or neglected and stating the basis for the petition; and

(b) a separate notice to the court stating any statutory time deadline for a hearing.

(3) Abuse and neglect petitions must be given highest preference by the court in setting hearing dates.

(4) An abuse and neglect petition is a civil action brought in the name of the state of Montana. The Montana Rules of Civil Procedure and the Montana Rules of Evidence apply except as modified in this chapter. Proceedings under a petition are not a bar to criminal prosecution.

(5) (a) Except as provided in subsection (5)(b), the person filing the abuse and neglect petition has the burden of presenting evidence required to justify the relief requested and establishing:

(i) probable cause for the issuance of an order for immediate protection and emergency protective services or an order for temporary investigative authority;

(ii) a preponderance of the evidence for an order of adjudication or temporary legal custody;

(iii) a preponderance of the evidence for an order of long-term custody; or

(iv) clear and convincing evidence for an order terminating the parent-child legal relationship.

(b) If a proceeding under this chapter involves an Indian child, as defined in the federal Indian Child Welfare Act, 25 U.S.C. 1901, et seq., the standards of proof required for legal relief under the federal Indian Child Welfare Act apply.

(6) (a) Except as provided in the federal Indian Child Welfare Act, if applicable, the parents or parent, guardian, or other person or agency having legal custody of the child named in the petition, if residing in the state, must be served personally with a copy of the initial petition and a petition to terminate the parent-child legal relationship at least 5 days before the date set for hearing. If the person or agency cannot be served personally, the person or agency may be served by publication as provided in 41-3-428 and 41-3-429.

(b) Copies of all other petitions must be served upon the person or the person's attorney of record by certified mail, by personal service, or by publication as provided in 41-3-428 and 41-3-429. If service is by certified mail, the department must receive a return receipt signed by the person to whom the notice was mailed for the service to be effective. Service of the notice is considered to be effective if, in the absence of a return receipt, the person to whom the notice was mailed appears at the hearing.

(7) If personal service cannot be made upon the parents or parent, guardian, or other person or agency having legal custody, the court shall immediately provide for the appointment or assignment of an attorney as provided for in 41-3-425 to represent the unavailable party when, in the opinion of the court, the interests of justice require.

(8) If a parent of the child is a minor, notice must be given to the minor parent's parents or guardian, and if there is no guardian, the court shall appoint one.

(9) (a) Any person interested in any cause under this chapter has the right to appear. Any foster parent, preadoptive parent, or relative caring for the child must be given legal notice by the attorney filing the petition of all judicial hearings for the child and ~~must be given an opportunity~~ *has the right* to be heard. The right to appear or to be heard does not make that person a party to the action. Any foster parent, preadoptive parent, or relative caring for the child must be given notice of all reviews by the reviewing body.

(b) A foster parent, preadoptive parent, or relative of the child who is caring for or a relative of the child who has cared for a child who is the subject of the petition who appears at a hearing set pursuant to this section may be allowed by the court to intervene in the action if the court, after a hearing in which evidence is presented on those subjects provided for in 41-3-437(4), determines that the intervention of the person is in the best interests of the child. A person granted

intervention pursuant to this subsection is entitled to participate in the adjudicatory hearing held pursuant to 41-3-437 and to notice and participation in subsequent proceedings held pursuant to this chapter involving the custody of the child.

(10) An abuse and neglect petition must:

(a) state the nature of the alleged abuse or neglect and of the relief requested;

(b) state the full name, age, and address of the child and the name and address of the child's parents or guardian or person having legal custody of the child;

(c) state the names, addresses, and relationship to the child of all persons who are necessary parties to the action.

(11) Any party in a proceeding pursuant to this section is entitled to counsel as provided in 41-3-425.

(12) At any stage of the proceedings considered appropriate by the court, the court may order an alternative dispute resolution proceeding or the parties may voluntarily participate in an alternative dispute resolution proceeding. An alternative dispute resolution proceeding under this chapter may include a family group decisionmaking meeting, mediation, or a settlement conference. If a court orders an alternative dispute resolution proceeding, a party who does not wish to participate may file a motion objecting to the order. If the department is a party to the original proceeding, a representative of the department who has complete authority to settle the issue or issues in the original proceeding must be present at any alternative dispute resolution proceeding.

(13) Service of a petition under this section must be accompanied by a written notice advising the child's parent, guardian, or other person having physical or legal custody of the child of the:

(a) right, pursuant to 41-3-425, to appointment or assignment of counsel if the person is indigent or if appointment or assignment of counsel is required under the federal Indian Child Welfare Act, if applicable;

(b) right to contest the allegations in the petition; and

(c) timelines for hearings and determinations required under this chapter.

(14) If appropriate, orders issued under this chapter must contain a notice provision advising a child's parent, guardian, or other person having physical or legal custody of the child that:

(a) the court is required by federal and state laws to hold a permanency hearing to determine the permanent placement of a child no later than 12 months after a judge determines that the child has been abused or neglected or 12 months after the first 60 days that the child has been removed from the child's home;

(b) if a child has been in foster care for 15 of the last 22 months, state law presumes that termination of parental rights is in the best interests of the child and the state is required to file a petition to terminate parental rights; and

(c) completion of a treatment plan does not guarantee the return of a child.

(15) A court may appoint a standing master to conduct hearings and propose decisions and orders to the court for court consideration and action. A standing master may not conduct a proceeding to terminate parental rights. A standing

master must be a member of the state bar of Montana and must be knowledgeable in the area of child abuse and neglect laws."

Section 6. Section 41-3-423, MCA, is amended to read:

"41-3-423. Reasonable efforts required to prevent removal of child or to return — exemption — findings — permanency plan. (1) The department shall make reasonable efforts to prevent the necessity of removal of a child from the child's home and to reunify families that have been separated by the state. Reasonable efforts include but are not limited to voluntary protective services agreements, development of individual written case plans specifying state efforts to reunify families, placement in the least disruptive setting possible, provision of services pursuant to a case plan, and periodic review of each case to ensure timely progress toward reunification or permanent placement. In determining preservation or reunification services to be provided and in making reasonable efforts at providing preservation or reunification services, the child's health and safety are of paramount concern.

(2) Except in a proceeding subject to the federal Indian Child Welfare Act, the department may, at any time during an abuse and neglect proceeding, make a request for a determination that preservation or reunification services need not be provided. If an indigent parent is not already represented by counsel, the court shall immediately provide for the appointment or assignment of counsel to represent the indigent parent in accordance with the provisions of 41-3-425. A court may make a finding that the department need not make reasonable efforts to provide preservation or reunification services if the court finds that the parent has:

(a) subjected a child to aggravated circumstances, including but not limited to abandonment, torture, chronic abuse, or sexual abuse or chronic, severe neglect of a child;

(b) committed, aided, abetted, attempted, conspired, or solicited deliberate or mitigated deliberate homicide of a child;

(c) committed aggravated assault against a child;

(d) committed neglect of a child that resulted in serious bodily injury or death; or

(e) had parental rights to the child's sibling or other child of the parent involuntarily terminated and the circumstances related to the termination of parental rights are relevant to the parent's ability to adequately care for the child at issue.

(3) Preservation or reunification services are not required for a putative father, as defined in 42-2-201, if the court makes a finding that the putative father has failed to do any of the following:

(a) contribute to the support of the child for an aggregate period of 1 year, although able to do so;

(b) establish a substantial relationship with the child. A substantial relationship is demonstrated by:

(i) visiting the child at least monthly when physically and financially able to do so; or

(ii) having regular contact with the child or with the person or agency having the care and custody of the child when physically and financially able to do so; and

(iii) manifesting an ability and willingness to assume legal and physical custody of the child if the child was not in the physical custody of the other parent.

(c) register with the putative father registry pursuant to Title 42, chapter 2, part 2, and the person has not been:

(i) adjudicated in Montana to be the father of the child for the purposes of child support; or

(ii) recorded on the child's birth certificate as the child's father.

(4) A judicial finding that preservation or reunification services are not necessary under this section must be supported by clear and convincing evidence.

(5) If the court finds that preservation or reunification services are not necessary pursuant to subsection (2) or (3), a permanency hearing must be held within 30 days of that determination and reasonable efforts, *including consideration of both in-state and out-of-state permanent placement options for the child,* must be made to place the child in a timely manner in accordance with the permanency plan and to complete whatever steps are necessary to finalize the permanent placement of the child.

(6) If reasonable efforts have been made to prevent removal of a child from the home or to return a child to the child's home but continuation of the efforts is determined by the court to be inconsistent with the permanency plan for the child, the department shall make reasonable efforts to place the child in a timely manner in accordance with the permanency plan*, including, if appropriate, placement in another state,* and to complete whatever steps are necessary to finalize the permanent placement of the child. Reasonable efforts to place a child permanently for adoption or to make an alternative out-of-home permanent placement may be made concurrently with reasonable efforts to return a child to the child's home. Concurrent planning*, including identifying in-state and out-of-state placements,* may be used.

(7) When determining whether the department has made reasonable efforts to prevent the necessity of removal of a child from the child's home or to reunify families that have been separated by the state, the court shall review the services provided by the agency including, if applicable, protective services provided pursuant to 41-3-302."

Section 7. Section 41-3-432, MCA, is amended to read:

"41-3-432. Show cause hearing — order. (1) (a) Except as provided in the federal Indian Child Welfare Act, a show cause hearing must be conducted within 20 days of the filing of an initial child abuse and neglect petition unless otherwise stipulated by the parties pursuant to 41-3-434 or unless an extension of time is granted by the court. A separate notice to the court stating the statutory time deadline for a hearing must accompany any petition to which the time deadline applies.

(b) If a proceeding under this chapter involves an Indian child and is subject to the federal Indian Child Welfare Act, a qualified expert witness is required to testify that the continued custody of the child by the parent or Indian custodian is likely to result in serious emotional or physical damage to the child.

(c) The court may grant an extension of time for a show cause hearing only upon a showing of substantial injustice and shall order an appropriate remedy that considers the best interests of the child.

(2) The person filing the petition has the burden of presenting evidence establishing probable cause for the issuance of an order for temporary investigative authority after the show cause hearing, except as provided by the federal Indian Child Welfare Act, if applicable.

(3) At the show cause hearing, the court may consider all evidence and shall provide an opportunity for a parent, guardian, or other person having physical or legal custody of the child to provide testimony. Hearsay evidence of statements made by the affected child is admissible at the hearing. The parent, guardian, or other person may be represented by legal counsel and may be appointed or assigned counsel as provided for in 41-3-425. ~~The court may permit testimony by telephone, audiovisual means, or other electronic means.~~

(4) At the show cause hearing, the court shall explain the procedures to be followed in the case and explain the parties' rights, including the right to request appointment or assignment of counsel if indigent or if appointment or assignment of counsel is required under the federal Indian Child Welfare Act, if applicable, and the right to challenge the allegations contained in the petition. The parent, guardian, or other person having physical or legal custody of the child must be given the opportunity to admit or deny the allegations contained in the petition at the show cause hearing. Inquiry must be made to determine whether the notice requirements of the federal Indian Child Welfare Act, if applicable, have been met.

(5) The court shall make written findings on issues including but not limited to the following:

(a) whether the child should be returned home immediately if there has been an emergency removal or remain in temporary out-of-home care or be removed from the home;

(b) if removal is ordered or continuation of removal is ordered, why continuation of the child in the home would be contrary to the child's best interests and welfare;

(c) whether the department has made reasonable efforts to avoid protective placement of the child or to make it possible to safely return the child to the child's home;

(d) financial support of the child, including inquiry into the financial ability of the parents, guardian, or other person having physical or legal custody of the child to contribute to the costs for the care, custody, and treatment of the child and requirements of a contribution for those costs pursuant to 41-3-446; and

(e) whether another hearing is needed and, if so, the date and time of the next hearing.

(6) The court may consider:

(a) terms and conditions for parental visitation; and

(b) whether orders for examinations, evaluations, counseling, immediate services, or protection are needed.

(7) Following the show cause hearing, the court may enter an order for the relief requested or amend a previous order for immediate protection of the child if one has been entered. The order must be in writing.

(8) If a child who has been removed from the child's home is not returned home after the show cause hearing or if removal is ordered, the parents or parent, guardian, or other person or agency having physical or legal custody of

the child named in the petition may request that a citizen review board, if available pursuant to part 10 of this chapter, review the case within 30 days of the show cause hearing and make a recommendation to the district court, as provided in 41-3-1010.

(9) Adjudication of a child as a youth in need of care may be made at the show cause hearing if the requirements of 41-3-437(2) are met. If not made at the show cause hearing, adjudication under 41-3-437 must be made within the time limits required by 41-3-437 unless adjudication occurs earlier by stipulation of the parties pursuant to 41-3-434 and order of the court."

Section 8. Section 41-3-445, MCA, is amended to read:

"41-3-445. Permanency hearing. (1) (a) (i) Subject to subsection (1)(b), a permanency hearing must be held by the court or, subject to the approval of the court and absent an objection by a party to the proceeding, by the foster care review committee, as provided in 41-3-115, or the citizen review board, as provided in 41-3-1010:

(A) within 30 days of a determination that reasonable efforts to provide preservation or reunification services are not necessary under 41-3-423, 41-3-438(6), or 41-3-442(1); or

(B) no later than 12 months after the initial court finding that the child has been subjected to abuse or neglect or 12 months after the child's first 60 days of removal from the home, whichever comes first.

(ii) Within 12 months of a hearing under subsection (1)(a)(i)(B) and every 12 months thereafter until the child is permanently placed in either an adoptive or a guardianship placement, the court or the court-approved entity holding the permanency hearing shall conduct a hearing and the court shall issue a finding as to whether the department has made reasonable efforts to finalize the permanency plan for the child.

(b) A permanency hearing is not required if the proceeding has been dismissed, the child was not removed from the home, the child has been returned to the child's parent or guardian, or the child has been legally adopted or appointed a legal guardian.

(c) The permanency hearing may be combined with a hearing that is required in other sections of this part or with a review held pursuant to 41-3-115 or 41-3-1010 if held within the applicable time limits. If a permanency hearing is combined with another hearing or a review, the requirements of the court related to the disposition of the other hearing or review must be met in addition to the requirements of this section.

(d) The court-approved entity conducting the permanency hearing may elect to hold joint or separate reviews for groups of siblings, but the court shall issue specific findings for each child.

(2) At least 3 working days prior to the permanency hearing, the department shall submit a report regarding the child to the entity that will be conducting the hearing for review. The report must address the department's efforts to effectuate the permanency plan for the child, address the options for the child's permanent placement, examine the reasons for excluding higher priority options, and set forth the proposed plan to carry out the placement decision, including specific times for achieving the plan.

(3) At least 3 working days prior to the permanency hearing, the guardian ad litem or an attorney or advocate for a parent or guardian may submit an informational report to the entity that will be conducting the hearing for review.

(4) In a permanency hearing, the court or other entity conducting the hearing shall consult, in an age-appropriate manner, with the child regarding the proposed permanency or transition plan for the child.

~~(4)~~*(5)* (a) The court's order must be issued within 20 days after the permanency hearing if the hearing was conducted by the court. If a member of the child's extended family, including an adult sibling, grandparent, great-grandparent, aunt, or uncle, has requested that custody be awarded to that family member or that a prior grant of temporary custody with that family member be made permanent, the department shall investigate and determine if awarding custody to that family member is in the best interests of the child. The department shall provide the reasons for any denial to the court. If the court accepts the department's custody recommendation, the court shall inform any denied family member of the reasons for the denial to the extent that confidentiality laws allow. The court shall include the reasons for denial in the court order if the family member who is denied custody requests it to be included.

(b) If an entity other than the court conducts the hearing, the entity shall keep minutes of the hearing and the minutes and written recommendations must be provided to the court within 20 days of the hearing.

(c) If an entity other than the court conducts the hearing and the court concurs with the recommendations, the court may adopt the recommendations as findings with no additional hearing required. In this case, the court shall issue written findings within 10 days of receipt of the written recommendations.

~~(5)~~*(6)* The court shall approve a specific permanency plan for the child and make written findings on:

(a) whether the permanency plan is in the best interests of the child;

(b) whether the department has made reasonable efforts to finalize the plan; and

(c) other necessary steps that the department is required to take to effectuate the terms of the plan.

~~(6)~~*(7)* In its discretion, the court may enter any other order that it determines to be in the best interests of the child that does not conflict with the options provided in subsection ~~(7)~~ *(8)* and that does not require an expenditure of money by the department unless the court finds after notice and a hearing that the expenditures are reasonable and that resources are available for payment. The department is the payor of last resort after all family, insurance, and other resources have been examined.

~~(7)~~*(8)* Permanency options include:

(a) reunification of the child with the child's parent or guardian;

(b) adoption;

(c) appointment of a guardian pursuant to 41-3-444; or

(d) long-term custody if the child is in a planned permanent living arrangement and if it is established by a preponderance of the evidence, which is reflected in specific findings by the court, that:

(i) the child is being cared for by a fit and willing relative;

(ii) the child has an emotional or mental handicap that is so severe that the child cannot function in a family setting and the best interests of the child are served by placement in a residential or group setting;

(iii) the child is at least 16 years of age and is participating in an independent living program and that termination of parental rights is not in the best interests of the child;

(iv) the child's parent is incarcerated and circumstances, including placement of the child and continued, frequent contact with the parent, indicate that it would not be in the best interests of the child to terminate parental rights of that parent; or

(v) the child meets the following criteria:

(A) the child has been adjudicated a youth in need of care;

(B) the department has made reasonable efforts to reunite the parent and child, further efforts by the department would likely be unproductive, and reunification of the child with the parent or guardian would be contrary to the best interests of the child;

(C) there is a judicial finding that other more permanent placement options for the child have been considered and found to be inappropriate or not to be in the best interests of the child; and

(D) the child has been in a placement in which the foster parent or relative has committed to the long-term care and to a relationship with the child, and it is in the best interests of the child to remain in that placement.

~~(8)~~*(9)* The court may terminate a planned permanent living arrangement upon petition of the birth parents or the department if the court finds that the circumstances of the child or family have substantially changed and the best interests of the child are no longer being served."

(a) by and through which natural gas is received from a transmission services provider and transmitted to the customer; and

(b) operated by a distribution services provider.

(3) "Distribution services provider" means a person controlling or operating distribution facilities for distribution of natural gas to the public.

(4) "Natural gas supplier" means a person, including aggregators, market aggregators, brokers, and marketers, licensed by the commission that is offering to sell natural gas to retail customers in the state of Montana.

(7) "Performance-based ratemaking" means those forms of regulation that include but are not limited to the use of revenue indexing, price indexing, ranges of authorized return, gas cost indexing, and innovative use of utility-related assets and activities, such as system sales of excess natural gas supplies, release of upstream pipeline capacity, and performance of billing services for other natural gas suppliers. A performance-based regulation may also include a mechanism for automatic annual adjustments of revenue to prices to reflect changes in any index adopted for the implementation of the performance-based form of regulation.

(8) "Storage facilities" means those facilities that are owned, controlled, or operated by a person offering storage service for natural gas and generally means any underground reservoir suitable for the storage of natural gas and the facilities used to inject and withdraw natural gas into and out of that underground reservoir.

(ii) the above-market costs associated with existing gas supply commitments;

(iii) other natural gas utility investments rendered uneconomic as a result of implementation of customer choice and open access;

(iv) the costs associated with renegotiation or buyout of existing natural gas purchase contracts; and

(v) the costs associated with the issuance of any related transition bonds authorized by the commission pursuant to 69-3-1403.

(b) the costs of refinancing or retiring debt or equity capital of the natural gas utility and associated federal and state tax liabilities or other utility costs for which the use of transition bonds would benefit customers.

(10) "Transmission facilities" means those facilities owned, controlled, and operated by a transmission services provider that are used to transport natural gas from a gathering line or storage facility to a distribution facility, storage facility, or end-use customer.

(11) "Transmission services provider" means a person controlling or operating transmission facilities.

(1) A natural gas utility shall implement, upon commission approval *and subject to ongoing commission oversight and direction*, a universal system benefits program ~~that considers existing universal system benefits programs in the state~~.

(2) The commission shall establish a universal system benefits charge that ~~either~~ all natural gas transmission services providers or all distribution services providers, or both, in the state of Montana shall charge to all end-use customers, taking into consideration the current level of expenditure by the natural gas utility, cost-effectiveness, and similar costs imposed in other states. *The charge may be established and revised through a universal system benefits charge tracking procedure.* The method of assessing ~~those rates~~ *the charge* may not disproportionately burden a large transmission services provider's customers. Within the universal system benefits charge, *beginning January 1, 2007,* a natural gas utility's *minimum* annual funding requirement for low-income weatherization and low-income energy bill assistance is established at ~~0.42%~~ *0.42%* of a natural gas utility's annual revenue *for the previous year*. A natural gas utility must receive credit for its internal programs or activities that qualify as universal system benefits programs.

(3) A natural gas utility shall file an annual report of its universal system benefits charges, programs, and program funding levels with the commission in a manner prescribed by the commission.

~~(3) On or before July 1, 2002, the commission shall conduct a reevaluation of the ongoing need for universal system benefits programs and annual funding requirements and shall make recommendations to the 58th legislature regarding the future need for universal system benefits programs. The determination should focus specifically on the existence of markets to provide for any of the universal system benefits programs or on whether other means for funding those universal system benefits programs have developed. These~~

~~recommendations may also address how future reevaluations will be provided, if necessary.~~"

(b) financial statements and projections for the 2 most recent years of operation and projections for each of the 2 years following the grant, including but not limited to balance sheets, profit and loss statements, and cash flow statements. A business operating for less than 2 years shall provide all available financial statements.

(c) a hiring and training plan, which must include:

(i) a breakdown of the jobs to be created or retained, including the number and type of jobs that are full-time, part-time, skilled, semiskilled, or unskilled positions;

(7) If the committee determines that an applicant meets the criteria established in this section and has complied with the applicable procedures and review processes established by the committee, the committee may award a primary sector business workforce development grant to the employer and authorize the disbursement of funds under contract to the primary sector business.

(8) (a) A contract with a grant recipient must contain provisions:

(i) certifying that the amount of the grant already expended will be reimbursed in the event that the primary sector business ceases operation in the state of Montana within the grant contract period, which may be up to 2 years;

(ii) specifying that the employer may receive grant funds over the contract period only upon documenting the creation of eligible jobs, the hiring of employees for the jobs, or the incurring of eligible training expenses; and

(iii) providing the department with annual reports and a final closeout report that documents the higher wages paid to an employee upon completion of the training.

(b) The contract must be signed by the person in the primary sector business who is assigned the duties and responsibilities for training and the overall success of the program and by the primary sector business's chief executive. (Terminates June 30, 2007—sec. 13, Ch. 26, L. 2005.)

(2) To be eligible for a grant, an applicant shall demonstrate that at least 50% of the applicant's sales will be from outside of Montana or that the applicant is a manufacturing company with 50% of its sales from companies that have 50% of their sales outside of Montana and must meet at least one of the following criteria:

AN ACT REQUIRING MANDATORY REGISTRATION AND LICENSURE OF ALTERNATIVE ADOLESCENT RESIDENTIAL OR OUTDOOR PROGRAMS; ALLOWING FOR PROVISIONAL LICENSING; PROVIDING FOR BACKGROUND INVESTIGATIONS OF CERTAIN EMPLOYEES AND MANAGERS AND ALLOWING FOR A WAIVER; DIRECTING THE DEPARTMENT OF LABOR AND INDUSTRY TO ADOPT RULES REGARDING PROGRAM CRITERIA; REQUIRING DEPARTMENT INSPECTION OF THE PROGRAMS FOR LICENSURE AND EVERY 3 YEARS; ALLOWING INSPECTIONS IN RESPONSE TO COMPLAINTS; PROVIDING PENALTIES AND NOTIFICATION PROCEDURES; REVISING DEFINITIONS; ESTABLISHING CRITERIA FOR ENSURING PUBLIC HEALTH AND SAFETY FOR PROGRAM PARTICIPANTS; REQUIRING PROOF OF INSURANCE; AMENDING SECTIONS 37-48-101, 37-48-102, AND 37-48-103, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Licensure. (1) A program must be licensed by the board.

(2) The board may issue a license that is valid for a period of between 1 year and 3 years or may issue a provisional license as provided in [section 2].

(3) A license is valid only for the program for which it is issued and may not be sold, assigned, or transferred without the approval of the board.

(4) The board may suspend or revoke a license if the board, upon a hearing, as provided in 37-1-131, determines that the program is not operated in a manner consistent with the rules adopted and is not in substantial compliance with the program's plan of operation.

(5) The board may approve a modification of the program's plan of operation. A program may not deviate from its plan of operation without the prior approval of the board.

(6) A license terminates and the holder of the program license shall return the license to the department if:

(a) program operations are discontinued;

(b) ownership of the program is transferred without approval of the board;

(c) the board suspends or revokes the license; or

(d) the license expires without being renewed.

(7) The program license must be displayed in a conspicuous place near the admitting office of the program.

Section 2. Provisional license. (1) The board may grant a provisional license to a program:

(a) that was registered with the board as of December 31, 2006; and

(b) that has submitted to the board:

(i) a completed application;

(ii) background materials, as described in [section 3], necessary to conduct background investigations on the program's managers and workers affiliated with the program; and

(iii) the required fees.

(2) A provisional license allows a program to operate for a period of up to 1 year, pending an onsite inspection of the program's facilities and the completion of background investigations on all managers and workers affiliated with the program who have direct access to program participants.

(3) The board may terminate a provisional license by notifying the program of any of the following:

(a) the program's failure to pass the onsite inspection;

(b) the program's failure to provide timely background materials for investigation of all managers and workers affiliated with the program who have direct access to program participants; or

(c) the determination that one or more of the workers affiliated with the program with direct access to program participants are considered unsuitable, based on background information, for having direct access to program participants although the program upon notification may take corrective action within 30 days.

(4) If the program shows good cause, the board may extend a provisional license to complete background investigations on managers and workers affiliated with the program.

(5) The board may decline to grant a provisional license or a license to a program that the board determines is substantially the same in ownership, management, and plan of operation as a program that had previously been denied a provisional license or a license.

Section 3. Background investigations — waiver. (1) The program shall submit background checks for the program manager and each worker affiliated with the program who has or will have direct access to program participants in a manner prescribed by the board or shall provide to the board the information necessary for the board to conduct a background investigation, including a set of fingerprints as required for a fingerprint check by the department of justice and the federal bureau of investigation.

(2) For the purposes of the background investigation required by this section, each individual subject to subsection (1) must be evaluated pursuant to the provisions of Title 37, chapter 1, part 2.

(3) The board may, by rule, identify specific criminal offenses for which a conviction disqualifies a worker affiliated with the program and procedures for disqualification based upon substantiated child abuse or neglect of children.

(4) (a) The board may, by rule, waive the requirement for a background investigation for an individual who holds a professional or occupational license

granted by the state that is not suspended or restricted by action of the appropriate licensing entity.

(b) The board may grant a waiver of the background investigation upon a determination that the class or type of licensure referenced in subsection (4)(a):

(i) subjects the individual to at least as rigorous a background investigation as required by this section; and

(ii) contains provisions disqualifying applicants for a professional or occupational license that are similar to the provisions in subsection (3) and that are specified by the board by rule as disqualifying an individual whose job requires direct access to a program participant.

Section 4. Rules — program criteria — application evaluations. (1) The board shall adopt rules establishing specific minimum criteria to ensure the health and safety of program participants and other rules necessary to implement this part. Those criteria may incorporate by reference appropriate standards established by other governmental entities, including:

(a) building codes for those structures used as a residence for program participants;

(b) health and sanitation requirements; and

(c) other standards adopted by the board by rule.

(2) The board shall evaluate each application for a license to determine whether the proposed plan of operation:

(a) meets the specific minimum criteria set by rule;

(b) reasonably provides for the safety and well-being of program participants; and

(c) is consistent with the goals and objectives stated in the plan of operation.

(3) The board shall adopt rules by October 1, 2008, to begin licensing the programs, and the programs have 30 days from the effective date to apply for a license once the rules are effective.

Section 5. Department or board inspection. (1) The department or board may enter and inspect, without prior notice, program premises and facilities in response to a complaint. The inspection may be for purposes of determining compliance with the provisions of this part or for other purposes provided for by rule.

(2) The department or board may enlist the assistance of other governmental entities in inspections, including but not limited to a county health officer or a county sanitarian.

(3) (a) Except as provided in subsection (3)(b), the department or board shall conduct an onsite inspection of:

(i) each program applying for a license; and

(ii) each licensed program at least once every 3 years.

(b) Instead of an onsite inspection of a licensed program, the department or board may consider verified proof of successful certification by a national or regional certifying organization approved by the board by rule.

Section 6. Penalty for failure to obtain license — notice of violation. (1) It is unlawful to operate a program without a license or a provisional license. A person who maintains or operates a program in violation of this section is

guilty of a misdemeanor punishable under 46-18-212. Absolute liability, as provided for in 45-2-104, is imposed for a violation of this section.

(2) If the department receives a complaint or information alleging a violation of this part, the department may serve written notice to the program management either in person or by certified mail. The notice must inform the program management of the right to a hearing and whether injunctive action is being sought. The notice may also recommend corrective action to achieve voluntary compliance and a schedule for completing the corrective action if the program prefers to take corrective action rather than proceed to a contested case hearing.

Section 7. Section 37-48-101, MCA, is amended to read:

"37-48-101. Purpose. The purpose of the board is to ~~examine the benefit of licensing~~ *license and regulate* private alternative adolescent residential or outdoor programs as a public service to monitor and maintain a high standard of care and to ensure the safety and well-being of the adolescents and parents using the programs. (5) The appointment or election of an employee as an officer of a corporation, a partner in a partnership, a partner in a limited liability partnership, or a member in or a manager of a limited liability company for the purpose of exempting the employee from coverage under this chapter does not entitle the officer, partner, member, or manager to exemption from coverage.

(6) Each employer shall post a sign in the workplace at the locations where notices to employees are normally posted, informing employees about the employer's current provision of workers' compensation insurance. A workplace is any location where an employee performs any work-related act in the course of employment, regardless of whether the location is temporary or permanent, and includes the place of business or property of a third person while the employer has access to or control over the place of business or property for the purpose of carrying on the employer's usual trade, business, or occupation. [SB 291]

AN ACT REVISING THE MORATORIUM ON NEW SCHOOL DISTRICTS TO ALLOW CREATION UNDER CERTAIN CIRCUMSTANCES OF A HIGH

SCHOOL DISTRICT SOLELY FOR THE PURPOSE OF EXPANDING AN ELEMENTARY DISTRICT INTO A K-12 SCHOOL DISTRICT; PROVIDING FOR THE DISPOSITION OF DISTRICT BONDED INDEBTEDNESS UNDER CERTAIN CIRCUMSTANCES; ESTABLISHING PROCEDURES FOR CREATION OF A HIGH SCHOOL DISTRICT BY TRUSTEE RESOLUTION; AMENDING SECTIONS 20-6-104, 20-9-366, 20-9-439, AND 20-9-502, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Procedure for creation of high school district solely for expansion into K-12 school district — trustee resolution. (1) An existing elementary district may create a high school district solely for the purpose of expanding an elementary district into a K-12 district only if:

(a) the nearest elementary school building is located at a distance of at least 40 miles from the nearest accessible high school;

(b) the trip from the nearest elementary school building to the nearest accessible high school is 60 minutes or more over the shortest passable route;

(c) periodically during the school year, the condition of the road makes it impractical to attend the nearest accessible high school; and

(d) at least 50 high school students reside in the elementary district; and

(e) the taxable valuation and boundaries of the combining elementary and high school district are the same.

(2) The creation of a new high school district may be requested by the trustees of an existing elementary district through passage of a resolution that includes the information outlined in 20-6-105(3) and requests the county superintendent to order an election to allow the electors of the elementary district to consider the proposition to create a high school district solely for the purpose of expanding the elementary school district into a K-12 district. Approval of the proposition results in a tax levy for payments as provided in subsection (6)(b).

(3) If the proposition for the expansion and the transition levy provided for in 20-9-502(6) is approved by the electors of the elementary district and the trustees issue a certificate of election as provided in 20-20-416, the county superintendent shall order the creation of the high school district and oversee the expansion of the high school district into a K-12 district pursuant to 20-6-701.

(4) The county superintendent shall send a copy of the order to the board of county commissioners and to the trustees of the districts affected by the creation of the district.

(5) If a new district is created, the effective date of its creation is the following July 1. The trustees of the elementary district must be designated as the trustees of the new K-12 district.

(6) Until the first school fiscal year in which the new K-12 district enrolls high school students in all grades, the existing high school district shall provide high school instruction to students residing in the newly created K-12 district with the K-12 district paying the existing high school district:

(a) tuition and transportation charged pursuant to the provisions of 20-5-320 and 20-5-321; and

(b) an amount equal to the BASE general fund mills for the existing high school district assessed against the taxable valuation in the new K-12 district and funded using a building reserve fund levy for transition costs as provided in 20-9-502. The payment to the existing high school district must be deposited in the district general fund and used to reduce the BASE budget levy.

(7) If bonded indebtedness has been approved by the voters of the existing high school district prior to [the effective date of this act] but the bonds have not been sold prior to the creation of the new K-12 district, then the future indebtedness of those bonds when those bonds are sold must be paid by levies on the original territory.

(8) If the K-12 school district does not open and operate a high school within 3 years after the effective date of the creation of the new district, the order of the county superintendent creating a new district under this section is void, the new district ceases to exist, and the trustees of the new district have no capacity to act. Those trustees retain authority as trustees of the elementary district.

Section 2. Section 20-6-104, MCA, is amended to read:

"20-6-104. Moratorium on creation of new district — ~~exception~~ *exceptions.* (1) ~~A~~ *Except as provided in subsections (2) and (3), a* school district may not initiate the creation of a new elementary district or a new high school district.

(2) Pursuant to the provisions of [section 1], the trustees or the electors of an existing elementary district may initiate the creation of a new high school district solely for the purpose of expanding into a K-12 district.

~~(2)~~*(3)* ~~This section~~ *The moratorium in subsection (1)* does not apply to a district that results from the procedure for the dissolution of a K-12 school district pursuant to 20-6-704."

Section 3. Section 20-9-366, MCA, is amended to read:

"20-9-366. Definitions. As used in 20-9-366 through 20-9-371, the following definitions apply:

(1) "County retirement mill value per elementary ANB" or "county retirement mill value per high school ANB" means the sum of the taxable valuation in the previous year of all property in the county divided by 1,000, with the quotient divided by the total county elementary ANB count or the total county high school ANB count used to calculate the elementary school districts' and high school districts' current year total per-ANB entitlement amounts.

(1) The county superintendent shall compute the levy requirement for each school district's general obligation debt service fund on the basis of the following procedure:

(a) Determine the total money available in the debt service fund for the reduction of the property tax on the district by totaling:

(i) the end-of-the-year fund balance in the debt service fund, less any limited operating reserve as provided in 20-9-438;

(ii) anticipated interest to be earned by the investment of debt service cash in accordance with the provisions of 20-9-213(4) or by the investment of bond proceeds under the provisions of 20-9-435;

(iii) any state advance for school facilities distributed to a qualified district under the provisions of 20-9-346, 20-9-370, and 20-9-371;

(iv) funds transferred from the impact aid fund established pursuant to 20-9-514 that are authorized by 20-9-437(2) to be used to repay the district's bonds; and

(v) any other money, including money from federal sources, anticipated by the trustees to be available in the debt service fund during the ensuing school fiscal year from sources such as legally authorized money transfers into the debt service fund or from rental income, excluding any guaranteed tax base aid.

(b) Subtract the total amount available to reduce the property tax, determined in subsection (1)(a), from the final budget for the debt service fund as established in 20-9-438.

(2) The net debt service fund levy requirement determined in subsection (1)(b) must be reported to the county commissioners on the fourth Monday of August by the county superintendent as the net debt service fund levy requirement for the district, and a levy must be made by the county commissioners in accordance with 20-9-142.

(3) If the board of county commissioners fails in any school fiscal year to make a levy for any issue or series of bonds of a school district sufficient to raise the money necessary for payment of interest and principal becoming due during the next ensuing school fiscal year, in any amounts established under the provisions of this section, the holder of any bond of the issue or series or any taxpayer of the district may apply to the district court of the county in which the school district is located for a writ of mandate to compel the board of county commissioners of the county to make a sufficient levy for payment purposes. If, upon the hearing of the application, it appears to the satisfaction of the court that the board of county commissioners of the county has failed to make a levy or has made a levy that is insufficient to raise the amount required to be raised as established in the manner provided in this section, the court shall determine the amount of the deficiency and shall issue a writ of mandate directed to and requiring the board of county commissioners, at the next meeting for the purpose of fixing tax levies for county purposes, to fix and make a levy against all taxable property in the school district that is sufficient to raise the amount of the deficiency. The levy is in addition to any levy required to be made at that time for the ensuing school fiscal year. Any costs that may be allowed or awarded the petitioner in the proceeding must be paid by the members of the board of county commissioners and may not be a charge against the school district or the county."

Section 5. Section 20-9-502, MCA, is amended to read:

"20-9-502. Purpose and authorization of building reserve fund by election — levy for school transition costs. (1) The trustees of any district, with the approval of the qualified electors of the district, may establish a building reserve for the purpose of raising money for the future construction, equipping, or enlarging of school buildings, for the purpose of purchasing land needed for school purposes in the district, or for the purpose of funding school transition costs as provided in ~~subsection~~ *subsections* (5) *and (6)*. In order to submit to the qualified electors of the district a building reserve proposition for the establishment of or addition to a building reserve, the trustees shall pass a resolution that specifies:

(a) the purpose or purposes for which the new or addition to the building reserve will be used;

(b) the duration of time over which the new or addition to the building reserve will be raised in annual, equal installments;

(c) the total amount of money that will be raised during the duration of time specified in subsection (1)(b); and

(d) any other requirements under 15-10-425 and 20-20-201 for the calling of an election.

(2) The total amount of building reserve, less the amount provided for in subsection (5), when added to the outstanding indebtedness of the district may not be more than the limitations provided in 20-9-406. Except as provided in ~~subsection~~ *subsections* (5)(b) *and (6)*, a building reserve tax authorization may not be for more than 20 years.

(3) The election must be conducted in accordance with the school election laws of this title, and the electors qualified to vote in the election must be qualified under the provisions of 20-20-301. The ballot for a building reserve proposition must be substantially in compliance with 15-10-425.

(4) The building reserve proposition is approved if a majority of those electors voting at the election approve the establishment of or addition to the building reserve. The annual budgeting and taxation authority of the trustees for a building reserve is computed by dividing the total authorized amount by the specified number of years. The authority of the trustees to budget and impose the taxation for the annual amount to be raised for the building reserve lapses when, at a later time, a bond issue is approved by the qualified electors of the district for the same purpose or purposes for which the building reserve fund of the district was established. Whenever a subsequent bond issue is made for the same purpose or purposes of a building reserve, the money in the building reserve must be used for the purpose or purposes before any money realized by the bond issue is used.

(5) (a) The trustees may submit a proposition to the qualified electors of the district for a levy to provide funding for transition costs incurred when the trustees:

(i) open a new school under the provisions of Title 20, chapter 6;

(ii) close a school;

(iii) replace a school building; or

(iv) consolidate with or annex another district under the provisions of Title 20, chapter 6.

(b) Except as provided in ~~subsection~~ *subsections* (5)(c) *and (6)*, the total amount the trustees may submit to the electorate for transition costs may not exceed the number of years specified in the proposition times the greater of 5% of the district's maximum general fund budget for the current year or $250 per ANB for the current year. ~~The~~ *Except as provided in subsection (6), the* duration of the levy for transition costs may not exceed 6 years.

(c) If the levy for transition costs is for consolidation or annexation:

(i) the limitation on the amount levied is calculated using the ANB and the maximum general fund budget for the districts that are being combined; and

(ii) the proposition must be submitted to the qualified electors in the combined district.

(d) The levy for transition costs may not be considered as outstanding indebtedness for the purpose of calculating the limitation in 20-9-406.

(6) The trustees of a K-12 district shall impose a levy for transition costs to fund the payment required by [section 1(6)(b)] when a proposition to create the K-12 district and to assess the transition levy has been approved pursuant to [section 1(2)]. The levy is limited to the amount required by [section 1(6)(b)] for a period not to exceed 3 years."

Section 6. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 20, chapter 6, part 3, and the provisions of Title 20, chapter 6, part 3, apply to [section 1].

Section 7. Effective date — applicability. [This act] is effective on passage and approval and applies to the creation of new districts on or after [the effective date of this act].

(iii) a consumer reporting agency, as defined in 31-3-102, which shall accept the passport as the direct conveyance of a dispute under 31-3-124 and shall include notice of the dispute in all future reports that contain disputed information caused by identity theft.

(b) Acceptance of the identity theft passport presented by the victim to a law enforcement agency or creditor pursuant to subsection (2)(a) is at the discretion of the law enforcement agency or creditor. A law enforcement agency or creditor may consider the surrounding circumstances and available information regarding the offense of identity theft pertaining to the victim.

(c) An identity theft passport is equivalent to a police report or investigative report when a police report or investigative report is required as proof that the holder is a victim of identity theft.

(3) An application made with the attorney general pursuant to subsection (1), including any supporting documentation, is confidential criminal justice information, as defined in 44-5-103, and must be disseminated accordingly.

(4) The attorney general shall adopt rules to implement this section. The rules must include a procedure by which the attorney general is assured that an identity theft passport applicant has an identity theft claim that is legitimate and adequately substantiated.

(5) A person who knowingly gives a false report to obtain an identity theft passport is guilty of a felony and upon conviction shall be punished as provided by law and by revocation of the passport."

Section 3. Block of information on credit report. (1) Within 30 days after a consumer reporting agency receives from a consumer a complaint of identity theft and documentation as provided in subsection (2), the consumer reporting agency shall permanently block any information that the consumer identifies from the consumer's report that resulted from identity theft as defined in 45-6-332.

(b) the consumer agrees that the blocked information or portions of the blocked information were blocked in error; or

(c) the consumer knowingly obtained possession of goods, services, or money as a result of the transaction for which information was blocked or the consumer should have known that possession of goods, services, or money occurred because of the transaction for which information was blocked.

The prior presence of the blocked information in the consumer reporting agency's file on the consumer is not evidence of whether the consumer knew or should have known that the consumer obtained possession of any goods, services, or money.

(6) In order to facilitate a consumer's right to block information as provided in subsection (1), a law enforcement agency shall provide to the consumer at the consumer's request a copy of a police report filed by the consumer that indicates that the consumer is a victim of 45-6-332.

Section 4. Application to expunge record — identity theft passport required — notice — fee waiver — rules. (1) A victim of identity theft, as described in 45-6-332, may apply to a district court to expunge from the victim's record any records or entries relating to a charge or conviction in which another

person used personal identifying information of the victim to commit an offense or violation, including records or entries relating to a charge or conviction that was dismissed or set aside.

(2) A victim who applies to have a record expunged shall provide to the court an identity theft passport as provided under 46-24-220 and other documents or information necessary to establish that the charge or conviction referred to in subsection (1) was the result of a person using the personal identifying information of the victim to commit the offense or violation.

(3) After granting the expungement, the court shall forward a copy of the expungement order to the department of justice. Upon receipt of the court order, the department shall expunge the pertinent records.

(4) Notwithstanding any other provision of law, a victim seeking expungement under this section may not be charged a fee by the court.

(5) The department of justice may adopt rules to implement procedures regarding law enforcement agency procedures for handling the expunged records.

Section 5. Refund for expunged record. An insurance company that charges an additional premium based on insurance points assessed against a policyholder as a result of a charge or conviction that was expunged because of identity theft pursuant to [section 4] shall refund the additional premiums to the policyholder upon notification and verification of the expungement.

Section 6. Codification instruction. (1) [Sections 1 and 4] are intended to be codified as an integral part of Title 46, chapter 24, part 2, and the provisions of Title 46, chapter 24, part 2, apply to [sections 1 and 4].

CHAPTER NO. 198

[HB 287]

AN ACT OPPOSING THE IMPLEMENTATION OF THE FEDERAL REAL ID ACT AND DIRECTING THE MONTANA DEPARTMENT OF JUSTICE NOT TO IMPLEMENT THE PROVISIONS OF THE FEDERAL ACT.

WHEREAS, in May 2005, the U.S. Congress enacted the REAL ID Act of 2005 (REAL ID Act) as part of the Emergency Supplemental Appropriations Act for Defense, the Global War on Terror, and Tsunami Relief Act (Public Law 109-13), which was signed by President Bush on May 11, 2005, and which becomes fully effective May 11, 2008; and

WHEREAS, some of the requirements of the REAL ID Act are that states shall:

(1) issue a driver's license or state identification card in a uniform format, containing uniform information, all as prescribed by the Department of Homeland Security;

(2) verify the issuance, validity, and completeness of all primary documents used to issue a driver's license, such as those showing that the bearer is a U.S. citizen or a lawful alien, a lawful refugee, or a person holding a valid visa;

(3) provide for secure storage of all primary documents that are used to issue a federally approved driver's license or state identification card;

(4) provide fraudulent document recognition training to all persons engaged in issuing driver's licenses or state identification cards; and

(5) issue a driver's license or state identification card in a prescribed format if it is a license or card that does not meet the criteria provided for a federally approved license or identification card; and

WHEREAS, use of the federal minimum standards for state driver's licenses and state-issued identification cards will be necessary for any type of federally regulated activity for which an identification card must be displayed, including flying in a commercial airplane, making transactions with a federally licensed bank, entering a federal building, or making application for federally supported public assistance benefits, including Social Security; and

WHEREAS, some of the intended privacy requirements of the REAL ID Act, such as the use of common machine-readable technology and state maintenance of a database that can be shared with the United States and agencies of other states, may actually make it more likely that a federally required driver's license or state identification card, or the information about the bearer on which the license or card is based, will be stolen, sold, or otherwise used for purposes that were never intended or that are criminally related than if the REAL ID Act had not been enacted; and

WHEREAS, these potential breaches in privacy that could result directly from compliance with the REAL ID Act may violate the right to privacy, as secured by Article II, section 10, of the Montana Constitution, of thousands of residents of Montana; and

WHEREAS, the American Association of Motor Vehicle Administrators, the National Governors' Association, and the National Conference of State Legislatures have estimated, in an impact analysis dated September 2006, that the cost to the states to implement the REAL ID Act will be more than $11 billion over 5 years, and the Motor Vehicle Division of the Montana Department of Justice has estimated that the implementation of the REAL ID Act will cost Montana $2,660,000 to fully implement the Act, none of which costs are or will be paid for by the federal government; and

WHEREAS, for all of these reasons, the American Association of Motor Vehicle Administrators, the National Governors' Association, and the National Conference of State Legislatures, in a letter dated March 17, 2005, to the majority and minority leaders of the U.S. Senate, opposed the adoption of the REAL ID Act, but the opposition of those groups, and the groups' request that Congress rely on driver's license security provisions already passed by Congress in the Intelligence Reform and Terrorism Prevention Act of 2004, was largely ignored by Congress; and

WHEREAS, the regulations that are to be adopted by the U.S. Department of Homeland Security to implement the requirements of the REAL ID Act have yet to be adopted and, in reality, will probably not become effective until the spring of 2007, effectively giving the states only 1 year in which to become familiar with the implementing regulations and comply with those regulations and the requirements of the REAL ID Act; and

WHEREAS, the mandate to the states, through federal legislation that provides no funding for its requirements, to issue what is, in effect, a national identification card appears to be an attempt to "commandeer" the political machinery of the states and to require them to be agents of the federal government, in violation of the principles of federalism contained in the 10th amendment to the U.S. Constitution, as construed by the United States Supreme Court in New York v. United States, 488 U.S. 1041 (1992), United States v. Lopez, 514 U.S. 549 (1995), and Printz v. United States, 521 U.S. 898 (1997); and

WHEREAS, some states, or legislative bodies in some states, such as New Hampshire and Washington, have, through legislation, opposed the implementation of the REAL ID Act.

THEREFORE, the purpose of the Legislature in enacting [this act] is to refuse to implement the REAL ID Act and thereby protest the treatment by Congress and the President of the states as agents of the federal government and, by that protest, lead other state legislatures and Governors to reject the

treatment by the federal government of the 50 states by the enactment of the REAL ID Act.

Be it enacted by the Legislature of the State of Montana:

Section 1. Legislative finding and direction to state agency not to implement REAL ID Act. (1) The legislature finds that the enactment into law by the U.S. congress of the REAL ID Act of 2005, as part of Public Law 109-13, is inimical to the security and well-being of the people of Montana, will cause unneeded expense and inconvenience to those people, and was adopted by the U.S. congress in violation of the principles of federalism contained in the 10th amendment to the U.S. constitution.

(2) The state of Montana will not participate in the implementation of the REAL ID Act of 2005. The department, including the motor vehicle division of the department, is directed not to implement the provisions of the REAL ID Act of 2005 and to report to the governor any attempt by agencies or agents of the U.S. department of homeland security to secure the implementation of the REAL ID Act of 2005 through the operations of that division and department.

Section 2. Codification instruction. [Section 1] is intended to be codified as an integral part of Title 61, chapter 5, part 1, and the provisions of Title 61, chapter 5, part 1, apply to [section 1].

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 33-23-203, MCA, is amended to read:

"33-23-203. Limitation of liability under motor vehicle liability policy. (1) Unless a motor vehicle liability policy specifically provides otherwise, the limits of insurance coverage available under each part of the policy must be determined as follows, regardless of the number of motor vehicles insured under the policy, the number of policies issued by the same company covering the insured, or the number of separate premiums paid:

(a) the limits of insurance coverages available for any one accident are the limits specified for each coverage available under the policy insuring the motor vehicle involved in the accident;

(b) if the motor vehicle involved in the accident is not insured under a policy, the limits of the insurance coverages available for any one accident are the highest limits of the coverages specified under one policy for one motor vehicle insured under that policy; and

(c) the limits of the coverages specified under one policy or under more than one policy issued by the same company may not be added together to determine the limits of insurance coverages available under the policy or policies for any one accident *if the premiums charged for the coverage by the insurer actuarially reflect the limiting of coverage separately to the vehicles covered by the policy and the premium rates have been filed with the commissioner*.

(2) A motor vehicle liability policy may also provide for other reasonable limitations, exclusions, reductions of coverage, or subrogation clauses that are designed to prevent duplicate payments for the same element of loss under the motor vehicle liability policy or under another casualty policy that provides coverage for an injury that necessitates damages or benefit payments or to prevent the adding together of insurance coverage limits in one policy or from more than one policy issued by the same company.

(3) An insurer that charges a premium for a specified coverage shall clearly inform or notify the insured in writing of the limits of the coverage with respect to the premium charged and whether the coverage from one policy or motor vehicle may be added to the coverage of another policy or motor vehicle.

~~(4)~~*(4)* ~~Nothing in this~~ *This* section is *not* intended to create coverage for a motor vehicle that would otherwise be uninsured."

WHEREAS, mediation and other methods of alternative dispute resolution have proved effective in lessening the burden in other areas of the legal system; and

WHEREAS, many crimes are more amenable to mediation than to criminal prosecution; and

WHEREAS, it is the intent of the Montana Legislature to allow judges of the District, Justices', City, and Municipal Courts to suggest, and the parties to request by motion, mediation for certain criminal proceedings.

Be it enacted by the Legislature of the State of Montana:

(4) At any point during mediation, a party may withdraw from the mediation without penalty or sanction.

(5) This section does not prohibit the parties from engaging in traditional plea negotiations.

Section 3. Factors to use in determining appropriateness of mediation. In deciding whether mediation is appropriate, the court may consider:

(1) the nature of the offense;

(2) any special circumstances or characteristics of the defendant or any victim;

(3) whether the defendant previously participated in mediation in the current or a prior proceeding;

(3) After a successful mediation, the results of the mediation and any agreement reached by the parties to the mediation are subject to the approval of the court.

Section 5. Privilege and confidentiality. Mediation communications and documents are privileged and confidential and may not be disclosed in any judicial or administrative proceeding except when:

(1) the parties to the mediation agree, in writing, to disclosure;

(2) a written agreement by the parties to mediate permits disclosure;

(3) a communication or document provides evidence of an ongoing or future criminal activity;

(4) disclosure is necessary to prevent an action or event that is reasonably likely to result in death, serious bodily harm, or substantial injury to the financial interests or property of another;

The reasonable necessity must be written in plain, easily understood language. If the agency proposes to adopt, increase, or decrease a monetary amount that a person shall pay or will receive, such as a fee, cost, or benefit, the notice must include an estimate, if known, of:

made timely requests to the agency to be informed of its rulemaking proceedings, and to the office of any professional, trade, or industrial society or organization or member of those entities who has filed a request with the appropriate administrative rule review committee when the request has been forwarded to the agency as provided in subsection (2)(b). Each agency shall create and maintain a list of interested persons and the subject or subjects in which each person on the list is interested. A person who submits a written comment or attends a hearing in regard to proposed agency action under this part must be informed of the list by the agency. An agency complies with this subsection if it includes in the notice an advisement explaining how persons may be placed on the list of interested persons and if it complies with subsection (7).

(b) The appropriate administrative rule review committee shall forward a list of all organizations or persons who have submitted a request to be informed of agency actions to the agencies that the committee oversees that publish rulemaking notices in the register. The list must be amended by the agency upon request of any person requesting to be added to or deleted from the list.

(3) If a statute provides for a method of publication different from that provided in subsection (2), the affected agency shall comply with the statute in addition to the requirements contained in this section. However, the notice period may not be less than 30 days or more than 6 months.

(4) Prior to the adoption, amendment, or repeal of any rule, the agency shall afford interested persons at least 20 days' notice of a hearing and at least 28 days from the day of the original notice to submit data, views, or arguments, orally or in writing. If an amended or supplemental notice is filed, additional time may be allowed for oral or written submissions. In the case of substantive rules, the notice of proposed rulemaking must state that opportunity for oral hearing must be granted if requested by either 10% or 25, whichever is less, of the persons who will be directly affected by the proposed rule, by a governmental subdivision or agency, by the appropriate administrative rule review committee, or by an association having not less than 25 members who will be directly affected. If the proposed rulemaking involves matters of significant interest to the public, the agency shall schedule an oral hearing.

(5) An agency may continue a hearing date for cause. In the discretion of the agency, contested case procedures need not be followed in hearings held pursuant to this section. If a hearing is otherwise required by statute, nothing in this section alters that requirement.

(6) If an agency fails to publish a notice of adoption within the time required by 2-4-305(7) and the agency again proposes the same rule for adoption, amendment, or repeal, the proposal must be considered a new proposal for purposes of compliance with this chapter.

(ii) The department shall calculate the average annual growth rate of the Montana gross state product, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(ii)(A).

(iii) The department shall calculate the average annual growth rate of Montana personal income, as published by the bureau of economic analysis of the United States department of commerce, for the following periods:

(A) the last 4 calendar years for which the information has been published; and

(B) the 4 calendar years beginning with the year before the first year in the period referred to in subsection (3)(a)(iii)(A).

(b) (i) The entitlement share pool growth rate for the first year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(B) and (3)(a)(iii)(B):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(ii) The entitlement share pool growth rate for the second year of the biennium must be the following percentage of the average of the growth rates calculated in subsections (3)(a)(ii)(A) and (3)(a)(iii)(A):

(A) for counties, 54%;

(B) for consolidated local governments, 62%; and

(C) for incorporated cities and towns, 70%.

(4) As used in this section, "local government" means a county, a consolidated local government, an incorporated city, and an incorporated town. A local government does not include a tax increment financing district provided for in subsection (6). For purposes of calculating the base year component for a county or consolidated local government, the department shall include the revenue listed in subsection (1) for all special districts within the county or consolidated local government. The county or consolidated local government is responsible for making an allocation from the county's or consolidated local government's share of the entitlement share pool to each special district within the county or consolidated local government in a manner that reasonably reflects each special district's loss of revenue sources listed in subsection (1).

(5) (a) The entitlement share pools calculated in this section and the block grants provided for in subsection (6) are statutorily appropriated, as provided in 17-7-502, from the general fund to the department for distribution to local governments. Each local government is entitled to a pro rata share of each year's entitlement share pool based on the local government's base component in relation to the base year entitlement share pool. The distributions must be made on a quarterly basis.

(b) (i) The growth amount is the difference between the entitlement share pool in the current fiscal year and the entitlement share pool in the previous fiscal year. For the purposes of subsection (5)(b)(ii)(A), a county with a negative base year component has a base year component of zero. The growth factor in the entitlement share must be calculated separately for:

(A) counties;

(B) consolidated local governments; and

(C) incorporated cities and towns.

(ii) In each fiscal year, the growth amount for counties must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each county's percentage of the base year entitlement share pool for all counties; and

(B) 50% of the growth amount must be allocated based upon the percentage that each county's population bears to the state population not residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iii) In each fiscal year, the growth amount for consolidated local governments must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each consolidated local government's percentage of the base year entitlement share pool for all consolidated local governments; and

(B) 50% of the growth amount must be allocated based upon the percentage that each consolidated local government's population bears to the state's total population residing within consolidated local governments as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(iv) In each fiscal year, the growth amount for incorporated cities and towns must be allocated as follows:

(A) 50% of the growth amount must be allocated based upon each incorporated city's or town's percentage of the base year entitlement share pool for all incorporated cities and towns; and

(B) 50% of the growth amount must be allocated based upon the percentage that each city's or town's population bears to the state's total population residing within incorporated cities and towns as determined by the latest interim year population estimates from the Montana department of commerce as supplied by the United States bureau of the census.

(v) In each fiscal year, the amount of the entitlement share pool not represented by the growth amount is distributed to each local government in the same manner as the entitlement share pool was distributed in the prior fiscal year.

(6) (a) If a tax increment financing district was not in existence during the fiscal year ending June 30, 2000, then the tax increment financing district is not entitled to any block grant. If a tax increment financing district referred to in subsection (6)(b) terminates, then the block grant provided for in subsection (6)(b) terminates.

(b) One-half of the payments provided for in this subsection (6)(b) must be made by November 30 and the other half by May 31 of each year. Subject to subsection (6)(a), the entitlement share for tax increment financing districts is as follows:

Cascade	Great Falls - downtown	$468,966
Deer Lodge	TIF District 1	3,148
Deer Lodge	TIF District 2	3,126
Flathead	Kalispell - District 1	758,359
Flathead	Kalispell - District 2	5,153
Flathead	Kalispell - District 3	41,368
Flathead	Whitefish District	164,660
Gallatin	Bozeman - downtown	34,620
Lewis and Clark	Helena - #2	731,614
Missoula	Missoula - 1-1B & 1-1C	1,100,507
Missoula	Missoula - 4-1C	33,343
Silver Bow	Butte - uptown	283,801
Yellowstone	Billings	436,815

(7) The estimated base year entitlement share pool and any subsequent entitlement share pool for local governments do not include revenue received from countywide transportation block grants or from countywide retirement block grants.

(8) (a) If revenue that is included in the sources listed in subsections (1)(b) through (1)(o) is significantly reduced, except through legislative action, the department shall deduct the amount of revenue loss from the entitlement share pool beginning in the succeeding fiscal year and the department shall work with local governments to propose legislation to adjust the entitlement share pool to reflect an allocation of the loss of revenue.

(b) For the purposes of subsection (8)(a), a significant reduction is a loss that causes the amount of revenue received in the current year to be less than 95% of the amount of revenue received in the base year.

(9) A three-fifths vote of each house is required to reduce the amount of the entitlement share calculated pursuant to subsections (1) through (3).

(10) When there has been an underpayment of a local government's share of the entitlement share pool, the department shall distribute the difference between the underpayment and the correct amount of the entitlement share. When there has been an overpayment of a local government's entitlement share, the local government shall remit the overpaid amount to the department.

(11) A local government may appeal the department's estimation of the base year component, the entitlement share pool growth rate, or a local government's allocation of the entitlement share pool, according to the uniform dispute review procedure in 15-1-211.

(12) A payment required pursuant to this section may not be offset by a debt owed to a state agency by a local government in accordance with Title 17, chapter 4, part 1."

Section 2. Effective date. [This act] is effective on passage and approval.

Section 3. Applicability. [This act] applies to entitlement share payments under 15-1-121 made in fiscal year 2007 and subsequent fiscal years. The department of revenue shall adjust the fourth quarterly payments for fiscal year 2007 to reflect the base entitlement share for each county as adjusted in [this act].

CHAPTER NO. 211

[SB 177]

AN ACT EXTENDING THE TIME IN WHICH A PETITION MAY BE FILED WITH A DISTRICT COURT TO SET ASIDE AN AGENCY DECISION MADE IN VIOLATION OF THE PUBLIC PARTICIPATION IN GOVERNMENT STATUTES IN TITLE 2, CHAPTER 3, PART 1 OR 2, MCA; AND AMENDING SECTIONS 2-3-114 AND 2-3-213, MCA.

WHEREAS, sections 2-3-114 and 2-3-213, MCA, now require that civil actions brought under either of those sections in District Court to enforce the laws allowing citizen participation in government be brought within 30 days of an agency decision made in violation of those laws; and

WHEREAS, the effect of the 30-day limitation is to prohibit suits brought after that 30-day limit, as was confirmed by the Montana Supreme Court in the case of Kadillak v. The Anaconda Co., 184 M 127 (1979), in which the Supreme Court held that a District Court had no jurisdiction to even consider a case brought after the 30-day period had passed; and

WHEREAS, if an agency, board, or other public entity holds a meeting but does not give notice of a meeting, does not publish an agenda for the meeting, and does not publish minutes of a meeting, there is no way for the public to know whether a meeting occurred, whether a decision was made by the agency, board, or other public entity that is of public interest, or whether the 30-day "clock" has in fact started, except by word of mouth; and

WHEREAS, if a potential plaintiff learns of the meeting by word of mouth at a time too late in the 30-day period to discuss the violation of the participation in government statutes with a potential defendant, it could force a hasty decision to bring suit against the agency, board, or other public entity just because the 30-day period has almost passed.

THEREFORE, it is the determination of the State Administration and Veterans' Affairs Interim Committee that the starting of the 30-day "clock" at the time that a potential plaintiff or petitioner learns or should have learned of a decision made at a meeting held in violation of the law will still apply a limitation to the time that a suit may be brought, but is more fair to a plaintiff or petitioner who might otherwise be precluded from legal action, with the agency, board, or other public entity thereby being rewarded for its secrecy.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 2-3-114, MCA, is amended to read:

"2-3-114. Enforcement. The district courts of the state have jurisdiction to set aside an agency decision under this part upon petition ~~made within 30 days of the date of the decision~~ of any person whose rights have been prejudiced. *A petition pursuant to this section must be filed within 30 days of the date on which the petitioner learns, or reasonably should have learned, of the agency's decision.*"

Section 2. Section 2-3-213, MCA, is amended to read:

"2-3-213. Voidability. Any decision made in violation of 2-3-203 may be declared void by a district court having jurisdiction. A suit to void ~~any such~~ *a* decision must be commenced within 30 days of the ~~decision~~ *date on which the plaintiff or petitioner learns, or reasonably should have learned, of the agency's decision.*"

CHAPTER NO. 212

[SB 193]

AN ACT REQUIRING A CHILD PROTECTIVE SOCIAL WORKER TO SUBMIT AN AFFIDAVIT TO THE COUNTY ATTORNEY WITHIN 2 WORKING DAYS OF A CHILD'S REMOVAL FROM A HOME; REQUIRING THE AFFIDAVIT TO BE PROVIDED TO THE PARENTS AT THE SAME TIME, IF POSSIBLE; INCREASING THE TIME TO FILE AN ABUSE AND NEGLECT PETITION FROM 2 DAYS TO 5 DAYS; AND AMENDING SECTION 41-3-301, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 41-3-301, MCA, is amended to read:

"41-3-301. Emergency protective service. (1) Any child protective social worker of the department, a peace officer, or the county attorney who has reason to believe any youth is in immediate or apparent danger of harm may immediately remove the youth and place the youth in a protective facility. After ensuring that the child is safe, the department may make a request for further assistance from the law enforcement agency or take appropriate legal action. The person or agency placing the child shall notify the parents, parent, guardian, or other person having physical custody of the youth of the placement at the time the placement is made or as soon after placement as possible. Notification under this subsection must include the reason for removal, information regarding the show cause hearing, and the purpose of the show cause hearing and must advise the parents, parent, guardian, or other person having physical custody of the youth that the parents, parent, guardian, or other person may have a support person present during any in-person meeting with the social worker concerning emergency protective services.

(2) If a social worker of the department, a peace officer, or the county attorney determines in an investigation of abuse or neglect of a child that the child is in danger because of the occurrence of partner or family member assault, as provided for in 45-5-206, against an adult member of the household or that the child needs protection as a result of the occurrence of partner or family member assault against an adult member of the household, the department shall take appropriate steps for the protection of the child, which may include:

(a) making reasonable efforts to protect the child and prevent the removal of the child from the parent or guardian who is a victim of alleged partner or family member assault;

(b) making reasonable efforts to remove the person who allegedly committed the partner or family member assault from the child's residence if it is determined that the child or another family or household member is in danger of partner or family member assault; and

(c) providing services to help protect the child from being placed with or having unsupervised visitation with the person alleged to have committed partner or family member assault until the department determines that the alleged offender has met conditions considered necessary to protect the safety of the child.

(3) If the department determines that an adult member of the household is the victim of partner or family member assault, the department shall provide the adult victim with a referral to a domestic violence program.

(4) A child who has been removed from the child's home or any other place for the child's protection or care may not be placed in a jail.

(5) *If a child is removed from the child's home by the department, a child protective social worker shall submit an affidavit regarding the circumstances of the emergency removal to the county attorney and provide a copy of the affidavit to the parents or guardian, if possible, within 2 working days of the emergency removal.* An abuse and neglect petition must be filed within ~~2~~ *5* working days, excluding weekends and holidays, of *the* emergency ~~placement~~ *removal* of a child unless arrangements acceptable to the agency for the care of the child have been made by the parents or voluntary protective services are provided pursuant to 41-3-302.

(6) Except as provided in the federal Indian Child Welfare Act, if applicable, a show cause hearing must be held within 20 days of the filing of the initial petition unless otherwise stipulated by the parties pursuant to 41-3-434.

(7) If the department determines that a petition for immediate protection and emergency protective services must be filed to protect the safety of the child, the social worker shall interview the parents of the child to whom the petition pertains, if the parents are reasonably available, before the petition may be filed. The district court may immediately issue an order for immediate protection of the child. The district court may not order further relief until the parents, if they are reasonably available, are given the opportunity to appear before the court or have their statements, if any, presented to the court for consideration before entry of an order granting the petition.

(8) The department shall make the necessary arrangements for the child's well-being as are required prior to the court hearing."

The compact is as follows:

WATER RIGHTS COMPACT

STATE OF MONTANA

UNITED STATES OF AMERICA, DEPARTMENT OF AGRICULTURE, FOREST SERVICE

This Compact is entered into by the State of Montana ("State") and the United States of America ("United States") to settle for all time any and all claims existing on the Effective Date of This Compact to federal reserved water rights for National Forest System Lands administered by the Forest Service, an agency of the United States Department of Agriculture ("Forest Service"), within the State of Montana.

RECITALS

WHEREAS, the State of Montana, in 1979, pursuant to Title 85, chapter 2, of the Montana Code Annotated, commenced a general adjudication of the rights to the use of water within the State of Montana, including all federal reserved and appropriative water rights;

WHEREAS, section 85-2-703, MCA, provides that the State may negotiate compacts concerning the equitable division and apportionment of water between the State and its people and the federal government with claims to non-Indian federal reserved water rights within the State of Montana;

WHEREAS, section 85-2-228, MCA, provides that a federal reserved water right with a priority date of July 1, 1973, or later be subject to the same process and adjudication as a federal reserved water right with a priority date before July 1, 1973;

WHEREAS, the United States wishes to secure water rights to fulfill the purposes of National Forest System Lands in the State of Montana;

WHEREAS, the United States, in quantifying and securing water rights to meet National Forest System purposes, seeks cooperatively to accommodate the interests of the State and its citizens and to avoid the conflict and uncertainty inherent in litigating federal reserved water rights claims. The United States believes that the natural flows needed for favorable conditions of flow, for fisheries, and for other resource management goals and obligations on National Forest System Lands can be achieved, without materially affecting the interests of the United States, through the use of state law as provided in this Compact.

WHEREAS, the United States Attorney General or a duly designated official of the United States Department of Justice has authority to execute this Compact on behalf of the United States pursuant to the authority to settle litigation contained in 28 U.S.C. 516 and 517;

WHEREAS, The Secretary of Agriculture or a duly designated official of the United States Department of Agriculture has authority to execute this Compact on behalf of the United States Department of Agriculture pursuant to 7 U.S.C. 2201 note, Section 1(a);

NOW THEREFORE, the State of Montana and the United States agree as follows:

ARTICLE I

DEFINITIONS

For purposes of this Compact only the following definitions shall apply:

(1) "Abstracts" means the documents included in Appendix 1 of this Compact, entitled "Abstracts of Forest Service Federal Reserved Water Rights for Current Discrete Administrative Uses", referenced in this Compact as Appendix 1.

(2) "Concurrently" for the purposes of instream uses means not cumulative to the flow of other instream, nondiversionary water rights on the same reach of stream and for the purposes of in situ uses means not cumulative to the volume or flow of other in situ, nondiversionary water rights from the same source of water.

(3) "Department" means the Montana Department of Natural Resources and Conservation or its successor.

(4) "Discrete Administrative Use" means a federal reserved water right to divert or withdraw water from a source of supply for use authorized under the Organic Administrative Act, 16 U.S.C. 473, et seq., necessary to fulfill the primary purposes of a National Forest at administrative sites on National Forest System Lands and includes but is not limited to federal reserved water rights for the following purposes: water for district offices, ranger stations, guard stations, work centers, and housing; water used for facilities operated for administrative purposes; water used for permanently established tree nurseries and seed orchards; and water for maintaining riding and pack stock used for administrative purposes.

(5) "Dispersed Administrative Use" means a federal reserved water right to divert or withdraw water from time to time, as needed, from a source of supply for use authorized under the Organic Administrative Act, 16 U.S.C. 473, et seq., necessary to fulfill the primary purposes of a National Forest within a specified area on National Forest System Lands and includes but is not limited to federal reserved water rights for the following purposes: water for dust abatement and road construction; water for prescribed fire management; water for reclamation;

water used to establish vegetation; water used temporarily for establishment of nursery stock and seed orchards; and water for other incidental administrative purposes.

(6) "Effective Date of This Compact" means the date of the ratification of the Compact by the Montana Legislature, written approval by the United States Department of Agriculture, or written approval by the United States Department of Justice, whichever is later.

(7) "In situ" means water with a surface expression used in the place of its natural occurrence and without need of a diversion structure, measured as a flow, level, or volume of water.

(8) "National Forest System Lands" means all lands within Montana that are owned by the United States and administered by the Secretary of Agriculture through the Forest Service, but does not include any lands within the exterior boundaries of National Forest System units that are not owned by the United States and administered by the Secretary of Agriculture through the Forest Service.

(9) "Parties" means the State and the United States.

(10) "Person" means an individual, association, partnership, corporation, state agency, political subdivision, or any other entity, but does not include the United States.

(11) "South Fork Flathead Wild and Scenic River" means the segment of the South Fork of the Flathead River from its origin to Hungry Horse Reservoir located in Montana that, pursuant to the Wild and Scenic Rivers Act, 16 U.S.C. 1271, et seq., was designated as a component of the National Wild and Scenic Rivers System by Public Law 94-486, 16 U.S.C. 1274(a)(13), on October 12, 1976.

(12) "State" means the State of Montana and all officers, agents, departments, and political subdivisions thereof. (14) "Water Right Recognized Under State Law" means a water right or use created and administered under Montana law and includes all Forest Service water rights created in Article V of this Compact and state water reservations granted, but does not include a federal or tribal reserved water right recognized by the State.

(15) "Wetted Perimeter Methodology" means an instream flow methodology for fisheries flow based on habitat for food production in the shallow, fast-moving water of a stream. The wetted perimeter is the distance across the bottom and sides of a stream channel, measured at a riffle area, that is in contact with the water. A graph of the wetted perimeter versus discharge generally yields two inflection points. The upper inflection point of the graph is the level above which large increases in discharge result in a small increase of the wetted perimeter. The lower inflection point of the graph is the level below which small decreases in discharge result in large decreases of the wetted perimeter.

ARTICLE II

C. **Emergency Fire Suppression.**

The use of water for emergency fire suppression benefits the public and is necessary for the primary purposes of the National Forest System Lands in Montana. The United States has a federal reserved water right to divert or withdraw water on National Forest System Lands, with the priority date for each Water Court basin set forth in Table 1 of this Compact, from a stream, lake, or pond, as needed for emergency fire suppression for the benefit of National Forest System Lands, and without a definition of the specific elements of a recordable water right, subject to the terms of Article III. Use of water for emergency fire suppression shall not be considered an exercise of the United States' federal reserved water rights for Discrete Administrative Uses as described in Article II, section A., or Dispersed Administrative Uses as described in Article II, section B.

D. **South Fork Flathead Wild and Scenic River.**

The United States has a federal reserved water right with a priority date of October 12, 1976, for instream flow on the South Fork Flathead Wild and Scenic River in the amount of the entire flow of the river, less any of the United States' Discrete Administrative Uses as described in Article II, section A., and Dispersed Administrative Uses as described in Article II, section B., provided that the instream flow water right is subordinate to all Water Rights Recognized Under State Law with a priority date before the Effective Date of This Compact.

This federal reserved water right ends at the point where the South Fork Flathead Wild and Scenic River flows into Hungry Horse Reservoir.

ARTICLE III

IMPLEMENTATION OF FEDERAL RESERVED WATER RIGHTS

A. **Abstracts.**

Abstracts for all the United States' federal reserved water rights for Current Discrete Administrative Use on National Forest System Lands are set forth in Appendix 1. The Parties prepared the Abstracts to comply with the requirements for a final decree as set forth in 85-2-234, MCA, and in an effort to assist the state courts in the process of entering decrees accurately and comprehensively reflecting the rights for current Discrete Administrative Uses as described in this Compact. The rights specified in the Abstracts are subject to the terms of this Compact.

B. **Enforcement and Administration of Federal Reserved Water Rights.**

1. When a controversy arises between the United States' federal reserved water rights described by this Compact and another holder of a Water Right Recognized Under State Law or, for enforcement pursuant to Article VIII, section B., when there is a question concerning the use of water on National Forest System Lands under this Compact, the United States, the State, or a holder of a Water Right Recognized Under State Law may petition a court of competent jurisdiction for relief. Resolution of any controversy must be governed by the terms of this Compact when applicable or, to the extent not applicable, by appropriate federal or state law.

2. For the purpose of the administration of federal reserved water rights provided for in Article II, the United States agrees that a water commissioner or other official appointed by a court of competent jurisdiction may enter National Forest System Lands to collect data, inspect structures for the diversion and measurement of water, and distribute the federal reserved water rights in Article II. The terms of entry or distribution may be limited, as appropriate, by an order of a court of competent jurisdiction. Nothing in this Compact waives the right of the United States, with respect to a specific action or anticipated action by a water commissioner or other official under this subsection, to seek terms of entry or distribution consistent with federal law if in conflict with state law.

3. The Department may enter National Forest System Lands for which a federal reserved water right is described in Article II for the purposes of data collection on Forest Service water diversions or notice requirements by the United States, pursuant to Article III, section C.3., of this Compact.

C. **Use of Federal Reserved Water Rights.**

1. **Federal Reserved Water Rights.**

The rights of the United States described in Article II of this Compact are federal reserved water rights. Non-use of all or a part of the federal reserved water rights described in this Compact shall not constitute abandonment of the right.

2. **Development of Future Discrete Administrative Uses.**

The United States, without prior approval of the Department, may develop a Discrete Administrative Use after the Effective Date of This Compact as described in Article II, section A.2., provided that:

(a) the purpose of use of the water is for a Discrete Administrative Use as defined in Article I(4) and described in Article II, section A.2.;

(b) the quantity of water for Discrete Administrative Uses diverted or withdrawn shall not exceed the total amount as set forth in Article II, Table 1; and

(c) the use shall not adversely affect a senior Water Right Recognized Under State Law.

3. **Use of Dispersed Administrative Uses.**

The United States, without prior approval of the Department, may use its federal reserved water right for Dispersed Administrative Uses, as needed, provided that:

(a) the purpose of use of the water is for a Dispersed Administrative Use as defined in Article I(5) and described in Article II, section B.;

(b) the total quantity of water for Dispersed Administrative Uses diverted or withdrawn shall not exceed the amount as set forth in Article II, Table 1;

(c) the Forest Service shall provide notice of a Dispersed Administrative Use as follows:

(i) for uses of 20,000 gallons or less per day from a single source of supply, no notice is required;

(ii) for uses greater than 20,000 gallons per day and less than 60,000 gallons per day from a single source of supply, a notice must be posted at the site of the diversion or withdrawal for the entire period during which water is being diverted or withdrawn. The notice posted shall be clearly legible and visible and provide the following information:

(A) source of water;

(B) purpose of use;

(C) starting and ending date of diversion;

(D) place of use;

(E) diversion flow rate;

(F) maximum volume of water to be diverted or withdrawn per day; and

(G) name and contact information for the contractor, the local Forest Service Ranger District, and the local Department Water Resources Regional Office.

(iii) for uses greater than 60,000 gallons per day from a single source of supply, the local Department Water Resources Regional Office must be notified at least 10 days but not more than 45 days in advance of the initial use of the water. Notice must be posted at the site of the diversion or withdrawal, as provided in Article III, section C.3.(c)(ii). Notification to the Department Water Resources Regional Office must provide the following information:

(A) source of water;

(B) legal description of the point of diversion or withdrawal;

(C) place of use;

(D) map showing preceding three items;

(E) purpose of use;

(F) starting and ending date of use;

(G) diversion flow rate;

(H) maximum volume of water to be diverted or withdrawn per day; and

(I) name and contact information for the contractor and the local Forest Service Ranger District.

(d) the diversion or withdrawal of water for a Dispersed Administrative Use shall not adversely affect a senior Water Right Recognized Under State Law; and

(e) if notified that the diversion or withdrawal for a Dispersed Administrative Use is adversely affecting a senior Water Right Recognized Under State Law, the Forest Service will immediately cease diversion or withdrawal from that source of supply. To resume the diversion or withdrawal, the Forest Service can move the diversion or withdrawal to another source of supply or satisfy the senior user and the Department Water Resources Regional Office Manager that use will not adversely affect the senior user or users.

D. **Change in Use of Federal Reserved Water Rights.**

1. **Discrete Administrative Uses.**

The United States, without approval of the Department, may change a Discrete Administrative Use described in Article II, section A., provided that:

(a) the purpose of use of the water remains a Discrete Administrative Use as defined in Article I(4) and described in Article II, section A.;

(b) the quantity of water for Discrete Administrative Uses diverted or withdrawn shall not exceed the total amount as set forth in Article II, Table 1; and

(c) the change shall not adversely affect a Water Right Recognized Under State Law.

2. **Dispersed Administrative Uses.**

The United States' federal reserved water right to divert or withdraw water for Dispersed Administrative Uses as described in Article II, section B., shall not be changed to any other use.

3. **Emergency Fire Suppression.**

The United States' federal reserved water right to divert or withdraw water for Emergency Fire Suppression as described in Article II, section C., shall not be changed to any other use.

4. **South Fork Flathead Wild and Scenic River.**

The United States' federal reserved water right for instream flow for the South Fork Flathead Wild and Scenic River, as described in Article II, section D., shall not be changed to any other use.

E. **Reporting Requirements.**

1. The Forest Service agrees to provide a report to the Department on an annual basis or on a periodic basis agreed to by the Parties containing information on development of Discrete Administrative Uses, as described in Article III, section C.2., and any change of a Discrete Administrative Use, as described in Article III, section D.1.

2. Upon request by the Department, the Forest Service shall report to the Department information it has regarding water use for Emergency Fire Suppression, as described in Article II, section C.

3. For Dispersed Administrative Uses, as described in Article III, section C.3.(c)(ii) and (iii), upon request by the Department, the Forest Service shall provide copies of notice postings for the stream or basin requested.

4. For Dispersed Administrative Uses, as described in Article III, section C.3.(c)(i), upon request by the Department, the Forest Service shall report information it has available. In the event the Department requests additional information for future reports on a stream or basin for enforcement or water distribution purposes, the Forest Service agrees to comply with the request.

F. **Ownership Interest in Water for Purposes of Statewide Adjudication.**

The federal reserved water rights for Administrative Uses and Emergency Fire Suppression described in Article II, sections A., B., and C., are ownership interests in water and its use for each water source within National Forest System Lands that has been affected by a temporary preliminary decree or preliminary decree.

ARTICLE IV

STATE LAW PROVISIONS

A. **Compact Principles.**

In order to promote settlement of issues between the United States and the State, the United States agrees to relinquish any and all claims to federal reserved water rights for instream flows on National Forest System Lands. The State agrees that, in consideration for the United States' agreement not to pursue federal reserved water rights for instream flows on National Forest System Lands, the following principles, subject to the terms of this Compact, shall be included in state law:

1. **Forest Service Water Rights Recognized Under Law Created in This Compact**.

There shall be created by this Compact Water Rights Recognized Under State Law held by the Forest Service as set forth in Article V, Table 2.

2. **State Water Reservation Process.**

(a) There shall be a state water reservation process providing a means for the United States to appropriate state-law-based water rights for a minimum instream flow, level, or quality of water that provides an opportunity for hearing and judicial review.

(i) Any appropriation granted under this process will result in a water right held by the United States that is protectable and enforceable under state law, and shall not be subject to periodic review or reallocation.

(ii) The date of appropriation for water rights granted under the state water reservation process will be the date of filing of the application for state water reservations and will be senior in priority to any applications for state water reservations filed after that date.

(b) The Parties agree that the language of 85-2-316, MCA, on the Effective Date of This Compact and the terms of Article VI of this Compact satisfy the principles in Article IV, section A.2.

3. **New State Water Reservation Section.**

The United States shall have the right to apply for a state water reservation under a new specific procedure in limited circumstances for state water reservations as set forth in Article VI, section B.

4. **Standing.**

In the ongoing statewide adjudication, the United States shall have the right to object to and participate as an objector to any water right claim for water use or storage on or water conveyed across National Forest System Lands. The Parties agree that the language of 85-2-233, MCA, on the Effective Date of This Compact satisfies the principles in Article IV, section A.4.

B. **State Law Adopted as a Condition Precedent to This Compact.**

Subject to Article VIII, section D., the Parties agree that as a condition precedent to this Compact, the following provisions will be adopted as state law:

1. **Sequencing.**

(a) The permitting process for water appropriations under state law and the permitting for the access and use of National Forest System Lands in relation to water appropriations will be sequenced to avoid conflict between state and federal permitting.

(b) The applicant is required to show proof of federal authorization before the application for a new appropriation of water or a change of appropriation will be correct and complete when:

(i) a state permit is required prior to a new appropriation of water, including ground water, or a change of appropriation; and

(ii) a federal authorization is required to occupy, use, or traverse National Forest System Lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water for the appropriation or change of appropriation.

(c) The state permit for a new appropriation shall be subject to any terms, conditions and limitations related to the use of water contained in the required federal authorization.

(d) The Parties agree that the language of 85-2-302, 85-2-310, 85-2-311, 85-2-312, and 85-2-402, MCA, on the Effective Date of This Compact satisfies this condition precedent.

2. **Change of Diversionary Use to Instream Flow.**

In addition to any other process available under state law, the Forest Service may apply for a change of use from an appropriation right to divert or withdraw water on land owned by the United States that is located within or immediately adjacent to the exterior boundaries of National Forest System Lands on the Effective Date of This Compact to an instream flow water right on National Forest System Lands within or immediately adjacent to the exterior boundaries of National Forest System Lands on the Effective Date of This Compact in accordance with procedures required under state law. The Parties agree that the language of [section 2] on the Effective Date of This Compact satisfies the principles in Article IV, section B.2.

B. **Priority Date.**

The priority date of each of the Forest Service Water Rights Recognized Under State Law created in Article V, section A., is the Effective Date of This Compact.

C. **Purpose of Use.**

Except for Water Right Number 76M-30023928, the purpose of use of each of the Forest Service Water Rights Recognized Under State Law created in Article V, section A., is fishery. The purpose of use for Water Right Number 76M-30023928, created in Article V, section A., is wildlife, which includes habitat.

D. **Period of Use.**

The period of use of each of the Forest Service Water Rights Recognized Under State Law created in Article V, section A., is January 1 to December 31.

E. **Limitation on Objections to Changes.**

A Forest Service Water Right Recognized Under State Law created in Article V, section A., shall not be the basis to preclude a change in point of diversion, means of diversion, or place of use of a senior, direct-from-source, stock water right within an allotment on National Forest System Lands if the change is for dispersing stock in the allotment and the proposed change does not expand historic consumptive use of the stock water right.

F. **Administration and Enforcement.**

The Forest Service Water Rights Recognized Under State Law created in Article V, section A., are appropriations under state law and, as such, will be administered by the State and enforced in accordance with state law. The United States, as owner and user of these water rights, is entitled to the same benefits and is subject to the same regulations as all other holders of a Water Right Recognized Under State Law.

G. **Concurrent With Other Instream Flow Uses.**

The Forest Service Water Rights Recognized Under State Law created in Article V, section A., are for instream uses or in situ nonconsumptive use, meaning that there is no diversion, impoundment, or withdrawal associated with the use and the use does not cause a net loss of water in the source of supply. The Forest Service Water Rights Recognized Under State Law created in Article V, section A., shall run Concurrently with other instream flow or in situ rights.

ARTICLE VI

APPLICATIONS FOR STATE WATER RESERVATIONS UNDER STATE LAW

A. **State Water Reservation.**

The Forest Service may apply for a state water reservation to maintain a minimum flow, volume, level, or quality of water on National Forest System Lands under 85-2-316, MCA, in all basins within the State including basins or subbasins closed to new appropriations on or after the Effective Date of This Compact, subject to the terms of this Compact, for any purpose authorized by federal law applicable to National Forest System Lands. Any purpose authorized by federal law applicable to National Forest System Lands shall be considered a beneficial use under state law for the purposes of this Compact but shall set no precedent as to whether such purposes are beneficial uses under state law outside the terms of this Compact. A state water reservation issued under 85-2-316, MCA, is a Water Right Recognized Under State Law.

B. **Specific Procedure in Limited Circumstances.**

1. (a) For a state water reservation application pursuant to Article VI, section A., when the purpose of the reservation is to maintain a minimum flow for fish and the amount requested is based on the Wetted Perimeter Methodology or other methodology adopted pursuant to Article VI, section B.1.(b), a correct and complete application shall constitute:

(i) conclusive evidence of the purpose of the reservation;

(ii) conclusive evidence of the need for the reservation;

(iii) prima facie evidence that the amount requested is accurate and suitable:

(A) at the lower inflection point of the Wetted Perimeter Methodology; or

(B) at the upper inflection point of the Wetted Perimeter Methodology or other methodology adopted pursuant to Article VI, section B.1.(b), when the purpose of the reservation is for an existing population of bull trout, westslope cutthroat trout, Yellowstone cutthroat trout, Columbia River redband trout, arctic grayling, or any other fish species listed in the future under the Endangered Species Act of 1973, 16 U.S.C. 1531, et seq.; and

(iv) prima facie evidence that the reservation is in the public interest.

(b) By mutual agreement of the Parties, the Department may propose an administrative rule under the Montana Administrative Procedure Act, Title 2, chapter 4, of the Montana Code Annotated, to establish a methodology, other than the Wetted Perimeter Methodology, for an application for a state water reservation to maintain a minimum flow under Article VI, section B.1.(a), for fish species identified in Article VI, section B.1.(a)(iii)(B). Rulemaking under this subsection shall not be considered a modification of this Compact. The Department may adopt a rule under this subsection only if it finds, based on scientific and technical evidence in the administrative record, that:

(i) the proposed methodology enjoys acceptance in the scientific community as a methodology for establishment of minimum flow for pertinent fish species based on evidence that includes the existence of peer-reviewed studies, testimony or publications by experts in the field, and previous use in Montana or another relevant location; and

(ii) the results of the proposed methodology with respect to the stream that is the subject of the application are either based on field data collected with respect to the stream or susceptible to verification based on field data.

2. For purposes of Article VI, section B., a correct and complete application shall be substantially in the form attached to this Compact as Appendix 3. Appendix 3 may be modified at any time by the consent of both Parties and shall not be considered a modification of the Compact.

3. For the purposes of Article VI, section B., the Department shall issue a state water reservation unless an objector proves by a preponderance of the evidence that:

(a) the amount of water under the Wetted Perimeter Methodology or other methodology adopted pursuant to Article VI, section B.1.(b), was not accurately measured or calculated, that the Wetted Perimeter Methodology or other methodology adopted pursuant to Article VI, section B.1.(b), could not suitably be applied to the stream reach applied for, or that there is not an existing population of the fish species set forth in Article VI, section B.1.(a)(iii)(B), identified in the application for state water reservation in the stream reach applied for; or

(b) for the public interest, there is a projected water development project:

(i) that is feasible;

(ii) that is reliably projected to be commenced within ten (10) years or within ten (10) years after a basin closure is removed;

(iii) in which the objector has or can reasonably obtain a possessory interest or the written consent of the Person or Party with the possessory interest in the property where the water is to be diverted, impounded, stored, transported, and put to beneficial use;

(iv) for which the amount of water needed for the project is reasonable;

(v) for which water needed for the project is not reasonably available from any other water source;

(vi) for which the water needed for the project, based on amount and period of use, would be unavailable if the proposed reservation was granted;

(vii) that would not be feasible with water either in a lesser amount or at a different location if the reservation was granted; and

(viii) that serves a significant public need.

4. If the Department determines that proofs under Article VI, section B.3.(a), are met or that proofs for all criteria under Article VI, section B.3.(b), are met, the Department may issue, modify, or deny the reservation or may subordinate the reservation to the actual development of the project identified in Article VI, section B.3.(b).

C. **General Provisions.**

1. The Forest Service's ability to apply for a state water reservation pursuant to Article VI in any basin or subbasin terminates thirty (30) years after the state court issues a final decree for that water basin under 85-2-234(1), MCA, or thirty (30) years after the Effective Date of This Compact, whichever is later. The termination of the Forest Service's ability to apply for a state water reservation pursuant to Article VI under this subsection shall not restrict the Forest Service's ability to apply for a water right in any process available to the Forest Service under state law, including 85-2-316, MCA, provided that, the terms of this Compact shall not apply.

2. A state water reservation issued to the Forest Service under Article VI shall not be the basis to preclude a change in point of diversion, means of diversion, or place of use of a senior, direct-from-source, stock water right within an allotment on National Forest System Lands if the change is for dispersing stock in the allotment and the proposed change does not expand historic consumptive use of the stock water right.

3. In any contested case proceeding held under the Montana Administrative Procedure Act, Title 2, chapter 4, of the Montana Code Annotated, pursuant to this Compact, the common law and statutory rules of evidence shall apply only upon stipulation of all entities who are involved in a proceeding.

4. Any appeal of an administrative decision under Article VI shall be in state court and shall be filed at the First Judicial District in Helena, and the review shall be conducted according to the procedures for judicial review of contested cases under the Montana Administrative Procedure Act, Title 2, chapter 4, of the Montana Code Annotated.

5. A state water reservation issued to the Forest Service pursuant to Article VI is not subject to periodic review by the Department as set forth in 85-2-316(10), MCA. A state water reservation issued to the Forest Service pursuant to Article VI shall not be reallocated to another qualified reservant with a retained priority date as set forth in 85-2-316(11), MCA. Unless provided in this Compact, all other provisions of state law apply to a state water reservation issued to the Forest Service.

D. **Administration and Enforcement.**

Any state water reservation issued pursuant to Article VI is a Water Right Recognized Under State Law and, as such, will be administered by the State and enforced in accordance with state law. The United States, as owner and user of these water rights, is entitled to the same benefits and is subject to the same regulations of water use as all other holders of a Water Right Recognized Under State Law.

E. **Concurrent With Other Instream Flow Uses.**

Any state water reservation issued pursuant to Article VI is a Water Right Recognized Under State Law for instream uses or in situ nonconsumptive uses, meaning that there is no diversion, impoundment, or withdrawal associated with the use and the use does not cause a net loss of water in the source of supply. Unless otherwise provided in the terms and conditions, a state water

reservation issued pursuant to Article VI shall run Concurrently with other instream flow rights.

F. **Department Reporting to Montana Legislature.**

For the period of time set forth in Article VI, section C.1., the Department shall biennially report to the Environmental Quality Council or other appropriate legislative committee the state water reservations applied for by the Forest Service since the previous report and the Department action on applications for state water reservations by the Forest Service since the previous report.

ARTICLE VII

GENERAL PROVISIONS

A. **No Effect on Tribal Rights or Other Federal Reserved Water Rights.**

1. The relationship between the water rights of the Forest Service described in this Compact and any rights to water of an Indian tribe in Montana or of any federally derived water right of an individual or of the United States on behalf of such tribe or individual shall be determined by the rule of priority. The Parties to this agreement recognize that the water rights described in This Compact are junior to any tribal water rights with a priority date before the Effective Date of This Compact, including aboriginal rights, if any, in the basins affected.

2. Nothing in this Compact may be construed or interpreted in any manner to establish the nature, extent, or manner of administration of the rights to water of any other federal agency or federal lands in Montana other than National Forest System Lands.

3. Nothing in this Compact may be construed or interpreted in any manner to establish the nature, extent, or manner of administration of the rights to water of any Indian tribes and tribal members in Montana.

4. Nothing in this Compact is otherwise intended to conflict with or abrogate a right or claim of any Indian tribe regarding boundaries or property interests in the State of Montana.

B. **General Disclaimers.**

Nothing in this Compact may be construed or interpreted:

1. as a precedent for the litigation of federal reserved water rights or the interpretation or administration of future compacts between the United States and the State or between the United States and any other state;

2. as a waiver by the United States of its right under state law to raise objections in state court to individual water rights claimed pursuant to state law on National Forest System Land in the basins affected by this Compact or any right to raise objections in an appropriate forum to individual water rights subject to a provisional permit under state law in the basins affected by this Compact;

3. to establish a precedent for other agreements between the State and the United States or an Indian tribe;

4. to determine the relative rights, inter sese, of Persons using water under the authority of state law or to limit the rights of the Parties or a Person to litigate an issue not resolved by this Compact;

5. to create or deny substantive rights through headings or captions used in this Compact;

6. to expand or restrict any waiver of sovereign immunity existing pursuant to federal law as of the Effective Date of This Compact;

7. with respect to federal reserved water rights, to affect the right of the State to seek fees or reimbursement for costs or the right of the United States to contest the imposition of such fees or costs pursuant to a ruling by a court of competent jurisdiction or Act of Congress;

8. to affect in any manner the entitlement to or quantification of other federal water rights. This Compact is only binding on the United States with regard to the water rights of the Forest Service and does not affect the water rights of any other federal agency that is not a successor in interest to the water rights subject to this Compact;

9. to prevent the United States from seeking a permit to appropriate water under state law from a source not closed to new permits by law; or

10. to expand or restrict rights of the United States under federal law except as expressly provided in this Compact.

C. **Reservation of Rights.**

The Parties expressly reserve all rights not granted, described, or relinquished in this Compact.

D. **Severability.**

Except as provided in Article VIII, section C., the provisions of this Compact are not severable.

E. **Multiple Originals.**

This Compact is executed in quintuplicate. Each of the five (5) Compacts bearing original signatures shall be deemed an original.

F. **Notice.**

Unless otherwise specifically provided for in this Compact, service of notice required under this Compact, except service in litigation, shall be:

1. State: Upon the Director of the Department or other officials that the Director may designate in writing.

2. United States: Upon the Secretary of Agriculture or other officials that the Secretary may designate in writing.

ARTICLE VIII

FINALITY OF COMPACT AND DISMISSAL OF CLAIMS

A. **Binding Effect.**

1. The Effective Date of This Compact is the date of the ratification of this Compact by the Montana Legislature, written approval by the United States Department of Agriculture, or written approval by the United States Department of Justice, whichever occurs later. Subject to Article VIII, section C., once effective, all of the provisions of this Compact shall be binding on:

(a) the State and a Person or entity of any nature whatsoever using, claiming, or in any manner asserting a right under the authority of the State to the use of water; and

(b) except as otherwise provided in Article VII, section A., the United States and a Person or entity of any nature whatsoever using, claiming, or in any

manner asserting a right under the authority of the United States to the use of water.

2. Following the Effective Date of This Compact, this Compact shall not be modified without the consent of both Parties. Unilateral substantive modification of the terms of this Compact by either Party, as determined by a court of competent jurisdiction, shall render this Compact voidable at the election of the other Party.

3. On approval of this Compact by a court of competent jurisdiction and entry of a decree by such court confirming the rights described in this Compact, this Compact and such rights are binding on all Persons bound by the final order of the court.

4. If an objection to this Compact is sustained under 85-2-233, MCA, this Compact shall be voidable by action of and without prejudice to either Party.

B. **Enforcement of Compact.**

1. Either Party may seek enforcement of the terms of this Compact in a court of competent jurisdiction, subject to the limitations of remedies provided in Article VIII, section C.

2. When the enforcement action involves issues of notice or reporting required under Article III, sections C.3.(c) and E., the State shall provide written notice to the Forest Service and allow a reasonable opportunity to resolve the issue prior to filing an enforcement action.

3. Except as provided in Article VIII, section C., the remedy for an action for enforcement of the terms of this Compact shall not include termination of the Compact in whole or in part.

C. **Exclusive Remedy for Changes in State Law.**

1. For the time period set forth in subsection 11, if the State enacts a law that results in an alleged material impairment of any principle set forth in Article IV, section A.2., A.3., or A.4., the United States may, within 90 days of the effective date of the law, provide notice to the State of the alleged material impairment. If the United States fails to provide notice within 90 days of the effective date of the law, the United States is barred from taking any action under this section regarding alleged material impairment by enactment of the law.

2. Following the receipt of notice provided in subsection 1, the Parties shall meet within 30 days to discuss the alleged material impairment. The Parties may each appoint a negotiator and may utilize a neutral third party to discuss resolution of the alleged material impairment.

3. If the State does not agree that the legislation has resulted in material impairment within 90 days or such time as the Parties may agree or if no other alternative resolution has been found, the United States may seek a judgment in a court of competent jurisdiction declaring that the specified act of the Montana Legislature has resulted in material impairment of a principle set forth in Article IV, section A.2., A.3., or A.4. The only remedy available under this subsection is a declaratory judgment as to whether or not the change in state law results in a material impairment of a principle set for in Article IV, section A.2., A.3., or A.4. The Parties shall jointly request the court to retain jurisdiction through all proceedings under this section.

4. If the State agrees or if a court finds that changes to state law have materially impaired a principle set forth in Article IV, section A.2., A.3., or A.4., the United States may take no action under subsection 5 until the final

adjournment of the next regular session of the Montana Legislature. If the material impairment is cured through enacted legislation to the satisfaction of the United States, the United States is barred from taking further action under this section.

5. If, in the opinion of the United States, the State has failed to enact legislation that cures a material impairment as provided in subsection 4, the United States may initiate severance and termination of portions of the Compact as provided in subsection 8 by sending notice to the State within 90 days from the end of the regularly scheduled legislative session. If this notice is not served within the 90-day period, the United States is barred from severing and terminating portions of the Compact based on material impairment.

6. If the State has enacted a law to cure the material impairment and the United States does not agree that the material impairment has been cured by the enactment, the State shall have the opportunity within 90 days from receipt of the notice served by the United States to seek a judgment declaring that the specific enactment has cured the material impairment of a principle set forth in Article IV, section A.2., A.3., or A.4., either by:

(a) invoking any retained jurisdiction of the court; or

(b) if no court has retained jurisdiction over the dispute, seeking a judgment in a court of competent jurisdiction.

7. If the State does not file an action within the 90-day period provided in subsection 6, the notice served by the United States becomes effective at the expiration of the 90-day period. If the State files for declaratory judgment and the court finds that legislation enacted by the State cures the material impairment, then the notice served by the United States does not operate to sever or terminate portions of the Compact under subsection 8. If the court finds that the enacted legislation does not cure the material impairment, the notice served by the United States becomes effective when the court's judgment becomes final either through the exhaustion of all available appeals or the running of the time for taking an appeal.

8. If the United States elects to sever and terminate portions of the Compact under this section, the Parties agree that Article IV, section A.2., A.3., and A.4., and Article VI together and in their entirety are severed from the Compact and all rights and obligations under those provisions are terminated. All other provisions of this Compact remain in force and effect. If the portions of the Compact are severed and terminated, the Parties agree that the United States shall retain all water rights contained in Articles II and V and state water reservations granted to the United States prior to severance and termination under this subsection.

9. If the United States severs and terminates portions of the Compact as provided in subsection 8, the United States may file federal reserved water right claims in the state general stream adjudication, in the Montana Water Court or other state court that succeeds to the Montana Water Court's jurisdiction to conduct the general stream adjudication, for instream flow for any stream on which the United States has not been granted a Water Right Recognized Under State Law for an instream flow or an in situ right. The United States shall file all federal reserved water right claims for instream flow with the state court within twelve (12) months after severance and termination of portions of the Compact become effective. The United States agrees that, regardless of the dates of the reservation of the National Forest System Lands for which a federal reserved

water right is claimed, the priority date of the federal reserved water right claim will be the Effective Date of This Compact.

10. The remedy provided in Article VIII, section C., is the exclusive remedy for actions brought as a result of changes to state law that materially impair the provisions of Article IV, section A.2., A.3., or A.4. There is no remedy under this Compact for changes to state law except as applied under this section to Article IV, section A.2., A.3., and A.4., and as provided in Article VIII, section A.2.

11. This section and the procedure and remedy provided under this section shall remain in effect for a period of thirty (30) years after the state court issues a final decree for all water basins under 85-2-234(1), MCA, that contain National Forest System Lands. This period of time under this subsection is tolled for any period of time during which state law materially impaired the interest of the United States as agreed to by the State or determined by a court of competent jurisdiction. After this period, all rights and remedies under this section terminate.

D. **Limits on Article IV, Section B.**

Article IV, section B., is not an enforceable term of this Compact, and changes to the provisions of state law as described in Article IV, sections B.1. and B.2., after the Effective Date of This Compact shall not give rise to any cause of action in law or in equity or provide any remedy under this Compact.

E. **State Court Filing.**

Subject to the following stipulations and within one hundred eighty (180) days of the Effective Date of This Compact, the Parties shall submit this Compact to an appropriate state court having jurisdiction over this matter in an action commenced pursuant to 43 U.S.C. 666, for approval in accordance with state law and for the incorporation of the federal reserved water rights described in this Compact into a decree or decrees entered in the court. The Parties understand and agree that the submission of this Compact to a state court, as provided for in this Compact, does not expand or restrict the jurisdiction of the state court or expand or restrict in any manner the waiver of sovereign immunity of the United States in the McCarran Amendment, 43 U.S.C. 666, or other provision of federal law.

F. **Dismissal of Filed Claims.**

At the time the state courts approve the federal reserved water rights described in Article II of this Compact and enter a decree or decrees confirming the rights described, such courts shall dismiss, with prejudice, all of the water right claims specified in Appendix 2 of this Compact for National Forest Service Lands. If this Compact fails approval or a federal reserved water right described in this Compact is not confirmed, the specified claims shall not be dismissed.

G. **Consent Decree.**

This Compact may be filed as a consent decree in federal court if it is finally determined in a judgment binding on the State of Montana that the state courts lack jurisdiction over some or all of the water rights described in this Compact. Within one (1) year of such judgment, the United States agrees to commence such proceedings in the federal district court for the District of Montana as may be necessary to judicially confirm the water rights described in this Compact.

H. **Settlement of Claims.**

The Parties intend that the water rights described in this Compact, together with the rights and obligations set forth in Article IV, are in full and final

settlement of all federal reserved water right claims filed by the United States or that could have been filed by the United States as of the Effective Date of This Compact for the primary purposes of the National Forest System Lands in the State of Montana. Pursuant to this settlement, the United States hereby relinquishes forever on the Effective Date of This Compact all said federal reserved water right claims.

I. **Defense of Compact.**

The Parties agree to defend the provisions and purposes of this Compact from all challenges and attacks.

IN WITNESS WHEREOF the representatives of the State of Montana and the United States have signed this Compact on the ____ day of _____, 2007.

Section 2. Change in appropriation right authorization for instream flow — United States department of agriculture, forest service. (1) (a) The department shall accept and process an application by the United States department of agriculture, forest service for a change in appropriation right under the provisions of 85-2-402 and this section to protect, maintain, or enhance streamflows to benefit the fishery or other resources on national forest system lands.

(b) As used in this section, "national forest system lands" has the same meaning as that provided in [section 1, Article I].

(c) To change an appropriation right, the United States department of agriculture, forest service must own the appropriation right that it seeks to change to an instream flow right, the diversion or withdrawal that is to be changed to instream flow must be located within or immediately adjacent to the exterior boundaries of national forest system lands on the date provided in [section 1, Article IV.B.2.], and the stream reach in which the streamflow is to be protected, maintained, or enhanced must be located within or immediately adjacent to the exterior boundaries of national forest system lands as of the date provided in [section 1, Article IV.B.2.]. The application for a change in appropriation right must:

(i) include specific information on the length and location of the stream reach in which the streamflow is to be protected, maintained, or enhanced; and

(ii) provide a detailed streamflow measuring plan that describes the point where and the manner in which the streamflow must be measured.

(2) In addition to the requirements of 85-2-402, when applying for a change in appropriation right pursuant to this section, the United States department of agriculture, forest service, shall prove by a preponderance of the evidence that:

(a) the change in appropriation right authorization to protect, maintain, or enhance streamflows to benefit the fishery or other resources, as measured at a specific point, will not adversely affect the water rights of other persons; and

(b) the amount of water for the proposed instream flow use is needed to protect, maintain, or enhance streamflows to benefit the fishery or other resources.

(3) The proposed method of measurement of the water to protect, maintain, or enhance streamflows to benefit the fishery or other resources must be approved by the department before a change in appropriation right may be approved.

(4) The department is not responsible for costs associated with installing devices or providing personnel to measure streamflows according to the measurement plan submitted under this section.

(5) If an appropriation right is changed pursuant to this section, the priority of the appropriation right remains the same as the appropriation right that was changed.

(6) A change in appropriation right authorization under this section does not create a right of access across private property or allow any infringement of private property rights.

(7) The maximum quantity of water that may be subject to a change in appropriation right authorization to protect, maintain, or enhance streamflows to benefit the fishery or other resources is the amount historically diverted. However, only the amount historically consumed or a smaller amount if specified by the department in the change in appropriation right authorization may be used to protect, maintain, or enhance streamflows to benefit the fishery or other resources below the existing point of diversion.

(8) The department may modify or revoke the change in appropriation right up to 10 years after it is approved if an appropriator with a priority of appropriation that is earlier than the change in appropriation right that was granted submits new evidence that was not available at the time the change in appropriation right was approved that proves by a preponderance of evidence that the appropriator's water right is adversely affected.

Section 4. Section 85-2-302, MCA, is amended to read:

"85-2-302. Application for permit — *definition.* (1) Except as provided in 85-2-306, a person may not appropriate water or commence construction of diversion, impoundment, withdrawal, or related distribution works except by applying for and receiving a permit from the department.

(2) The department shall adopt rules that are necessary to determine whether or not an application is correct and complete, based on the provisions applicable to issuance of a permit under this part. The rules must be adopted in compliance with Title 2, chapter 4.

(3) The application must be made on a form prescribed by the department. The department shall make the forms available through its offices.

(4) *(a) Subject to subsection (4)(b), the* ~~The~~ applicant shall submit a correct and complete application. The determination of whether an application is correct and complete must be based on rules adopted under subsection (2) that are in effect at the time the application is submitted.

(b) If an application is for a permit to appropriate water with a point of diversion, conveyance, or place of use on national forest system lands, the application is not correct and complete under this section until the applicant has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the permit.

(c) As used in this part, "national forest system lands" has the same meaning as that provided in [section 1, Article I].

(5) The department shall notify the applicant of any defects in an application within 180 days. The defects must be identified by reference to the rules adopted under subsection (2). If the department does not notify the applicant of any defects within 180 days, the application must be treated as a correct and complete application.

(6) An application does not lose priority of filing because of defects if the application is corrected or completed within 30 days of the date of notification of the defects or within a further time as the department may allow, but not to exceed 90 days from the date of notification. If an application is made correct and complete after the mandated time period, but within 90 days of the date of notification of the defects, the priority date of the application is the date the application is made correct and complete.

(7) An application not corrected or completed within 90 days from the date of notification of the defects is terminated."

Section 5. Section 85-2-306, MCA, is amended to read:

"85-2-306. Exceptions to permit requirements. (1) *(a) Except as provided in subsection (1)(b), ground* ~~Ground~~ water may be appropriated only by

a person who has a possessory interest in the property where the water is to be put to beneficial use and exclusive property rights in the ground water development works. ~~or, if~~

(b) If another person has rights in the ground water development works, *water may be appropriated* with the written consent of the person with those property rights *or, if the ground water development works are on national forest system lands, with any prior written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the certificate.*

(c) If the person does not have a possessory interest in the real property from which the ground water may be appropriated, the person shall provide to the owner of the real property written notification of the works and the person's intent to appropriate ground water from the works. The written notification must be provided to the landowner at least 30 days prior to constructing any associated works or, if no new or expanded works are proposed, 30 days prior to appropriating the water. The written notification under this subsection is a notice requirement only and does not create an easement in or over the real property where the ground water development works are located.

(2) Inside the boundaries of a controlled ground water area, ground water may be appropriated only:

(a) according to a permit received pursuant to 85-2-508; or

(b) according to the requirements of an order issued pursuant to 85-2-507.

(3) (a) Outside the boundaries of a controlled ground water area, a permit is not required before appropriating ground water by means of a well or developed spring with a maximum appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, except that a combined appropriation from the same source from two or more wells or developed springs exceeding this limitation requires a permit.

(b) (i) Within 60 days of completion of the well or developed spring and appropriation of the ground water for beneficial use, the appropriator shall file a notice of completion with the department on a form provided by the department through its offices.

(ii) Upon receipt of the notice, the department shall review the notice and may, before issuing a certificate of water right, return a defective notice for correction or completion, together with the reasons for returning it. A notice does not lose priority of filing because of defects if the notice is corrected, completed, and refiled with the department within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iii) If a notice is not corrected and completed within the time allowed, the priority date of appropriation is the date of refiling a correct and complete notice with the department.

(c) A certificate of water right may not be issued until a correct and complete notice has been filed with the department, including proof of landowner notification *or a written federal special use authorization* as necessary under subsection (1). The original of the certificate must be sent to the appropriator. The department shall keep a copy of the certificate in its office in Helena. The date of filing of the notice of completion is the date of priority of the right.

(4) An appropriator of ground water by means of a well or developed spring first put to beneficial use between January 1, 1962, and July 1, 1973, who did not file a notice of completion, as required by laws in force prior to April 14, 1981, with the county clerk and recorder shall file a notice of completion, as provided in subsection (3), with the department to perfect the water right. The filing of a claim pursuant to 85-2-221 is sufficient notice of completion under this subsection. The priority date of the appropriation is the date of the filing of a notice, as provided in subsection (3), or the date of the filing of the claim of existing water right.

(5) An appropriation under subsection (4) is an existing right, and a permit is not required. However, the department shall acknowledge the receipt of a correct and complete filing of a notice of completion, except that for an appropriation of 35 gallons a minute or less, not to exceed 10 acre-feet a year, the department shall issue a certificate of water right. If a certificate is issued under this section, a certificate need not be issued under the adjudication proceedings provided for in 85-2-236.

(6) A permit is not required before constructing an impoundment or pit and appropriating water for use by livestock if:

(a) the maximum capacity of the impoundment or pit is less than 15 acre-feet;

(b) the appropriation is less than 30 acre-feet a year;

(c) the appropriation is from a source other than a perennial flowing stream; and

(d) the impoundment or pit is to be constructed on and will be accessible to a parcel of land that is owned or under the control of the applicant and that is 40 acres or larger.

(7) *(a)* Within 60 days after constructing an impoundment or pit, the appropriator shall apply for a permit as prescribed by this part. ~~Upon~~ *Subject to subsection (7)(b), upon* receipt of a correct and complete application for a ~~stockwater~~ *stock water* provisional permit, the department shall automatically issue a provisional permit. If the department determines after a hearing that the rights of other appropriators have been or will be adversely affected, it may revoke the permit or require the permittee to modify the impoundment or pit and may then make the permit subject to terms, conditions, restrictions, or limitations that it considers necessary to protect the rights of other appropriators.

(b) If the impoundment or pit is on national forest system lands, an application is not correct and complete under this section until the applicant has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the permit.

(8) A person may also appropriate water without applying for or prior to receiving a permit under rules adopted by the department under 85-2-113."

Section 6. Section 85-2-308, MCA, is amended to read:

"85-2-308. Objections. (1) (a) An objection to an application under this chapter must be filed by the date specified by the department under 85-2-307(2).

(b) The objection to an application for a permit must state the name and address of the objector and facts indicating that one or more of the criteria in 85-2-311 are not met.

(2) For an application for a change in appropriation rights, the objection must state the name and address of the objector and facts indicating that one or more of the criteria in 85-2-402 *and [section 2], if applicable,* are not met.

(3) A person has standing to file an objection under this section if the property, water rights, or interests of the objector would be adversely affected by the proposed appropriation.

(4) For an application for a reservation of water, the objection must state the name and address of the objector and facts indicating that one or more of the criteria in 85-2-316 are not met.

(5) An objector to an application under this chapter shall file a correct and complete objection on a form prescribed by the department within the time period stated on the public notice associated with the application. In order to assist both applicants and objectors, the department shall adopt rules in accordance with this chapter delineating the components of a correct and complete objection. For instream flow water rights for fish, wildlife, and recreation, the rules must require the objector to describe the reach or portion of the reach of the stream or river subject to the instream flow water right and the beneficial use that is adversely affected and to identify the point or points where the instream flow water right is measured and monitored. The department shall notify the objector of any defects in an objection. An objection not corrected or completed within 15 days from the date of notification of the defects is terminated.

(6) An objection is valid if the objector has standing pursuant to subsection (3), has filed a correct and complete objection within the prescribed time period, and has stated the applicable information required under this section and rules of the department."

Section 7. Section 85-2-310, MCA, is amended to read:

"85-2-310. Action on application for permit or change in appropriation right. (1) The department shall grant, deny, or condition an application for a permit or change in appropriation right in whole or in part within 120 days after the last date of publication of the notice of application if no objections have been received and within 180 days if a hearing is held or objections have been received. However, in either case the time may be extended upon agreement of the applicant or, in those cases where an environmental impact statement must be prepared or in other extraordinary cases, may be extended by not more than 60 days upon order of the department. If the department orders the time extended, it shall serve a notice of the extension and the reasons for the extension by first-class mail upon the applicant and each person who has filed an objection as provided by 85-2-308.

(2) If an application is to appropriate water with a point of diversion, conveyance, or place of use on national forest system lands, any application approved by the department is subject to any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of the water applied for and any terms, conditions, and limitations related to the use of water contained in any special use authorization required by federal law.

~~(2)~~*(3)* ~~However, an~~ *Except as provided in subsection (2), an* application may not be denied or approved in a modified form or upon terms, conditions, or limitations specified by the department, unless the applicant is first granted an opportunity to be heard. If ~~no~~ *an* objection is *not* filed against the application but the department is of the opinion that the application should be denied or approved in a modified form or upon terms, conditions, or limitations specified by it, the department shall prepare a statement of its opinion and its reasons for the opinion. The department shall serve a statement of its opinion by first-class mail upon the applicant, with a notice that the applicant may obtain a hearing by filing a request within 30 days after the notice is mailed. The notice must further state that the application will be modified in a specified manner or denied unless a hearing is requested.

~~(3)~~*(4)* The department may cease action upon an application for a permit or change in appropriation right and return it to the applicant when it finds that the application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use. An application returned for either of these reasons must be accompanied by a statement of the reasons for which it was returned, and for a permit application there is not a right to a priority date based upon the filing of the application. Returning an application pursuant to this subsection is a final decision of the department.

~~(4)~~*(5)* For all applications filed after July 1, 1973, the department shall find that an application is not in good faith or does not show a bona fide intent to appropriate water for a beneficial use if:

(a) an application is not corrected and completed as required by 85-2-302;

(b) the appropriate filing fee is not paid;

(c) the application does not document:

(i) a beneficial use of water;

(ii) the proposed place of use of all water applied for;

(iii) for an appropriation of 4,000 acre-feet a year or more and 5.5 cubic feet per second or more, a detailed project plan describing when and how much water will be put to a beneficial use. The project plan must include a reasonable timeline for the completion of the project and the actual application of the water to a beneficial use.

(iv) for appropriations not covered in subsection (4)(c)(iii), a general project plan stating when and how much water will be put to a beneficial use; and

(v) if the water applied for is to be appropriated above that which will be used solely by the applicant or if it will be marketed by the applicant to other users, information detailing:

(A) each person who will use the water and the amount of water each person will use;

(B) the proposed place of use of all water by each person;

(C) the nature of the relationship between the applicant and each person using the water; and

(D) each firm contractual agreement for the specified amount of water for each person using the water; or

(d) the appropriate environmental impact statement costs or fees, if any, are not paid as required by 85-2-124."

Section 8. Section 85-2-311, MCA, is amended to read:

"85-2-311. Criteria for issuance of permit. (1) A permit may be issued under this part prior to the adjudication of existing water rights in a source of supply. In a permit proceeding under this part, there is no presumption that an applicant for a permit cannot meet the statutory criteria of this section prior to the adjudication of existing water rights pursuant to this chapter. In making a determination under this section, the department may not alter the terms and conditions of an existing water right or an issued certificate, permit, or state water reservation. Except as provided in subsections (3) and (4), the department shall issue a permit if the applicant proves by a preponderance of evidence that the following criteria are met:

(a) (i) there is water physically available at the proposed point of diversion in the amount that the applicant seeks to appropriate; and

(ii) water can reasonably be considered legally available during the period in which the applicant seeks to appropriate, in the amount requested, based on the records of the department and other evidence provided to the department. Legal availability is determined using an analysis involving the following factors:

(A) identification of physical water availability;

(B) identification of existing legal demands on the source of supply throughout the area of potential impact by the proposed use; and

(C) analysis of the evidence on physical water availability and the existing legal demands, including but not limited to a comparison of the physical water supply at the proposed point of diversion with the existing legal demands on the supply of water.

(b) the water rights of a prior appropriator under an existing water right, a certificate, a permit, or a state water reservation will not be adversely affected. In this subsection (1)(b), adverse effect must be determined based on a consideration of an applicant's plan for the exercise of the permit that demonstrates that the applicant's use of the water will be controlled so the water right of a prior appropriator will be satisfied;

(c) the proposed means of diversion, construction, and operation of the appropriation works are adequate;

(d) the proposed use of water is a beneficial use;

(e) the applicant has a possessory interest~~,~~ or the written consent of the person with the possessory interest~~,~~ in the property where the water is to be put to beneficial use*, or if the proposed use has a point of diversion, conveyance, or place of use on national forest system lands, the applicant has any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water under the permit*;

(f) the water quality of a prior appropriator will not be adversely affected;

(g) the proposed use will be substantially in accordance with the classification of water set for the source of supply pursuant to 75-5-301(1); and

(h) the ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(2) The applicant is required to prove that the criteria in subsections (1)(f) through (1)(h) have been met only if a valid objection is filed. A valid objection

must contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (1)(f), (1)(g), or (1)(h), as applicable, may not be met. For the criteria set forth in subsection (1)(g), only the department of environmental quality or a local water quality district established under Title 7, chapter 13, part 45, may file a valid objection.

(3) The department may not issue a permit for an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the applicant proves by clear and convincing evidence that:

(a) the criteria in subsection (1) are met;

(b) the proposed appropriation is a reasonable use. A finding must be based on a consideration of the following:

(i) the existing demands on the state water supply, as well as projected demands, such as reservations of water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing beneficial uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(4) (a) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for federal non-Indian and Indian reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the criteria in this subsection (4) must be met before out-of-state use may occur.

(b) The department may not issue a permit for the appropriation of water for withdrawal and transportation for use outside the state unless the applicant proves by clear and convincing evidence that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (1) or (3) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the applicant has proved by clear and convincing evidence that the requirements of subsections (4)(b)(ii) and (4)(b)(iii) are met, the department shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the application could feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a permit or a lease to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation, lease, and use of water.

(5) To meet the preponderance of evidence standard in this section, the applicant, in addition to other evidence demonstrating that the criteria of subsection (1) have been met, shall submit hydrologic or other evidence, including but not limited to water supply data, field reports, and other information developed by the applicant, the department, the U.S. geological survey, or the U.S. natural resources conservation service and other specific field studies.

(6) An appropriation, diversion, impoundment, use, restraint, or attempted appropriation, diversion, impoundment, use, or restraint contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized appropriation, diversion, impoundment, use, or other restraint. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to appropriate, divert, impound, use, or otherwise restrain or control waters within the boundaries of this state except in accordance with this section.

(7) The department may adopt rules to implement the provisions of this section."

Section 9. Section 85-2-312, MCA, is amended to read:

"85-2-312. Terms of permit. (1) *(a)* The department may issue a permit for less than the amount of water requested, but may not issue a permit for more water than is requested or than can be beneficially used without waste for the purpose stated in the application. The department may require modification of plans and specifications for the appropriation or related diversion or construction. The department may issue a permit subject to terms, conditions, restrictions, and limitations it considers necessary to satisfy the criteria listed in 85-2-311 *and subject to subsection (1)(b)*, and it may issue temporary or seasonal permits. A permit must be issued subject to existing rights and any final determination of those rights made under this chapter.

(b) If the permit is for use of water with a point of diversion, conveyance, or place of use on national forest system lands, the permit is subject to any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of the water under the permit and any terms, conditions, and limitations related to the use of water contained in any special use authorization required by federal law.

(2) The department shall specify in the permit or in any authorized extension of time provided in subsection (3), the time limits for commencement

of the appropriation works, completion of construction, and actual application of the water to the proposed beneficial use. In fixing those time limits, the department shall consider the cost and magnitude of the project, the engineering and physical features to be encountered, and, on projects designed for gradual development and gradually increased use of water, the time reasonably necessary for that gradual development and increased use. The department shall issue the permit or authorized extension of time subject to the terms, conditions, restrictions, and limitations it considers necessary to ensure that the work on the appropriation is commenced, conducted, and completed and that the water is actually applied in a timely manner to the beneficial use specified in the permit.

(3) The department shall by rule or by condition to a permit establish a process allowing for the extension of the time limits specified in the permit for commencement of the appropriation works, completion of construction, and actual application of water to the proposed beneficial use. If ~~a permit~~ *commencement of the appropriation works, completion of construction, or the actual application of water to the proposed beneficial use* is not completed within the time limit specified or within an extension of that time limit, the permit is void upon lapse of the time limit.

(4) The original of the permit must be sent to the permittee, and a copy must be kept in the office of the department in Helena."

Section 10. Section 85-2-316, MCA, is amended to read:

"85-2-316. State reservation of waters. (1) The state, any political subdivision or agency of the state, or the United States or any agency of the United States may apply to the department to acquire a state water reservation for existing or future beneficial uses or to maintain a minimum flow, level, or quality of water throughout the year or at periods or for a length of time that the department designates.

(2) (a) Water may be reserved for existing or future beneficial uses in the basin where it is reserved, as described by the following basins:

(i) the Clark Fork River and its tributaries to its confluence with Lake Pend Oreille in Idaho;

(ii) the Kootenai River and its tributaries to its confluence with Kootenay Lake in British Columbia;

(iii) the St. Mary River and its tributaries to its confluence with the Oldman River in Alberta;

(iv) the Little Missouri River and its tributaries to its confluence with Lake Sakakawea in North Dakota;

(v) the Missouri River and its tributaries to its confluence with the Yellowstone River in North Dakota; and

(vi) the Yellowstone River and its tributaries to its confluence with the Missouri River in North Dakota.

(b) A state water reservation may be made for an existing or future beneficial use outside the basin where the diversion occurs only if stored water is not reasonably available for water leasing under 85-2-141 and the proposed use would occur in a basin designated in subsection (2)(a).

(3) (a) The department shall adopt rules that are necessary to determine whether or not an application is correct and complete based on the provisions

applicable to issuance of a state water reservation. The rules must be adopted in compliance with Title 2, chapter 4.

(b) An applicant shall submit a correct and complete application. The determination of whether an application is correct and complete must be based on rules adopted under this subsection (3) that are in effect at the time the application is submitted. The department shall proceed in accordance with 85-2-302 with regard to any defects in the application.

(c) The application must be made on a form prescribed by the department. The department shall make the forms available through its offices.

~~(3)~~*(d)* Upon receiving a correct and complete application, the department shall proceed in accordance with 85-2-307 through 85-2-309. After the hearing provided for in 85-2-309, the department shall decide whether to reserve the water for the applicant. The department's costs of giving notice, holding the hearing, conducting investigations, and making records incurred in acting upon the application to reserve water, except the cost of salaries of the department's personnel, must be paid by the applicant. In addition, a reasonable proportion of the department's cost of preparing an environmental ~~impact statement~~ *analysis* must be paid by the applicant unless waived by the department upon a showing of good cause by the applicant.

(4) (a) ~~The~~ *Except as provided in [section 1], the* department ~~may not adopt an order reserving water unless~~ *shall issue a state water reservation if* the applicant establishes to ~~the satisfaction of~~ the department by a preponderance of evidence:

(i) the purpose of the reservation;

(ii) the need for the reservation;

(iii) the amount of water necessary for the purpose of the reservation;

(iv) that the reservation is in the public interest.

(b) In determining the public interest under subsection (4)(a)(iv), the department ~~may not adopt an order reserving water for withdrawal and transport for use outside the state unless~~ *shall issue a water reservation for withdrawal and transport for use outside the state if* the applicant proves by clear and convincing evidence that:

(i) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(ii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(c) In determining whether the applicant has proved by clear and convincing evidence that the requirements of subsections (4)(b)(i) and (4)(b)(ii) are met, the department shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the application could feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(d) When applying for a state water reservation to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation, lease, use, and reservation of water.

(5) If the purpose of the state water reservation requires construction of a storage or diversion facility, the applicant shall establish to ~~the satisfaction of~~ the department by a preponderance of evidence that there will be progress toward completion of the facility and accomplishment of the purpose with reasonable diligence in accordance with an established plan.

(6) The department shall limit any state water reservations after May 9, 1979, for maintenance of minimum flow, level, or quality of water that it awards at any point on a stream or river to a maximum of 50% of the average annual flow of record on gauged streams. Ungauged streams ~~may be allocated at the discretion of the department~~ *are not subject to the limit under this subsection.*

(7) ~~After the adoption of an order reserving waters, the department may reject an application and refuse a permit for the appropriation of reserved waters or may issue the permit subject to terms and conditions that it considers necessary for the protection of the objectives of the reservation.~~ *A state water reservation issued under this section has a priority of appropriation dating from the filing of a correct and complete application with the department.*

(8) (a) A person desiring to use water reserved to a conservation district for agricultural purposes shall make application for the use with the district, and the district, upon approval of the application, shall inform the department of the approved use and issue the applicant an authorization for the use. The department shall maintain records of all uses of water reserved to conservation districts and be responsible, when requested by the districts, for rendering technical and administrative assistance within the department's staffing and budgeting limitations in the preparation and processing of the applications for the conservation districts. The department shall, within its staffing and budgeting limitations, complete any feasibility study requested by the districts within 12 months of the time that the request was made. The department shall extend the time allowed to develop a plan identifying projects for using a district's reservation as long as the conservation district makes a good faith effort, within its staffing and budget limitations, to develop a plan.

(b) Upon actual application of water to the proposed beneficial use, the authorized user shall notify the conservation district. The notification must contain a certified statement by a person with experience in the design, construction, or operation of project works for agricultural purposes describing how the reserved water was put to use. The department or the district may then inspect the appropriation to determine if it has been completed in substantial accordance with the authorization.

~~(9) Except as provided in 85-2-331, the priority of appropriation of a state water reservation and the relative priority of the reservation to permits with a later priority of appropriation must be determined according to this subsection (9), as follows:~~

~~(a) A state water reservation under this section has a priority of appropriation dating from the filing with the department of a notice of intention to apply for a state water reservation in a basin in which no other notice of intention to apply is currently pending. The notice of intention to apply must specify the basin in which the applicant is seeking a state water reservation.~~

~~(b) Upon receiving a notice of intention to apply for a state water reservation, the department shall identify all potential state water reservation applicants in the basin specified in the notice and notify each potential applicant of the opportunity to submit an application and to receive a state water reservation with the priority of appropriation as described in subsection (9)(a).~~

~~(c) To receive the priority of appropriation described in subsection (9)(a), the applicant shall submit a correct and complete state water reservation application within 1 year after the filing of the notice of intention to apply. Upon a showing of good cause, the department may extend the time for preparing the application.~~

~~(d) The department may by order subordinate a state water reservation to a permit or a certificate for ground water development issued pursuant to this part if:~~

~~(i) the permit application or the notice of completion of ground water development was accepted by the department before the date of the order granting the reservation;~~

~~(ii) the effect of subordinating the reservation to one or more permits or certificates for ground water development does not interfere substantially with the purpose of the reservation; and~~

~~(iii) in the case of a certificate for ground water development, the reservant consents to the subordination.~~

~~(e) The department shall by order establish the relative priority of state water reservations approved under this section that have the same day of priority. A state water reservation may not adversely affect any rights in existence at that time.~~

(9) A state water reservation issued under this section may not adversely affect any rights in existence at that time. The department may issue a state water reservation subject to terms, conditions, restrictions, and limitations it considers necessary to satisfy the criteria of this section.

(10) ~~The~~ *Upon issuing a state water reservation for the purpose of maintaining a minimum flow, level, or quality of water, the appropriation of water is complete. Except as provided in [section 1], the* department shall, periodically but at least once every 10 years, review existing state water reservations to ensure that the objectives of the reservations are being met. When the objectives of a state water reservation are not being met, the department may extend, revoke, or modify the reservation. Any undeveloped water made available as a result of a revocation or modification under this subsection is available for appropriation by others pursuant to this part.

(11) ~~The~~ *Except as provided in [section 1], the* department may modify an existing or future order originally adopted to reserve water for the purpose of maintaining minimum flow, level, or quality of water, so as to reallocate the state water reservation or portion of the reservation to an applicant who is a qualified reservant under this section. Reallocation of water reserved pursuant to a state water reservation may be made by the department following notice and hearing if the department finds that all or part of the reservation is not required for its purpose and that the need for the reallocation has been shown by the applicant to outweigh the need shown by the original reservant. Reallocation of reserved water may not adversely affect the priority date of the reservation, and the reservation retains its priority date despite reallocation to a different entity for a different use. The department may not reallocate water

reserved under this section on any stream or river more frequently than once every 5 years.

(12) A reservant may not make a change in a state water reservation under this section, except as permitted under 85-2-402 and this subsection. If the department approves a change, the department shall give notice and require the reservant to establish that the criteria in subsection (4) will be met under the approved change.

(13) A state water reservation may be transferred to another entity qualified to hold a reservation under subsection (1). Only the entity holding the reservation may initiate a transfer. The transfer occurs upon the filing of a water right ownership update form with the department, together with an affidavit from the entity receiving the reservation establishing that the entity is a qualified reservant under subsection (1), that the entity agrees to comply with the requirements of this section and the conditions of the reservation, and that the entity can meet the objectives of the reservation as granted. If the transfer of a state water reservation involves a change in an appropriation right, the necessary approvals must be acquired pursuant to subsection (12).

(14) This section does not vest the department with the authority to alter a water right that is not a state water reservation.

(15) The department shall undertake a program to educate the public, other state agencies, and political subdivisions of the state as to the benefits of the state water reservation process and the procedures to be followed to secure the reservation of water. The department shall provide technical assistance to other state agencies and political subdivisions in applying for reservations under this section.

(16) Water reserved under this section is not subject to the state water leasing program established under 85-2-141."

Section 11. Section 85-2-319, MCA, is amended to read:

"85-2-319. Permit action in highly appropriated basins or subbasins. (1) With regard to a highly appropriated basin or subbasin, *except as provided in [section 1],* the legislature may by law preclude permit applications or the department may by rule reject permit applications or modify or condition permits already issued.

(2) A rule may be adopted under this section only upon a petition that is signed by at least 25% or 10, whichever is less, of the users of water in the source of supply within a basin or subbasin or upon petition of the department of environmental quality that alleges facts under subsection (2)(d). The petition must be in a form prescribed by the department and must allege facts showing that throughout or at certain times of the year or for certain beneficial uses:

(a) there are no unappropriated waters in the source of supply;

(b) the rights of prior appropriators will be adversely affected;

(c) further uses will interfere unreasonably with other planned uses or developments for which a permit has been issued or for which water has been reserved; or

(d) in the case of a petition filed by the department of environmental quality:

(i) the water quality of an appropriator will be adversely affected by the issuance of permits;

(ii) further use will not be substantially in accordance with the classification of water set for the source of supply pursuant to 75-5-301(1); or

(iii) the ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will be adversely affected by the issuance of permits.

(3) Within 60 days after submission of a petition, the department shall:

(a) deny the petition in writing, stating its reasons for denial;

(b) inform the petitioners that the department shall study the allegations further before denying or proceeding further with the petition; or

(c) initiate rulemaking proceedings in accordance with 2-4-302 through 2-4-305.

(4) Title 2, chapter 4, parts 1 through 4, govern rulemaking proceedings conducted under this section, except that in addition to the notice requirements of those parts, the department notice of the rulemaking hearing must be published at least once in each week for 3 successive weeks, not less than 30 days before the date of the hearing, in a newspaper of general circulation in the county or counties in which the source is located. The department shall serve by mail a copy of the notice, not less than 30 days before the hearing, upon each person or public agency known from the examination of the records of the department to be a claimant, appropriator, or permitholder of water in the source.

(5) The department may adopt rules to implement the provisions of this section."

Section 12. Section 85-2-331, MCA, is amended to read:

"85-2-331. Reservations within Missouri River basin and Little Missouri River basin. (1) ~~The~~ *Except as provided in [section 1], the* state, an agency or political subdivision of the state, or the United States or an agency of the United States that desires to apply for a state water reservation in the Missouri River basin or in the Little Missouri River basin shall file an application pursuant to 85-2-316 no later than:

(a) July 1, 1989, for reservation of water above Fort Peck dam; or

(b) July 1, 1991, for reservation of water below Fort Peck dam and in the Little Missouri River basin.

(2) Subject to legislative appropriation, the department shall provide technical and financial assistance to other state agencies and political subdivisions in applying for state water reservations within the Missouri River basin and the Little Missouri River basin.

(3) *Except as provided in [section 1], the department shall:*

(a) ~~The department shall~~ make a final determination in accordance with 85-2-316 on all applications filed before July 1, 1989, for state water reservations in the Missouri River basin above Fort Peck dam.

(b) ~~The department shall~~ make a final determination in accordance with 85-2-316 on all applications filed before July 1, 1991, for state water reservations in the Missouri River basin below Fort Peck dam and in the Little Missouri River basin.

(c) ~~The department shall~~ determine which applications or portions of applications are considered to be above or below Fort Peck dam.

(4) ~~State~~ *Except as provided in [section 1], state* water reservations approved by the department under this section have a priority date of July 1, 1985, in the Missouri River basin and a priority date of July 1, 1989, in the Little Missouri River basin. If the department issued a permit under Title 85, chapter 2, part 3, prior to the granting of a state water reservation under this section, the department may subordinate the state water reservation to the permit if it finds that the subordination does not interfere substantially with the purpose of any state water reservation. If the department issued a certificate for ground water development under Title 85, chapter 2, part 3, prior to the granting of a reservation under this section, the department may subordinate the reservation to the certificate if it finds that the subordination does not interfere substantially with the purpose of any reservation and the reservant consents to the subordination. The department shall by order establish the relative priority of applications approved under this section."

Section 13. Section 85-2-336, MCA, is amended to read:

"85-2-336. Basin closure — exception. (1) As provided in 85-2-319 and subject to the provisions of subsection (2) of this section, the department may not process or grant an application for a permit to appropriate water within the Upper Clark Fork River basin.

(2) The provisions of subsection (1) do not apply to:

(a) an application for a permit to appropriate ground water;

(b) an application filed prior to January 1, 2000, for a permit to appropriate water to conduct response actions or remedial actions pursuant to the federal Comprehensive Environmental Response, Compensation, and Liability Act of 1980, as amended, or Title 75, chapter 10, part 7, at sites designated as of January 1, 1994. The total flow rates for all permits issued under this subsection (2)(b) may not exceed 10 cubic feet per second. A permit issued to conduct response actions or remedial actions may not be used for dilution and must be limited to a term not to exceed the necessary time to complete the response or remedial action, and the permit may not be transferred to any person for any purpose other than the designated response or remedial action.

(c) an application for a permit to appropriate water for stock use;

(d) an application to store water; ~~or~~

(e) an application submitted pursuant to [section 1, Article VI]; or

~~(e)~~*(f)* an application for power generation at existing hydroelectric dams. The department may not approve a permit for power generation if approval results in additional consumption of water.

(3) ~~Applications~~ *Except as provided in [section 1], applications* for state water reservations in the Upper Clark Fork River basin filed pursuant to 85-2-316 and pending as of May 1, 1991, have a priority date of May 1, 1991. The filing of a state water reservation application does not provide standing to object under 85-2-402.

(4) ~~The~~ *Except as provided in [section 1], the* department may not process or approve applications for state water reservations in the Upper Clark Fork River basin filed pursuant to 85-2-316."

Section 14. Section 85-2-341, MCA, is amended to read:

"85-2-341. Basin closure — exceptions. (1) As provided in 85-2-319 and subject to the provisions of subsection (2) of this section, the department may not

process or grant an application for a permit to appropriate water or for a state water reservation to reserve water within the Jefferson River basin or Madison River basin.

(2) The provisions of subsection (1) do not apply to:

(a) an application for a permit to appropriate ground water;

(b) an application for a permit to appropriate water for a nonconsumptive use;

(c) an application for a permit to appropriate water for domestic, municipal, or stock use;

(d) an application to store water during high spring flows;

(e) an application submitted pursuant to [section 1, Article VI]; or

~~(e)~~*(f)* temporary emergency appropriations as provided for in 85-2-113(3)."

Section 15. Section 85-2-343, MCA, is amended to read:

"85-2-343. Basin closure — exceptions. (1) As provided in 85-2-319 and subject to the provisions of subsection (2) of this section, the department may not process or grant an application for a permit to appropriate water or for a reservation to reserve water within the upper Missouri River basin until the final decrees have been issued in accordance with part 2 of this chapter for all of the subbasins of the upper Missouri River basin.

(2) The provisions of subsection (1) do not apply to:

(a) an application for a permit to appropriate ground water;

(b) an application for a permit to appropriate water for a nonconsumptive use;

(c) an application for a permit to appropriate water for domestic, municipal, or stock use;

(d) an application to store water during high spring flows;

(e) an application for a permit to use water from the Muddy Creek drainage, which drains to the Sun River, if the proposed use of water will help control erosion in the Muddy Creek drainage;

(f) an application submitted pursuant to [section 1, Article VI]; or

~~(f)~~*(g)* temporary emergency appropriations as provided for in 85-2-113(3)."

Section 16. Section 85-2-344, MCA, is amended to read:

"85-2-344. Bitterroot River subbasin temporary closure — definitions — exceptions. (1) Unless the context requires otherwise, in this section, the following definitions apply:

(a) "Application" means an application for a beneficial water use permit pursuant to 85-2-302 or a state water reservation pursuant to 85-2-316.

(b) "Bitterroot River basin" means the drainage area of the Bitterroot River and its tributaries above the confluence of the Bitterroot River and Clark Fork of the Columbia River and designated as "Basin 76H".

(c) "Bitterroot River subbasin" means one of the following hydrologically related portions of the Bitterroot River basin:

(i) the mainstem subbasin, designated as "Subbasin 76HA";

(ii) the north end subbasin, designated as "Subbasin 76HB";

(iii) the east side subbasin, designated as "Subbasin 76HC";

(iv) the southeast subbasin, designated as "Subbasin 76HD";

(v) the south end subbasin, designated as "Subbasin 76HE";

(vi) the southwest subbasin, designated as "Subbasin 76HF";

(vii) the west central subbasin, designated as "Subbasin 76HG"; or

(viii) the northwest subbasin, designated as "Subbasin 76HH".

(2) As provided in 85-2-319, the department may not process or grant an application for a permit to appropriate water or for a state water reservation within a Bitterroot River subbasin until the closure for the basin is terminated pursuant to subsection (3) of this section, except for:

(a) an application for a permit to appropriate ground water;

(b) an application for a permit to appropriate water for a municipal water supply;

(c) temporary emergency appropriations pursuant to 85-2-113(3);

(d) an application submitted pursuant to [section 1, Article VI]; or

~~(d)~~*(e)* an application to store water during high spring flow in an impoundment with a capacity of 50 acre-feet or more.

(3) Each Bitterroot River subbasin is closed to new appropriations and new state water reservations until 2 years after all water rights in the subbasin arising under the laws of the state are subject to an enforceable and administrable decree as provided in 85-2-406(4)."

Section 17. Section 85-2-401, MCA, is amended to read:

"85-2-401. Priority — recognition and confirmation of changes in appropriations issued after July 1, 1973. (1) As between appropriators, the first in time is the first in right. Priority of appropriation does not include the right to prevent changes by later appropriators in the condition of water occurrence, such as the increase or decrease of streamflow or the lowering of a water table, artesian pressure, or water level, if the prior appropriator can reasonably exercise the water right under the changed conditions.

(2) Priority of appropriation made under this chapter dates from the filing of an application for a permit with the department, except as otherwise provided in 85-2-301 through 85-2-303, 85-2-306, ~~85-2-310(3)~~ *85-2-310(4)*, and 85-2-313.

(3) Priority of appropriation perfected before July 1, 1973, must be determined as provided in part 2 of this chapter.

(4) All changes in appropriation rights actions of the department after July 1, 1973, are recognized and confirmed subject to this part and any terms, conditions, and limitations placed on a change in appropriation authorization by the department."

Section 18. Section 85-2-402, MCA, is amended to read:

"85-2-402. (Temporary) Changes in appropriation rights — *definition.* (1) *(a)* The right to make a change subject to the provisions of this section in an existing water right, a permit, or a state water reservation is recognized and confirmed. In a change proceeding under this section, there is no presumption that an applicant for a change in appropriation right cannot establish lack of adverse effect prior to the adjudication of other rights in the source of supply pursuant to this chapter. Except as provided in 85-2-410 and

subsections (15) and (16) of this section, an appropriator may not make a change in an appropriation right without the approval of the department or, if applicable, of the legislature. An applicant shall submit a correct and complete application.

(b) If an application involves a change in a point of diversion, conveyance, or place of use located on national forest system lands, the application is not correct and complete until the applicant has submitted proof to the department of any written special use authorization required by federal law for the proposed change in occupancy, use, or traverse of national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water.

(c) As used in this part, "national forest system lands" has the same meaning as that provided in [section 1, Article I].

(2) Except as provided in subsections (4) through (6), (15), and (16) *and, if applicable, subject to subsection (17)*, the department shall approve a change in appropriation right if the appropriator proves by a preponderance of evidence that the following criteria are met:

(a) The proposed change in appropriation right will not adversely affect the use of the existing water rights of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under part 3.

(b) Except for a lease authorization pursuant to 85-2-436 or a temporary change in appropriation right authorization to maintain or enhance streamflows to benefit the fishery resource pursuant to 85-2-408 *or a change in appropriation right to instream flow to protect, maintain, or enhance streamflows pursuant to [section 2]*, the proposed means of diversion, construction, and operation of the appropriation works are adequate.

(c) The proposed use of water is a beneficial use.

(d) Except for a lease authorization pursuant to 85-2-436 or a temporary change in appropriation right authorization pursuant to 85-2-408 *or a change in appropriation right to instream flow to protect, maintain, or enhance streamflows pursuant to [section 2]*, the applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use *or, if the proposed change involves a point of diversion, conveyance, or place of use on national forest system lands, the applicant has any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water*.

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(f) The water quality of an appropriator will not be adversely affected.

(g) The ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(3) The applicant is required to prove that the criteria in subsections (2)(f) and (2)(g) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the

department that the criteria in subsection (2)(f) or (2)(g), as applicable, may not be met.

(4) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by a preponderance of evidence that:

(a) the criteria in subsection (2) are met; and

(b) the proposed change is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands for water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(5) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (4) are met; and

(b) for the withdrawal and transportation of appropriated water for out-of-state use, the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(6) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for federal non-Indian and Indian reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(a) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (4) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(b) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (6)(a)(ii) and (6)(a)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(c) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(7) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change. The department shall provide notice and may hold one or more hearings upon any other proposed change in appropriation right if it determines that the proposed change might adversely affect the rights of other persons.

(8) The department or the legislature, if applicable, may approve a change in appropriation right subject to the terms, conditions, restrictions, and limitations that it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change. The department may extend time limits specified in the change approval under the applicable criteria and procedures of 85-2-312(3).

(9) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works describing how the appropriation was completed.

(10) If a change in appropriation right is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change approval.

(11) The original of a change approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

(12) A person holding an issued permit or change approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change pursuant to this section.

(13) A change in appropriation right contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized change in appropriation right. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section.

(14) The department may adopt rules to implement the provisions of this section.

(15) (a) An appropriator may change an appropriation right for a replacement well without the prior approval of the department if:

(i) the appropriation right is for:

(A) ground water outside the boundaries of a controlled ground water area; or

(B) ground water inside the boundaries of a controlled ground water area and if the provisions of the order declaring the controlled ground water area do not restrict such a change;

(ii) the change in appropriation right is to replace an existing well and the existing well will no longer be used;

(iii) the rate and volume of the appropriation from the replacement well are equal to or less than that of the well being replaced and do not exceed:

(A) 450 gallons a minute for a municipal well; or

(B) 35 gallons a minute and 10 acre-feet a year for all other wells;

(iv) the water from the replacement well is appropriated from the same aquifer as the water appropriated from the well being replaced; and

(v) a timely, correct and complete notice of replacement well is submitted to the department as provided in subsection (15)(b).

(b) (i) After completion of a replacement well and appropriation of ground water for a beneficial use, the appropriator shall file a notice of replacement well with the department on a form provided by the department.

(ii) *(A)* The department shall review the notice of replacement well and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (15)(a) have been met and the notice is correct and complete.

(B) If the replacement well is located on national forest system lands, the notice is not correct and complete under this subsection (15) until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the replacement well.

(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement well has been filed with the department. The department shall return a defective notice to the appropriator, along with a description of defects in the notice. The

appropriator shall refile a corrected and completed notice of replacement well within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iv) If a notice of replacement well is not completed within the time allowed, the appropriator shall:

(A) cease appropriation of water from the replacement well pending approval by the department; and

(B) submit an application for a change in appropriation right to the department pursuant to subsections (1) through (3).

(c) The provisions of this subsection (15) do not apply to an appropriation right abandoned under 85-2-404.

(d) For each well that is replaced under this subsection (15), the appropriator shall follow the well abandonment procedures, standards, and rules adopted by the board of water well contractors pursuant to 37-43-202.

(e) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (15)(a).

(16) (a) An appropriator may change an appropriation right without the prior approval of the department for the purpose of constructing a redundant water supply well in a public water supply system, as defined in 75-6-102, if the redundant water supply well:

(i) withdraws water from the same ground water source as the original well; and

(ii) is required by a state or federal agency.

(b) The priority date of the redundant water supply well is the same as the priority date of the original well. Only one well may be used at one time.

(c) Within 60 days of completion of a redundant water supply well, the appropriator shall file a notice of construction of the well with the department on a form provided by the department. The department may return a defective notice of construction to the appropriator for correction and completion. *If the redundant water supply well is located on national forest system lands, the notice is not correct and complete under this subsection until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the redundant water supply well.*

(d) The provisions of subsections (9) and (10) do not apply to a change in appropriation right that meets the requirements of this ~~section~~ *subsection (16).*

(17) The department shall accept and process an application for a change in appropriation right to instream flow to protect, maintain, or enhance streamflows pursuant to [section 2] and this section. (Terminates June 30, 2009—sec. 9, Ch. 123, L. 1999.)

85-2-402. (Effective July 1, 2009) Changes in appropriation rights—*definition.* (1) *(a)* The right to make a change subject to the provisions of this section in an existing water right, a permit, or a state water reservation is recognized and confirmed. In a change proceeding under this section, there is no presumption that an applicant for a change in appropriation right cannot establish lack of adverse effect prior to the adjudication of other rights in the source of supply pursuant to this chapter. Except as provided in 85-2-410 and subsections (15) and (16) of this section, an appropriator may not make a change

in an appropriation right without the approval of the department or, if applicable, of the legislature. An applicant shall submit a correct and complete application.

(b) If an application involves a change in a point of diversion, conveyance, or place of use located on national forest system lands, the application is not correct and complete until the applicant has submitted proof to the department of any written special use authorization required by federal law for the proposed change in occupancy, use, or traverse of national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water.

(c) As used in this part, "national forest system lands" has the same meaning as that provided in [section 1, Article I].

(2) Except as provided in subsections (4) through (6), (15), and (16) *and, if applicable, subject to subsection (17)*, the department shall approve a change in appropriation right if the appropriator proves by a preponderance of evidence that the following criteria are met:

(a) The proposed change in appropriation right will not adversely affect the use of the existing water rights of other persons or other perfected or planned uses or developments for which a permit or certificate has been issued or for which a state water reservation has been issued under part 3.

(b) Except for a temporary change in appropriation right authorization to maintain or enhance streamflows to benefit the fishery resource pursuant to 85-2-408 *or a change in appropriation right to instream flow to protect, maintain, or enhance streamflows pursuant to [section 2]*, the proposed means of diversion, construction, and operation of the appropriation works are adequate.

(c) The proposed use of water is a beneficial use.

(d) Except for a temporary change in appropriation right authorization pursuant to 85-2-408 *or a change in appropriation right to instream flow to protect, maintain, or enhance streamflows pursuant to [section 2]*, the applicant has a possessory interest, or the written consent of the person with the possessory interest, in the property where the water is to be put to beneficial use *or, if the proposed change involves a point of diversion, conveyance, or place of use on national forest system lands, the applicant has any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of diversion, impoundment, storage, transportation, withdrawal, use, or distribution of water.*

(e) If the change in appropriation right involves salvaged water, the proposed water-saving methods will salvage at least the amount of water asserted by the applicant.

(f) The water quality of an appropriator will not be adversely affected.

(g) The ability of a discharge permitholder to satisfy effluent limitations of a permit issued in accordance with Title 75, chapter 5, part 4, will not be adversely affected.

(3) The applicant is required to prove that the criteria in subsections (2)(f) and (2)(g) have been met only if a valid objection is filed. A valid objection must contain substantial credible information establishing to the satisfaction of the department that the criteria in subsection (2)(f) or (2)(g), as applicable, may not be met.

(4) The department may not approve a change in purpose of use or place of use of an appropriation of 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water unless the appropriator proves by a preponderance of evidence that:

(a) the criteria in subsection (2) are met; and

(b) the proposed change is a reasonable use. A finding of reasonable use must be based on a consideration of:

(i) the existing demands on the state water supply, as well as projected demands for water for future beneficial purposes, including municipal water supplies, irrigation systems, and minimum streamflows for the protection of existing water rights and aquatic life;

(ii) the benefits to the applicant and the state;

(iii) the effects on the quantity and quality of water for existing uses in the source of supply;

(iv) the availability and feasibility of using low-quality water for the purpose for which application has been made;

(v) the effects on private property rights by any creation of or contribution to saline seep; and

(vi) the probable significant adverse environmental impacts of the proposed use of water as determined by the department pursuant to Title 75, chapter 1, or Title 75, chapter 20.

(5) The department may not approve a change in purpose of use or place of use for a diversion that results in 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water being consumed unless:

(a) the applicant proves by clear and convincing evidence and the department finds that the criteria in subsections (2) and (4) are met; and

(b) for the withdrawal and transportation of appropriated water for out-of-state use, the department then petitions the legislature and the legislature affirms the decision of the department after one or more public hearings.

(6) The state of Montana has long recognized the importance of conserving its public waters and the necessity to maintain adequate water supplies for the state's water requirements, including requirements for federal non-Indian and Indian reserved water rights held by the United States for federal reserved lands and in trust for the various Indian tribes within the state's boundaries. Although the state of Montana also recognizes that, under appropriate conditions, the out-of-state transportation and use of its public waters are not in conflict with the public welfare of its citizens or the conservation of its waters, the following criteria must be met before out-of-state use may occur:

(a) The department and, if applicable, the legislature may not approve a change in appropriation right for the withdrawal and transportation of appropriated water for use outside the state unless the appropriator proves by clear and convincing evidence and, if applicable, the legislature approves after one or more public hearings that:

(i) depending on the volume of water diverted or consumed, the applicable criteria and procedures of subsection (2) or (4) are met;

(ii) the proposed out-of-state use of water is not contrary to water conservation in Montana; and

(iii) the proposed out-of-state use of water is not otherwise detrimental to the public welfare of the citizens of Montana.

(b) In determining whether the appropriator has proved by clear and convincing evidence that the requirements of subsections (6)(a)(ii) and (6)(a)(iii) will be met, the department and, if applicable, the legislature shall consider the following factors:

(i) whether there are present or projected water shortages within the state of Montana;

(ii) whether the water that is the subject of the proposed change in appropriation might feasibly be transported to alleviate water shortages within the state of Montana;

(iii) the supply and sources of water available to the applicant in the state where the applicant intends to use the water; and

(iv) the demands placed on the applicant's supply in the state where the applicant intends to use the water.

(c) When applying for a change in appropriation right to withdraw and transport water for use outside the state, the applicant shall submit to and comply with the laws of the state of Montana governing the appropriation and use of water.

(7) For any application for a change in appropriation right involving 4,000 or more acre-feet of water a year and 5.5 or more cubic feet per second of water, the department shall give notice of the proposed change in accordance with 85-2-307 and shall hold one or more hearings in accordance with 85-2-309 prior to its approval or denial of the proposed change. The department shall provide notice and may hold one or more hearings upon any other proposed change in appropriation right if it determines that the proposed change might adversely affect the rights of other persons.

(8) The department or the legislature, if applicable, may approve a change in appropriation right subject to the terms, conditions, restrictions, and limitations that it considers necessary to satisfy the criteria of this section, including limitations on the time for completion of the change. The department may extend time limits specified in the change approval under the applicable criteria and procedures of 85-2-312(3).

(9) Upon actual application of water to the proposed beneficial use within the time allowed, the appropriator shall notify the department that the appropriation has been completed. The notification must contain a certified statement by a person with experience in the design, construction, or operation of appropriation works describing how the appropriation was completed.

(10) If a change in appropriation right is not completed as approved by the department or legislature or if the terms, conditions, restrictions, and limitations of the change approval are not complied with, the department may, after notice and opportunity for hearing, require the appropriator to show cause why the change approval should not be modified or revoked. If the appropriator fails to show sufficient cause, the department may modify or revoke the change approval.

(11) The original of a change approval issued by the department must be sent to the applicant, and a duplicate must be kept in the office of the department in Helena.

(12) A person holding an issued permit or change approval that has not been perfected may change the place of diversion, place of use, purpose of use, or place of storage by filing an application for change pursuant to this section.

(13) A change in appropriation right contrary to the provisions of this section is invalid. An officer, agent, agency, or employee of the state may not knowingly permit, aid, or assist in any manner an unauthorized change in appropriation right. A person or corporation may not, directly or indirectly, personally or through an agent, officer, or employee, attempt to change an appropriation right except in accordance with this section.

(14) The department may adopt rules to implement the provisions of this section.

(15) (a) An appropriator may change an appropriation right for a replacement well without the prior approval of the department if:

(i) the appropriation right is for:

(A) ground water outside the boundaries of a controlled ground water area; or

(B) ground water inside the boundaries of a controlled ground water area and if the provisions of the order declaring the controlled ground water area do not restrict such a change;

(ii) the change in appropriation right is to replace an existing well and the existing well will no longer be used;

(iii) the rate and volume of the appropriation from the replacement well are equal to or less than that of the well being replaced and do not exceed:

(A) 450 gallons a minute for a municipal well; or

(B) 35 gallons a minute and 10 acre-feet a year for all other wells;

(iv) the water from the replacement well is appropriated from the same aquifer as the water appropriated from the well being replaced; and

(v) a timely, correct and complete notice of replacement well is submitted to the department as provided in subsection (15)(b).

(b) (i) After completion of a replacement well and appropriation of ground water for a beneficial use, the appropriator shall file a notice of replacement well with the department on a form provided by the department.

(ii) The department shall review the notice of replacement well and shall issue an authorization of a change in an appropriation right if all of the criteria in subsection (15)(a) have been met and the notice is correct and complete. *If the replacement well is located on national forest system lands, the notice is not correct and complete under this subsection (15) until the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the replacement well.*

(iii) The department may not issue an authorization of a change in appropriation right until a correct and complete notice of replacement well has been filed with the department. The department shall return a defective notice to the appropriator, along with a description of defects in the notice. The appropriator shall refile a corrected and completed notice of replacement well within 30 days of notification of defects or within a further time as the department may allow, not to exceed 6 months.

(iv) If a notice of replacement well is not completed within the time allowed, the appropriator shall:

(A) cease appropriation of water from the replacement well pending approval by the department; and

(B) submit an application for a change in appropriation right to the department pursuant to subsections (1) through (3).

(c) The provisions of this subsection (15) do not apply to an appropriation right abandoned under 85-2-404.

(d) For each well that is replaced under this subsection (15), the appropriator shall follow the well abandonment procedures, standards, and rules adopted by the board of water well contractors pursuant to 37-43-202.

(e) The provisions of subsections (2), (3), (9), and (10) do not apply to a change in appropriation right that meets the requirements of subsection (15)(a).

(16) (a) An appropriator may change an appropriation right without the prior approval of the department for the purpose of constructing a redundant water supply well in a public water supply system, as defined in 75-6-102, if the redundant water supply well:

(i) withdraws water from the same ground water source as the original well; and

(ii) is required by a state or federal agency.

(b) The priority date of the redundant water supply well is the same as the priority date of the original well. Only one well may be used at one time.

(c) Within 60 days of completion of a redundant water supply well, the appropriator shall file a notice of construction of the well with the department on a form provided by the department. The department may return a defective notice of construction to the appropriator for correction and completion. *If the redundant water supply well is located on national forest system lands, the notice is not correct and complete under this subsection until after the appropriator has submitted proof of any written special use authorization required by federal law to occupy, use, or traverse national forest system lands for the purpose of constructing the redundant water supply well.*

(d) The provisions of subsections (9) and (10) do not apply to a change in appropriation right that meets the requirements of this ~~section~~ *subsection (16).*

(17) The department shall accept and process an application for a change in appropriation right to instream flow to protect, maintain, or enhance streamflows pursuant to [section 2] and this section."

[SB 364]

AN ACT REVISING PROVISIONS GOVERNING VACANCIES ON BOARDS OF COUNTY COMMISSIONERS; PROVIDING PROCEDURES WHEN MULTIPLE VACANCIES OCCUR THAT PREVENT ESTABLISHMENT OF A QUORUM; REQUIRING THAT APPOINTMENTS BE MADE BY THE COUNTY COMPENSATION BOARD OR BY THE DISTRICT JUDGE IF NO COMPENSATION BOARD EXISTS; REQUIRING APPOINTMENTS TO BE MADE FROM LISTS PROVIDED BY PARTISAN COUNTY CENTRAL COMMITTEES UNDER CERTAIN CIRCUMSTANCES; AND AMENDING SECTION 7-4-2106, MCA.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 7-4-2106, MCA, is amended to read:

"7-4-2106. Vacancy on board of county commissioners. (1) For the purposes of this part, "vacancy" has the same meaning as prescribed in 2-16-501.

(2) Whenever a vacancy occurs in the board of county commissioners from a failure to elect or otherwise, the remaining county commissioners shall fill the vacancy and the appointee shall hold office until the next general election unless otherwise provided in subsection (3) or (4). The procedure to be used to fill the vacancy is as follows:

(a) If the former incumbent represented a party eligible for a primary election under 13-10-601, the county central committee of that party shall submit to the remaining commissioners three names of people who have lived in the unrepresented district for at least 2 years preceding the day the vacancy occurs. The remaining commissioners shall appoint one of these three to fill the vacancy. Whenever the remaining commissioners are unable to elect an appointee from the submitted list, they shall request a second list of three names from the county central committee. The second list may not contain any of the names submitted on the first list. The remaining commissioners shall then select an appointee from the individuals named on both lists.

(b) If the former incumbent was independent or was originally nominated by a party that does not meet the requirements of 13-10-601 or if the vacancy occurs from a failure to elect, the remaining commissioners shall invite applications for the vacancy in a notice published as provided in 13-1-108 and shall accept an application from any person who has lived in the unrepresented district for at least 2 years preceding the day the vacancy occurs. The remaining commissioners shall appoint one of these applicants to fill the vacancy.

(3) Whenever a vacancy occurs 75 days or more before the general election held during the second or fourth year of the term, an individual must be elected

to complete the term at that general election. The election procedure to be used to elect the successor is as follows:

(a) Whenever the vacancy occurs 75 days or more before the primary election during the second or fourth year of the term, the same procedure must be used as is used to elect county commissioners to full 6-year terms.

(b) Whenever the vacancy occurs after the 75th day preceding the primary election, any political party desiring to enter a candidate in the general election shall select a candidate as provided in 13-38-204. A political party shall notify the clerk and recorder of the party nominee. A person desiring to be a candidate as an independent shall follow the procedures provided in 13-10-501 and 13-10-502. The petition for an independent candidate must be filed with the clerk and recorder on or before the 75th day prior to the general election. A candidate for a nonpartisan office shall file as provided in Title 13, chapter 14.

(4) Whenever a vacancy occurs after the 75th day preceding the general election held during the fourth year of the term, the person appointed by the remaining county commissioners under subsection (2) shall serve until the end of the term.

(5) (a) If multiple vacancies occur simultaneously so that a quorum cannot be established, the county compensation board provided for in 7-4-2503 shall, subject to subsection (5)(c), appoint enough commissioners to allow for a quorum to be established. The vacancies must be filled in the order in which the commissioners' terms would have expired.

(b) If vacancies occur at different times but, because appointments have not yet been made, a quorum cannot be established, the county compensation board shall, subject to subsection (5)(c), appoint enough commissioners to allow for a quorum to be established. The county compensation board shall appoint each commissioner in the order that the vacancy occurred.

(c) (i) A commissioner appointed under this subsection (5) must meet the residency requirement in 7-4-2104(2) and must be from the same district as the commissioner being replaced.

(ii) If a commissioner being replaced represented a party eligible for a primary election under 13-10-601, the county central committee of that party shall, within 30 days of the occurrence of the vacancy, submit to the county compensation board three names of people who have lived in the unrepresented district for at least 2 years prior to the occurrence of the vacancy. The county compensation board shall appoint each commissioner from the list of names provided by the county central committee.

(d) Once a quorum can be established, the county commissioners forming the quorum shall appoint the remaining commissioners as provided in this section.

(e) If a county compensation board does not exist, appointments under this subsection (5) must be made by a district judge having jurisdiction in the county."

(2) Adequate public notice of the invitation for bids must be given a reasonable time before the date set forth in the invitation for the opening of bids, in accordance with rules adopted by the department. Notice may include publication in a newspaper of general circulation at a reasonable time before the bid opening.

(3) Bids must be opened publicly at the time and place designated in the invitation for bids. Each bidder and any member of the public has the right to be present, either in person or by agent, when the bids are opened and has the right to examine and inspect all bids after they are opened and reviewed by the procurement officer for release, subject to the same limitations specified in 18-4-304(4) for competitive sealed proposals.

(4) The amount of each bid and other relevant information as may be specified by rule, together with the name of each bidder, must be recorded. The record must be open to public inspection.

If all bids exceed available funds as certified by the appropriate fiscal officer and the lowest responsible and responsive bid does not exceed the funds by more than 5%, the director or the head of a purchasing agency may, in situations in which time or economic considerations preclude resolicitation of a reduced scope, negotiate an adjustment of the bid price, including changes in the bid requirements, with the lowest responsible and responsive bidder in order to bring the bid within the amount of available funds.

(9) When it is considered impractical to initially prepare a purchase description to support an award based on price, an invitation for bids may be issued requesting the submission of unpriced offers, to be followed by an invitation for bids limited to those bidders whose offers have been qualified under the criteria set forth in the first solicitation.

(10) In case of a tie bid, preference must be given to the bidder, if any, offering American-made products or supplies."

CHAPTER NO. 230

[HB 12]

AN ACT GENERALLY REVISING LAWS RELATED TO PROSECUTION SERVICES; PROVIDING LEGISLATIVE FINDINGS; REVISING THE FUNDING OF AND BUDGETING FOR COUNTY ATTORNEY SALARIES; CLARIFYING CERTAIN PROVISIONS ON COUNTY POPULATION AND FULL-TIME OR PART-TIME COUNTY ATTORNEY POSITIONS; PROVIDING FOR THE STATUTORY APPROPRIATION OF STATE CONTRIBUTIONS FOR COUNTY ATTORNEY SALARIES; AMENDING SECTIONS 7-4-2502, 7-4-2503, 7-4-2704, 7-4-2706, 17-7-112, AND 17-7-502, MCA; AND PROVIDING AN EFFECTIVE DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Legislative findings — county attorney workload and salaries. The legislature finds that:

(1) a significant portion of the work done by county attorneys is for the prosecution of criminal cases under state law and for the enforcement of state civil law concerning child abuse and neglect pursuant to Title 41, chapter 3;

(2) the county attorney workloads vary greatly from county to county;

(3) it is in the state's best interest to promote consistent statewide prosecution services and to support the office of county attorney as a career position that will attract experienced and well-qualified attorneys, especially considering the enactment of a statewide public defender system in 2005;

(4) because a county attorney is an elected county official and has a vital role in providing civil legal services to the county and because each county has unique needs to consider, the county attorney's salary should be set by the county;

(5) because county attorneys provide both state and county services, the responsibility for funding county attorney salaries should be a responsibility shared by the state and the counties; and

(6) the state's funding responsibility should be met through a predictable and ongoing appropriation, thus through a statutory appropriation.

Section 2. Section 7-4-2502, MCA, is amended to read:

"7-4-2502. Payment of salaries of county officials and assistants — *state share for county attorney — statutory appropriation.* (1) The salaries of the county officers and their assistants may be paid monthly, twice monthly, or every 2 weeks out of the general fund of the county and upon the order of the board of county commissioners.

(2) ~~(a)~~ The *funding for the* salary ~~of~~ *and health insurance benefits for* the county attorney is ~~payable one-half from the general fund of the county and, if the county has supplied the information to the department of justice for inclusion in its budget, the other one-half from the state treasury upon the warrant of the state treasurer. If the county has not supplied information concerning any scheduled or proposed increase in salary for the county attorney~~

~~to the department of justice for inclusion in material submitted to the budget director under Title 17, chapter 7, part 1, the county is responsible for any increased salary. The state's share of the county attorney's salary is payable every 2 weeks.~~

~~(b) The county commissioners of each county shall, within 30 days after the election or appointment to fill a vacancy for any cause in the office of county attorney, certify the election or appointment to the department of justice. The department shall notify the state treasurer of the salary of the county attorney. The state treasurer shall draw warrants for the county attorney salaries in the same manner as for state officers. In case of a vacancy, the county commissioners shall immediately notify the department of justice, and the department shall compute the salary due on the basis of the notification~~ *a shared responsibility of the state and the county. The state's share is payable as provided in subsection (3).*

(3) (a) For each fiscal year, the department of justice shall pay to each county and consolidated government the amount calculated under subsection (3)(b). Payments must be made quarterly.

(b) (i) For each county and consolidated government with a full-time county attorney, the amount paid each fiscal year must be equal to 50% of 85% of a district court judge's salary most recently set under 3-5-211 plus an amount equal to 50% of the employer contribution for group benefits under 2-18-703(2) for an employee as defined in 2-18-701.

(ii) For each county and consolidated government with a part-time county attorney, the total amount paid each fiscal year must be equal to the amount calculated under subsection (3)(b)(i) prorated according to the position's regular work hours.

(c) For the purpose of this subsection (3), the following definitions apply:

(i) "Full-time county attorney" means that as of July 1 immediately preceding the regular legislative session, the county attorney position has been established as a full-time position pursuant to 7-4-2706.

(ii) "Part-time county attorney" means that as of July 1 immediately preceding the regular legislative session, the county attorney position has been established as a part-time position pursuant to 7-4-2706.

(iii) "Salary" means wage plus the employer contributions required for retirement, workers' compensation insurance, and the Federal Insurance Contributions Act as determined for a district court judge.

(4) The amount to be paid to each county pursuant to subsection (3) is statutorily appropriated, as provided in 17-7-502, from the general fund to the department of justice.

~~(3)~~*(5)* The board may, under limitations and restrictions prescribed by law, fix the compensation of all county officers not otherwise fixed by law and provide for the payment of the compensation and may, for all or the remainder of each fiscal year, in conjunction with setting salaries for other officers as provided in 7-4-2504, set their salaries at the prior fiscal year level."

Section 3. Section 7-4-2503, MCA, is amended to read:

"7-4-2503. Salary schedule for certain county officers — county compensation board. (1) (a) The salary paid to the county treasurer, county clerk and recorder, clerk of the district court, county assessor, county superintendent of schools, county sheriff, county surveyor in counties where

(b) The annual salary established pursuant to subsection (1)(a) must be uniform for all county officers referred to in subsection (1)(a).

(2) (a) An elected county superintendent of schools must receive, in addition to the salary based upon subsection (1), the sum of $400 a year, except that an elected county superintendent of schools who holds a master of arts degree or a master's degree in education, with an endorsement in school administration, from a unit of the Montana university system or an equivalent institution may, at the discretion of the county commissioners, receive, in addition to the salary based upon subsection (1), up to $2,000 a year.

(b) The county sheriff must receive, in addition to the salary based upon subsection (1), the sum of $2,000 a year.

(c) The county sheriff must receive a longevity payment amounting to 1% of the salary determined under subsection (1) for each year of service with the sheriff's office, but years of service during any year in which the salary was set at the level of the salary of the prior fiscal year may not be included in any calculation of longevity increases. The additional salary amount provided for in this subsection may not be included in the salary for purposes of computing the compensation for undersheriffs and deputy sheriffs as provided in 7-4-2508.

(d) If the clerk and recorder is also the county election administrator, the clerk and recorder may receive, in addition to the base salary provided in subsection (1)(a), up to $2,000 a year. The additional salary provided for in this subsection (2)(d) may not be included as salary for the purposes of computing the compensation of any other county officers or employees.

(3) (a) ~~In each county with a population in excess of 30,000, the county attorney must be a full-time official under 7-4-2704, and the salary is $50,000 a year, subject to adjustment as provided in subsection (3)(c). In counties with a population less than 30,000, the county attorney who is a part-time official is entitled to receive an annual base salary equal to the salary received for the fiscal year ending June 30, 2001.~~

~~(b) In those counties where the office of the county attorney has been established as a full-time position pursuant to 7-4-2706, the salary of the county attorney is the same as that established for full-time county attorneys in subsection (3)(a).~~

~~(c) Each~~ *Subject to subsection (3)(b), the salary for the county attorney must be set as provided in subsection (4).*

(b) If the uniform base salary set for county officials pursuant to subsection (1) is increased, then the county attorney is entitled to ~~an~~ *at least the same* increase ~~in salary based upon the schedule developed and approved by the county compensation board as provided in subsection (4)~~*, unless the increase would cause the county attorney's salary to exceed the salary of a district court judge.*

~~(d)~~*(c)* (i) After completing 4 years of service as deputy county attorney, each deputy county attorney is entitled to an increase in salary of $1,000 on the anniversary date of employment as deputy county attorney. After completing 5 years of service as deputy county attorney, each deputy county attorney is entitled to an additional increase in salary of $1,500 on the anniversary date of

employment. After completing 6 years of service as deputy county attorney and for each year of additional service up to completion of the 11th year of service, each deputy county attorney is entitled to an additional annual increase in salary of $500.

(ii) The years of service as a deputy county attorney accumulated prior to July 1, 1985, must be included in the calculation of the longevity increase.

(4) (a) There is a county compensation board consisting of the county commissioners, three of the county officials described in subsection (1) appointed by the board of county commissioners, the county attorney, and two to four resident taxpayers appointed initially by the board of county commissioners to staggered terms of 3 years, with the initial appointments of one or two taxpayer members for a 2-year term and one or two taxpayer members for a 3-year term. The county compensation board shall hold hearings annually for the purpose of reviewing the compensation paid to county officers. The county compensation board may consider the compensation paid to comparable officials in other Montana counties, other states, state government, federal government, and private enterprise.

(b) The county compensation board shall prepare a compensation schedule for the elected county officials, including the county attorney, for the succeeding fiscal year. The schedule must take into consideration county variations, including population, the number of residents living in unincorporated areas, assessed valuation, motor vehicle registrations, building permits, and other factors considered necessary to reflect the variations in the workloads and responsibilities of county officials as well as the tax resources of the county.

(c) A recommended compensation schedule requires a majority vote of the county compensation board, and at least two county commissioners must be included in the majority. A recommended compensation schedule may not reduce the salary of a county officer that was in effect on May 1, 2001.

(d) The provisions of this subsection (4) do not apply to a county that has adopted a charter form of government or to a charter, consolidated city-county government."

Section 4. Section 7-4-2704, MCA, is amended to read:

"7-4-2704. Limitations on activities of county attorneys and deputy county attorneys. (1) The county attorney, except for ~~his~~ *the county attorney's* own services, ~~must~~ *may* not present ~~any~~ *a* claim, account, or other demand for allowance against the county or in any way advocate the relief asked on the claim or demand made by another.

except as to those matters in which ~~he~~ *the deputy county attorney* has a direct interest ~~and except as provided in subsection (4)~~.

(4) Any elected or appointed county attorney and any deputy county attorney ~~shall~~ *must*, upon demonstration of need to the board of county commissioners, be granted a period of time, not to exceed 3 months from the date ~~he~~ *that the person* takes office, to complete any pending matters remaining from ~~any~~ *a* previous private practice of law. During ~~such~~ *that* time, the county attorney and any appointed deputy are bound by the customary rules of ethics applicable to attorneys at law."

Section 5. Section 7-4-2706, MCA, is amended to read:

"7-4-2706. County attorney to be full or part time — resolution — ~~salary~~. (1) *(a)* In ~~any~~ *a* county with a population of less than 30,000, the county commissioners may, ~~upon~~ *with* the consent of the county attorney, ~~on July 1 of any year~~ by resolution *effective July 1 of any year* establish the office of county attorney as a full-time *or part-time* position ~~subject to the provisions of 7-4-2701 and 7-4-2704. CHAPTER NO. 231

[HB 526]

AN ACT REVISING THE TERRITORIAL INTEGRITY ACT LAWS TO AVOID WASTEFUL DUPLICATION OF FACILITIES; CLARIFYING AND DEFINING CERTAIN TERMS; ELIMINATING THE REBUTTABLE PRESUMPTION THAT THE NEAREST LINE IS THE LEAST-COST ELECTRIC SERVICE FACILITY FOR A NEW CUSTOMER; CLARIFYING ELECTRIC SERVICE FACILITIES PROVIDED TO LARGE CUSTOMERS; PROVIDING A PROCESS FOR SERVICING NEW SUBDIVISIONS; PROVIDING A DISPUTE RESOLUTION PROCESS; AMENDING SECTIONS 69-5-102, 69-5-105, 69-5-106, AND 69-5-110, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 69-5-102, MCA, is amended to read:

"69-5-102. Definitions. When used in this part, the following definitions apply:

(1) "Agreement" means a written agreement between two or more electric facilities providers that identifies the geographical area to be served exclusively by each electric facilities provider that is a party to the agreement and any terms and conditions pertinent to the agreement.

(2) "Cost" means the gross cost of constructing new electric service facilities to the premises, using new materials and similar design standards required to meet the load, from a point where there is existing electrical capacity to serve.

~~(2) "Electric cooperative" means a rural electric cooperative organized under Title 35, chapter 18, or a foreign corporation admitted thereunder to do business in Montana.~~

~~(3)~~*(3)* "Electric facilities provider" means any utility that provides electric service facilities to the public.

~~(4)~~*(4)* "Electric service facilities" means any distribution or transmission system or related facility necessary to provide electricity to the premises, including lines.

~~(5) "Electric utility" means a person, firm, or corporation other than an electric cooperative that provides electric service facilities to the public.~~

(5) "Large customer" means any premises, except subdivisions, with the estimated connected load for full operation at an individual service for the premises of 500 kilowatts or larger.

(6) "Line" means any ~~electric supply conductor~~ *material that is used to convey electrical energy and that is normally energized between 2,400 volts phase to ground and 14,400 volts phase to ground*.

(7) "Premises" means a building, residence, structure, *irrigation pump,* or facility to which electric service facilities are provided or are to be installed~~;~~*.* ~~however~~ *However*, two or more buildings, structures, *irrigation pumps,* or facilities that are located on one tract or contiguous tracts of land and that are used by one electric consumer for farming, business, commercial, industrial, institutional, governmental, or trailer court purposes must together constitute one premises, except that any building, structure, *irrigation pump,* or facility, other than a trailer court, may not, together with any other building, structure, *irrigation pump,* or facility, constitute one premises if the electric service to it is separately metered and the charges for that service are calculated independently of charges for service to any other building, structure, *irrigation pump,* or facility.

(8) "Regulated utility" means any electric utility regulated by the commission pursuant to Title 69, chapter 3, on May 2, 1997, including the public utility's successors or assignees.

(9) "Subdivision" has the meaning provided for in 76-3-103. The definition includes subdivisions that may be developed in one or more phases of development at different periods of time.

~~(8)~~*(10)* "Utility" means a public utility regulated by the commission pursuant to Title 69, chapter 3, or a utility qualifying as an electric cooperative pursuant to Title 35, chapter 18*, or their successors or assignees*.

(11) "Vector" means a straight line between two points."

Section 2. Section 69-5-105, MCA, is amended to read:

"69-5-105. Service to new consumers. (1) ~~Subject to this part,~~ *Except as provided in 69-5-106 and [section 5],* the electric facilities provider ~~having~~ *that has* a line nearest the premises~~,~~ *and that has the capacity to serve the premises,* as measured in accordance with subsection (2), shall provide electric service facilities to the premises initially requiring service after May 2, 1997~~, which creates a rebuttable presumption that the nearest line is the least-cost electric~~

~~service facility to the new customer. However, a customer or another electric facilities provider may rebut the presumption, and another electric facilities provider may provide the electric service facilities if it can do so at less cost~~.

(2) All measurements under this part must be made on the shortest ~~straight line~~ *vector* that can be drawn from the ~~conductor~~ *line* nearest the premises to the nearest permanent portion of the premises.

~~(3) If the electric facilities providers are unable to reach agreement as to which electric facilities provider can provide electric service facilities at least cost, an independent consultant engineer agreeable to both electric facilities providers or, in the event of failure of the electric facilities providers to agree on a consultant engineer, an independent consultant engineer selected by the district court having jurisdiction, as provided in 69-5-110, shall determine which electric facilities provider can extend its lines to the consumer at the least cost. The cost of those engineering services must be paid equally by the electric facilities providers involved.~~"

Section 3. Section 69-5-106, MCA, is amended to read:

"69-5-106. Electric service facilities to large customers. ~~(1) An electric~~ *A regulated* utility *electric facilities provider* has the right to furnish electric service facilities to ~~any premises if the estimated connected load for full operation at the premises will be 400 kilowatts or larger within 2 years from the date of initial service and~~ *the premises of a large customer* if the ~~electric~~ *regulated* utility *electric facilities provider* can extend its *electric service* facilities to the premises *of a large customer* at less cost ~~to the electric utility than the electric cooperative cost~~ *than other electric facilities providers*. The estimated connected load must be determined from the plans and specifications prepared for construction of the premises or, if an estimate is not available, must be determined by *mutual* agreement of the electric facilities provider and the *large* customer. ~~The fact that the actual connected load after 2 years from the date of initial service is less than 400 kilowatts does not affect the right of the electric facilities provider initially providing electric service facilities to continue to provide electric service facilities to the premises.~~

~~(2) An independent consultant engineer agreeable to both electric facilities providers or, in the event of failure of the electric facilities providers to agree on a consultant engineer, an independent consultant engineer selected by the district court having jurisdiction, as provided in 69-5-110, shall determine which electric facilities provider can extend its facilities at the least cost to the utility. The cost of those engineering services must be paid equally by the electric facilities providers involved.~~"

Section 4. Section 69-5-110, MCA, is amended to read:

"69-5-110. Jurisdiction of district courts over disputes. The district courts of the county or counties within which the premises*, vectors,* or lines involved in any dispute are located have jurisdiction under this part over all electric facilities providers subject to this part."

Section 5. Service to new subdivisions. (1) Except as provided in 69-5-108, if two or more electric facilities providers have lines in general proximity to a new subdivision, electric service to the new subdivision must be apportioned by drawing a series of vectors through the subdivision equidistant from the lines of each electric facilities provider with that part of the subdivision closest to an electric facilities provider's line receiving service from that electric facilities provider.

(2) Nothing in this section prohibits electric facilities providers from agreeing among themselves on how to provide service to a new subdivision.

Section 6. Review by independent consultant. (1) If electric facilities providers that have provided cost estimates to a new large customer are unable to reach agreement as to which electric facilities provider can provide electric service facilities at the least cost, an independent consultant engineer agreeable to both electric facilities providers or, in the event of failure of the electric facilities providers to agree on a consultant engineer, an independent consultant engineer selected by the district court having jurisdiction, as provided in 69-5-110, shall determine which electric facilities provider can extend its line to the new large customer at the least cost. The cost of those engineering services must be paid equally by the electric facilities providers involved.

(2) If electric facilities providers proposing to provide service to a subdivision do not agree on the location of a vector, as provided in [section 5(1)], an independent consultant engineer agreeable to both electric facilities providers or, in the event of failure of the electric facilities providers to agree on a consultant engineer, an independent consultant engineer selected by the district court having jurisdiction, as provided in 69-5-110, shall determine the location of a vector. The cost of those engineering services must be paid equally by the electric facilities providers involved.

(3) If electric facilities providers having lines near the premises of a new consumer do not agree if a line has capacity to serve the premises, an independent consultant engineer agreeable to both electric facilities providers or, in the event of failure of the electric facilities providers to agree on a consultant engineer, an independent consultant engineer selected by the district court having jurisdiction, as provided in 69-5-110, shall determine if a line has capacity to serve the premises. The cost of those engineering services must be paid equally by the electric facilities providers involved.

Section 7. Saving clause. [This act] does not affect rights and duties that matured, penalties that were incurred, or proceedings that were begun before [the effective date of this act].

Section 8. Codification instruction. [Sections 5 and 6] are intended to be codified as an integral part of Title 69, chapter 5, part 1, and the provisions of Title 69, chapter 5, part 1, apply to [sections 5 and 6].

Section 9. Effective date. [This act] is effective on passage and approval.

Section 10. Applicability. [This act] does not apply to any pending litigation filed under the Territorial Integrity Act on or before [the effective date of this act].

(4) When a statement of resignation takes effect, the registered agent ceases to have responsibility for any matter tendered to it as agent for the represented entity. A resignation under this section does not affect any contractual rights the entity has against the agent or that the agent has against the entity.

(5) A registered agent may resign with respect to a represented entity whether or not the entity is in good standing.

Section 12. Appointment of agent by nonfiling or nonqualified foreign entity. (1) A domestic entity that is not a filing entity or a nonqualified foreign entity may file with the secretary of state a statement appointing an agent for service of process signed on behalf of the entity that states:

(a) the name, type, and jurisdiction of organization of the entity; and

(b) the information required by [section 5(1)].

(2) A statement appointing an agent for service of process takes effect on filing.

(3) The appointment of a registered agent under this section does not qualify a nonqualified foreign entity to do business in this state and is not sufficient alone to create personal jurisdiction over the nonqualified foreign entity in this state.

(4) A statement appointing an agent for service of process may not be rejected for filing because the name of the entity filing the statement is not distinguishable on the records of the secretary of state from the name of another entity appearing in those records. The filing of a statement appointing an agent for service of process does not make the name of the entity filing the statement unavailable for use by another entity.

(5) An entity that has filed a statement appointing an agent for service of process may cancel the statement by filing a statement of cancellation, which takes effect upon filing, and must state the name of the entity and that the entity is canceling its appointment of an agent for service of process in this state. A statement appointing an agent for service of process that has not been canceled earlier is effective for a period of 5 years after the date of filing.

(6) A statement appointing an agent for service of process for a nonqualified foreign entity terminates automatically on the date the entity becomes a qualified foreign entity.

Section 13. Service of process on entities. (1) A registered agent is an agent of the represented entity authorized to receive service of any process, notice, or demand required or permitted by law to be served on the entity.

(2) If an entity that previously filed a registered agent filing with the secretary of state no longer has a registered agent or if its registered agent cannot with reasonable diligence be served, the entity may be served in accordance with any applicable judicial rules and procedures.

(3) Service of process, notice, or demand on a registered agent must be in the form of a written document.

(4) Service of process, notice, or demand may be perfected by any other means prescribed by law other than [sections 1 through 17].

Section 14. Duties of registered agent. The only duties under [sections 1 through 17] of a registered agent that has complied with [sections 1 through 17] are:

(1) to forward to the represented entity at the address most recently supplied to the agent by the entity any process, notice, or demand that is served on the agent;

(2) to provide the notices required by [sections 1 through 17] to the entity at the address most recently supplied to the agent by the entity;

(3) if the agent is a noncommercial registered agent, to keep current the information required by [section 5(1)] in the most recent registered agent filing for the entity; and

(4) if the agent is a commercial registered agent, to keep current the information listed for it under [section 6(1)].

Section 15. Jurisdiction. The appointment or maintenance in this state of a registered agent does not by itself create the basis for personal jurisdiction over the represented entity in this state.

Section 16. Consistency of application. In applying and construing [sections 1 through 17], consideration must be given to the need to promote consistency of the law with respect to its subject matter among states that enact it.

Section 17. Relation to electronic signatures in global and national commerce act. [Sections 1 through 17] modify, limit, and supersede the federal Electronic Signatures in Global and National Commerce Act, 15 U.S.C. 7001, et seq., but do not modify, limit, or supersede section 101(c) of that act, 15 U.S.C. 7001(c), or authorize delivery of any of the notices described in section 103(b) of that act, 15 U.S.C. 7003(b).

Section 18. Section 15-31-103, MCA, is amended to read:

"15-31-103. Research and development firms exempt from taxation — application. (1) A research and development firm organized to engage in business in the state of Montana for the first time is not subject to any of the taxes imposed by this chapter on net income earned from research and development activities during its first 5 taxable years of activity in Montana. For purposes of 15-31-401 and this section, "taxable year" means a research and development firm's taxable year for federal income tax purposes.

(2) (a) To be considered a research and development firm, the chief executive officer of the firm or ~~his~~ *the officer's* agent shall file with the department of revenue an application for treatment as a research and development firm.

(b) The application must be made on a form to be provided by the department. The form must include, at a minimum:

(3) On receipt of the information required in subsection (2)(b), provided that it was filed in the time allowed under subsection (2)(c), the department shall designate the applicant as a research and development firm for the purposes of this section.

(4) Failure by an applicant to provide information required by the department under subsection (2)(b) or, except as provided in subsection (5), failure to file within the time allowed under subsection (2)(c) automatically disqualifies the applicant from being designated and treated as a research and development firm for the purposes of this section.

(5) The director of the department may grant an extension of time for an applicant to file an application for treatment as a research and development firm, provided the extension is given in writing and the extension does not extend beyond 30 days from the date the application was required to be filed under subsection (2)(c).

(6) For the purpose of calculating or otherwise determining the period for which a deduction, exclusion, exemption, or credit may be taken under the provisions of this chapter, the department shall disregard a research and development firm's first 5 taxable years of activity in Montana and administer the deduction, exclusion, exemption, or credit as if the corporation did not exist during those taxable years. This treatment of a research and development firm extends to net operating loss carryback and net operating loss carryforward provisions allowed under this chapter."

(5) A meeting or other method of obtaining the vote of members, delegates, or directors that is conducted pursuant to an order issued under this section and that complies with all the provisions of the order is for all purposes a valid meeting or vote, and has the same force and effect as if it complied with every requirement imposed by the articles, bylaws, and this chapter."

(A) the records check conducted in accordance with 61-5-110(1) shows an ineligible license status for the applicant; or

(B) the applicant holds a commercial driver's license with a hazardous materials endorsement, the retention of which requires additional testing and a security threat assessment under 49 CFR, part 1572.

(vi) If a license was issued to a foreign national whose presence in the United States is temporarily authorized under federal law, the license may not be renewed by mail.

(e) The department shall mail a driver's license renewal notice no earlier than 60 days and no later than 30 days prior to the expiration date of a driver's license. Except as provided in 61-3-119 and 61-5-115, the department shall mail the notice to the Montana mailing address shown on the driver's license.

(e) A license issued to a person who is a foreign national whose presence in the United States is temporarily authorized under federal law expires, as determined by the department, no later than the expiration date of the official document issued to the person by the bureau of citizenship and immigration services of the department of homeland security authorizing the person's presence in the United States.

(5) When the department issues a driver's license to a person under 18 years of age, the license must be clearly marked with a notation that conveys the restrictions imposed under 61-5-133.

(1) Upon the written request of a licensed physician*, licensed physician assistant, or advanced practice registered nurse, as defined in 37-8-102,* on a form prescribed by the department, the department may authorize a driver rehabilitation specialist to issue a temporary medical assessment and rehabilitation driving permit to a person who is not licensed to drive or whose license has expired under the provisions of this chapter for the purpose of driver assessment, rehabilitation, and training.

(2) The temporary permit may be issued only to a person who is 16 years of age or older.

(3) The permit is valid for up to 6 weeks, beginning with the date of the first evaluation of the permitholder by the driver rehabilitation specialist. The driver rehabilitation specialist shall sign and date the permit at the time of the first evaluation.

(4) The permit is valid only when the permitholder is operating a motor vehicle under the immediate supervision of the driver rehabilitation specialist during the permitholder's participation in an actual in-vehicle evaluation process.

(5) The department may extend the duration of a medical assessment and rehabilitation permit for an additional 6-week period if the driver rehabilitation specialist*,* ~~or the~~ licensed physician*, licensed physician assistant, or advanced practice registered nurse* certifies that the permitholder needs additional time to complete the driver assessment, rehabilitation, and training process."

Section 4. Section 61-5-207, MCA, is amended to read:

"61-5-207. Reexamination or medical evaluation — when required. (1) If the department receives reliable evidence that a licensed driver lacks the ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway, the department may, upon written notice of at least 5 days to the licensee, require the licensee to obtain a medical evaluation from a licensed physician*, licensed physician assistant, or advanced practice registered nurse, as defined in 37-8-102,* or submit to one or more tests customarily conducted by the department for licensure under 61-5-110.

(b) suspend the license indefinitely based upon a licensee's inability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on the highway; or

(c) take no action modifying the license or placing restrictions on the licensee.

(3) The age of a licensee, by itself, does not constitute evidence of a condition requiring a reexamination or a medical evaluation ~~by a licensed physician~~.

(4) A suspension under this section continues in effect until evidence satisfactory to the department establishes that the licensee has regained the ability to exercise ordinary and reasonable control in the safe operation of a motor vehicle on a highway.

(5) Refusal or neglect of the licensee to obtain a medical evaluation from a licensed physician*, licensed physician assistant, or advanced practice registered nurse* or submit to testing as required by the department is grounds for suspension of the person's license."

Section 5. Section 61-9-428, MCA, is amended to read:

"61-9-428. Window tinting and sunscreening — waiver — conditions. The highway patrol or a local law enforcement agency may grant a waiver of the standards of 61-9-405(4) for reasons of safety or security or for medical reasons based on an affidavit signed by a licensed physician*, licensed physician assistant, or advanced practice registered nurse, as defined in 37-8-102*. The waiver must be in writing and must include the vehicle identification number, registration number, or other description to clearly identify the motor vehicle to which the waiver applies and the date issued, the name of the owner of the vehicle, the reason for granting the waiver, the dates the waiver is effective, and the signature of the law enforcement officer granting the waiver. (2) The provisions of this section do not apply to:

(a) an occupant of a motor vehicle who possesses a written statement from a licensed physician*, licensed physician assistant, or advanced practice registered nurse, as defined in 37-8-102,* that the occupant is unable to wear a seatbelt for medical reasons;

(b) an occupant of a motor vehicle in which all seatbelts are being used by other occupants;

(c) an operator of a motorcycle or a motor-driven cycle;

(b) As part of their compliance with subsection (3)(a), public utilities shall purchase both the renewable energy credits and the electricity output from community renewable energy projects that total at least 50 megawatts in nameplate capacity.

(c) Public utilities shall proportionately allocate the purchase required under subsection (3)(b) based on each public utility's retail sales of electrical energy in Montana in the calendar year 2009.

(4) (a) In the compliance year beginning January 1, 2015, and in each succeeding compliance year, each public utility *and competitive electricity*

supplier shall procure a minimum of 15% of its retail sales of electrical energy in Montana from eligible renewable resources.

(b) (i) As part of their compliance with subsection (4)(a), public utilities shall purchase both the renewable energy credits and the electricity output from community renewable energy projects that total at least 75 megawatts in nameplate capacity.

(ii) In meeting the standard in subsection (4)(b)(i), a public utility may include purchases made under subsection (3)(b).

(c) Public utilities shall proportionately allocate the purchase required under subsection (4)(b) based on each public utility's retail sales of electrical energy in Montana in the calendar year 2014.

(5) (a) In complying with the standards required under subsections (2) through (4), a public utility *or competitive electricity supplier* shall, for any given compliance year, calculate its procurement requirement based on the public utility's *or competitive electricity supplier's* previous year's sales of electrical energy to retail customers in Montana.

(b) The standard in subsections (2) through (4) must be calculated on a delivered-energy basis after accounting for any line losses.

(6) A public utility *or competitive electricity supplier* has until 3 months following the end of each compliance year to purchase renewable energy credits for that compliance year.

(7) (a) In order to meet the standard established in subsections (2) through (4), a public utility *or competitive electricity supplier* may only use:

(i) electricity from an eligible renewable resource in which the associated renewable energy credits have not been sold separately;

(ii) renewable energy credits created by an eligible renewable resource purchased separately from the associated electricity; or

(iii) any combination of subsections (7)(a)(i) and (7)(a)(ii).

(b) A public utility *or competitive electricity supplier* may not resell renewable energy credits and count those sold credits against the public utility's *or the competitive electricity supplier's* obligation to meet the standards established in subsections (2) through (4).

(c) Renewable energy credits sold through a voluntary service such as the one provided for in 69-8-210(4) may not be applied against a public utility's *or competitive electricity supplier's* obligation to meet the standards established in subsections (2) through (4).

(8) Nothing in this part limits a public utility *or competitive electricity supplier* from exceeding the standards established in subsections (2) through (4).

(9) If a public utility *or competitive electricity supplier* exceeds a standard established in subsections (2) through (4) in any compliance year, the public utility *or competitive electricity supplier* may carry forward the amount by which the standard was exceeded to comply with the standard in either or both of the 2 subsequent compliance years. The carryforward may not be double-counted.

(10) Except as provided in ~~subsection (11)~~ *subsections (11) and (12)*, if a public utility *or competitive electricity supplier* is unable to meet the standards established in subsections (2) through (4) in any compliance year, that public

utility *or competitive electricity supplier* shall pay an administrative penalty, assessed by the commission, of $10 for each megawatt hour of renewable energy credits that the public utility *or competitive electricity supplier* failed to procure. A public utility may not recover this penalty in electricity rates. Money generated from these penalties must be deposited in the universal low-income energy assistance fund established in 69-8-412(1)(a).

(11) A public utility *or competitive electricity supplier* may petition the commission for a short-term waiver from full compliance with the standards in subsections (2) through (4) and the penalties levied under subsection (10). The petition must demonstrate that the:

(a) public utility *or competitive electricity supplier* has undertaken all reasonable steps to procure renewable energy credits under long-term contract, but full compliance cannot be achieved either because renewable energy credits cannot be procured or for other legitimate reasons that are outside the control of the public utility *or competitive electricity supplier*; or

(b) integration of additional eligible renewable resources into the electrical grid will clearly and demonstrably jeopardize the reliability of the electrical system and that the public utility *or competitive electricity supplier* has undertaken all reasonable steps to mitigate the reliability concerns.

(12) (a) Retail sales made by a competitive electricity supplier made according to prices, terms, and conditions of a written contract executed prior to [the effective date of this act] are exempt from the standards in subsections (2) through (4).

(b) The exemption provided for in subsection (12)(a) is terminated upon modification after [the effective date of this act] of the prices, terms, or conditions in a written contract."

Section 3. Section 69-8-1005, MCA, is amended to read:

"69-8-1005. Procurement — cost recovery — reporting. (1) In meeting the requirements of this part, a public utility shall:

(a) conduct renewable energy solicitations under which the public utility offers to purchase renewable energy credits, either with or without the associated electricity, under contracts of at least 10 years in duration; and

(b) consider the importance of geographically diverse rural economic development when procuring renewable energy credits.

(2) A public utility that intends to enter into contracts of less than 10 years in duration shall demonstrate to the commission that these contracts will provide a lower long-term cost of meeting the standard established in 69-8-1004.

(3) (a) Contracts signed for projects located in Montana must require all contractors to give preference to the employment of bona fide Montana residents, as defined in 18-2-401, in the performance of the work on the projects if the Montana residents have substantially equal qualifications to those of nonresidents.

(b) Contracts signed for projects located in Montana must require all contractors to pay the standard prevailing rate of wages for heavy construction, as provided in 18-2-401(13)(a), during the construction phase of the project.

(4) All contracts signed by a public utility to meet the requirements of this part are eligible for advanced approval under procedures established by the commission. Upon advanced approval by the commission, these contracts are

eligible for cost recovery from ratepayers, except that nothing in this part limits the commission's ability to subsequently, in any future cost-recovery proceeding, inquire into the manner in which the public utility has managed the contract and to disallow cost recovery if the contract was not reasonably administered.

(5) A public utility *or competitive electricity supplier* shall submit renewable energy procurement plans to the commission in accordance with rules adopted by the commission. The plans must be submitted to the commission on or before:

(a) January 1, 2007, for the standard required in 69-8-1004(2);

(b) June 1, 2008, for the standard required in 69-8-1004(3);

(c) June 1, 2013, for the standard required in 69-8-1004(4); and

(d) any additional future dates as required by the commission.

(6) A public utility *or competitive electricity supplier* shall submit annual reports, in a format to be determined by the commission, demonstrating compliance with this part for each compliance year. The reports must be filed by March 1 of the year following the compliance year.

(7) For the purpose of implementing this part, the commission has regulatory authority over competitive electricity suppliers."

Section 4. Section 69-8-1007, MCA, is amended to read:

"69-8-1007. Cost caps. (1) A public utility that has restructured pursuant to Title 69, chapter 8, is not obligated to take electricity from an eligible renewable resource unless the eligible renewable resource has demonstrated through a competitive bidding process that the total cost of electricity from that eligible resource, including the associated cost of ancillary services necessary to manage the transmission grid and firm the resource, is less than or equal to bids for the equivalent quantity of power over the equivalent contract term from other electricity suppliers.

(2) A public utility that has not restructured pursuant to Title 69, chapter 8, is not obligated to take electricity from an eligible renewable resource unless the cost per kilowatt hour of the generation from the renewable resource does not exceed by more than 15% the cost of power from any other alternate generating resource available to the public utility.

(3) A competitive electricity supplier is not obligated to take electricity from an eligible renewable resource unless the total cost of the electricity from that eligible renewable resource, including ancillary services, is less than or equal to a cost cap determined by the commission based on:

(a) the cost of alternate power supplies available to the competitive electricity supplier; and

(b) the cost caps applicable to other utilities under this section."

Section 5. Effective date. [This act] is effective on passage and approval.

Section 1. Section 17-1-508, MCA, is amended to read:

"17-1-508. Review of statutory appropriations. (1) Each biennium, the office of budget and program planning shall, in development of the executive budget, review and identify instances in which statutory appropriations in current law do not appear consistent with the guidelines set forth in subsection (2).

(2) The review of statutory appropriations must determine whether a statutory appropriation meets the requirements of 17-7-502. A *Except as provided in 77-1-108, a* statutory appropriation from a continuing and reliable source of revenue may not be used to fund administrative costs. In reviewing and establishing statutory appropriations, the legislature shall consider the following guidelines. A statutory appropriation may be considered appropriate if:

(a) the fund or use requires an appropriation;

(b) the money is not from a continuing, reliable, and estimable source;

(c) the use of the appropriation or the expenditure occurrence is not predictable and reliable;

(d) the authority does not exist elsewhere;

(e) an alternative appropriation method is not available, practical, or effective;

(f) other than for emergency purposes, it does not appropriate money from the state general fund;

(g) the money is dedicated for a specific use;

(h) the legislature wishes the activity to be funded on a continual basis; and

(i) when feasible, an expenditure cap and sunset date are included.

(3) The office of budget and program planning shall prepare a fiscal note for each piece of legislation that proposes to create or amend a statutory appropriation. It shall, consistent with the guidelines in this section, review each of these pieces of legislation. Its findings concerning the statutory

appropriation must be contained in the fiscal note accompanying that legislation."

Section 2. Section 17-6-201, MCA, is amended to read:

"17-6-201. Unified investment program — general provisions. (1) The unified investment program directed by Article VIII, section 13, of the Montana constitution to be provided for public funds must be administered by the board of investments in accordance with the prudent expert principle, which requires an investment manager to:

(a) discharge the duties with the care, skill, prudence, and diligence, under the circumstances then prevailing, that a prudent person acting in a like capacity with the same resources and familiar with like matters exercises in the conduct of an enterprise of a like character with like aims;

(b) diversify the holdings of each fund within the unified investment program to minimize the risk of loss and to maximize the rate of return unless, under the circumstances, it is clearly prudent not to do so; and

(c) discharge the duties solely in the interest of and for the benefit of the funds forming the unified investment program.

(2) (a) Retirement funds may be invested in common stocks of any corporation.

(b) Other public funds may not be invested in private corporate capital stock. "Private corporate capital stock" means only the common stock of a corporation.

(3) (a) This section does not prevent investment in any business activity in Montana, including activities that continue existing jobs or create new jobs in Montana.

(b) The board is urged under the prudent expert principle to invest up to 3% of retirement funds in venture capital companies. Whenever possible, preference should be given to investments in those venture capital companies that demonstrate an interest in making investments in Montana.

(c) In discharging its duties, the board shall consider the preservation of purchasing power of capital during periods of high monetary inflation.

(d) The board may not make a direct loan to an individual borrower. The purchase of a loan or a portion of a loan originated by a financial institution is not considered a direct loan.

(4) The board has the primary authority to invest state funds. Another agency may not invest state funds unless otherwise provided by law. The board shall direct the investment of state funds in accordance with the laws and constitution of this state. The board has the power to veto investments made under its general supervision.

(5) The board shall:

(a) assist agencies with public money to determine if, when, and how much surplus cash is available for investment;

(b) determine the amount of surplus treasury cash to be invested;

(c) determine the type of investment to be made;

(d) prepare the claim to pay for the investment; and

(e) keep an account of the total of each investment fund and of all the investments belonging to the fund and a record of the participation of each treasury fund account in each investment fund.

(6) The board may:

(a) execute deeds of conveyance transferring real property obtained through investments. Prior to the transfer of real property directly purchased and held as an investment, the board shall obtain an appraisal by a qualified appraiser.

(b) direct the withdrawal of funds deposited by or for the state treasurer pursuant to 17-6-101 and 17-6-105;

(c) direct the sale of securities in the program at their full and true value when found necessary to raise money for payments due from the treasury funds for which the securities have been purchased.

(7) The cost of administering and accounting for each investment fund must be deducted from the income from each fund, *other than the fund derived from land granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329. An appropriation to pay the costs of administering and accounting for the Morrill Act fund is provided for in 77-1-108*."

(b) The law or portion of the law making a statutory appropriation must specifically state that a statutory appropriation is made as provided in this section.

Section 4. Section 77-1-108, MCA, is amended to read:

"77-1-108. Trust land administration account. (1) There is a trust land administration account in the state special revenue fund. Money in the account is available to the department by appropriation and must be used to pay the costs of administering state trust lands.

(2) Appropriations from the account for each fiscal year may not exceed the sum of 1 1/8% of the book value balance in the ~~nine~~ permanent funds administered by the department*, other than the fund containing proceeds derived from land granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329,* on the first day of January preceding the new biennium and 10% of the revenue deposited in the capitol building land grant trust fund in the last-completed fiscal year prior to the new biennium.

(3) ~~Unreserved~~ *Except as provided in subsection (4), unreserved* funds remaining in the account at the end of a fiscal year must be transferred to each of the permanent funds in proportionate shares to each fund's contribution to the account as calculated in 77-1-109(3).

(4) (a) The amount of $80,000 each biennium is transferred from the state general fund to an account in the state special revenue fund. The account is statutorily appropriated, as provided in 17-7-502, to the department for the purposes of administering the land granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329. Any unexpended portion of the statutory appropriation may be retained in the account and used for the administration of the Morrill Act land.

(b) At the end of each fiscal year, the department shall pay from the appropriation in subsection (4)(a) to the trust containing proceeds derived from land granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329, an amount calculated to be the cost of administering the investment of the fund derived from that trust. The payment must be based upon the percentage that the Morrill Act fund constitutes of the total fund derived from all trust lands."

Section 5. Section 77-1-109, MCA, is amended to read:

"77-1-109. Deposits of proceeds in trust land administration account. (1) *(a)* The department shall, until the deposit equals the amount appropriated for the fiscal year pursuant to 77-1-108, deposit into the trust land administration account created by 77-1-108 the following:

~~(a)~~*(i)* mineral royalties;

~~(b)~~*(ii)* the proceeds or income from the sale of easements and timber, except timber from public school and Montana university system lands;

~~(c)~~*(iii)* 5% of the interest and income annually credited to the public school fund in accordance with 20-9-341; and

~~(d)~~*(iv)* fees collected pursuant to 77-2-328.

(b) The department may not make deductions from interest or income generated from lands granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329.

(2) After the deposits in subsection (1) have been made, the remainder of the proceeds, other than proceeds from timber from Montana university system lands and other than those purchased pursuant to 17-6-340, must be deposited in the appropriate permanent fund and the capitol building land grant trust fund. Timber proceeds from university system lands must be paid over to the state treasurer, who shall deposit the money to the credit of the proper fund for use as provided in 17-3-1003(1). Royalty payments purchased pursuant to 17-6-340 must be used as provided in that section and 20-9-622.

(3) The amount of money that is deposited into the trust land administration account may not exceed 1 1/8% of the book value balance in each of the ~~nine~~ permanent funds*, other than the fund containing proceeds derived from lands granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329,* administered by the department on the first day of January preceding the new biennium and 10% of the previous fiscal year revenue deposited into the capitol building land grant trust fund."

Section 6. Section 77-1-602, MCA, is amended to read:

"77-1-602. Definition of terms. Unless the context requires otherwise, in this part*,* the following definitions apply:

(1) "Account" means the resource development account in the state special revenue fund.

(2) *(a)* "Income" means all proceeds received for the use of state land except*:*

(i) revenue required by law to be placed in the permanent fund type*;* and

(ii) revenue from the sale of timber.

(b) For purposes of subsection (2)(a), state land does not include land granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329."

Section 7. Section 77-1-606, MCA, is amended to read:

"77-1-606. Restriction on use of income from school and institutional lands. Money in the resource development account created in 77-1-604 that is derived from the income from public school lands, university lands*, other than land granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329,* agricultural college lands, scientific school lands, normal school lands, capitol building lands, or institutional lands must be expended by the department solely for the purpose of defraying the costs and expenses necessarily incurred in developing public lands of the same trust. If the board determines that public lands in a trust may be developed and ~~moneys~~ *money* in the account from that trust ~~are~~ *is* insufficient to defray the necessary costs and expenses incurred, the board may transfer sufficient ~~moneys~~ *money* from other trusts in the account. Trust accounts from which money is transferred must be reimbursed by a method approved by the board."

Section 8. Section 77-1-613, MCA, is amended to read:

"77-1-613. Deduction of portion of income received from sale of timber from state trust lands — creation of account. (1) There is an account in the state special revenue fund called the state timber sale account. Money in the account may be appropriated by the legislature for use by the department in the manner set out in this section to enhance the revenue creditable to the trusts. There must be placed in the account an amount from timber sales on state lands*, other than land granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329,* each fiscal year equal to the amount appropriated from the account for the corresponding fiscal year.

(2) Timber sale program funds deducted under subsection (1) must be directly applied to timber sale preparation and documentation.

(3) In order to increase the volume of timber sold at the earliest possible time while continuing to meet the requirements of applicable state and federal laws and in order to avoid unnecessary delays and extra costs that would result from increasing its permanent staff, the department may contract for services that will enable achievement of the purposes of this section and that will achieve the highest net return to the trusts.

(4) To maximize overall return to the trusts, the timely salvage of timber must be considered. However, salvage timber sales may not adversely affect the implementation of green timber sales programs."

Section 9. Section 77-1-905, MCA, is amended to read:

"77-1-905. Rental provisions for commercial leasing — payments and credits — administration — lease options. (1) The first year's annual rental payment for state trust land leased for commercial purposes must be paid by cashier's check, and payment is due upon execution of the lease. The department may require the lessee of state trust land for commercial purposes to pay the department's cost of the request for proposals process, including publication and other reasonable expenses. Failure to pay the first year's rental at the time of lease execution must result in the cancellation of the lease and forfeiture of all money paid. In the event of cancellation or in the event that the successful proposer is offered and does not accept the lease, the board may enter into negotiations with other persons who submitted a proposal for commercial purposes in response to the department request for proposals on that tract.

(2) The board shall specify in any commercial lease an annual rental equal to the full market rental value of the land. The annual rent may not be less than the product of the appraised value of the land multiplied by a rate that is 2 percentage points a year less than the rate of return of the unified investment program administered by the board of investments pursuant to 17-6-201. The rate of return from the unified investment program used in this subsection must be determined no less than 30 days prior to the execution of the competitive bid. A commercial lease may include a rental adjustment formula established by the board that periodically adjusts the annual rent provided for in the lease at frequencies specified in the lease. The board may allow a credit against the annual rent due for payments made by the lessee on behalf of the state of Montana for construction of structures and improvements, special improvement district assessments, annexation fees, or other city or county fees attributable to the state's property interest in land leased for commercial purposes. The board may accept as lawful consideration in-kind payments of services or materials equal to the full market value of the rent calculated to be

owed on any commercial lease. A lease issued under this part may include an amortization schedule to be used to determine the value to the lessee of improvements when the lease is terminated.

(3) ~~The~~ *Except for rent received from lands granted to the state pursuant to the Morrill Act of 1862, 7 U.S.C. 301 through 308, and the Morrill Act of 1890, 7 U.S.C. 321 through 329, the* department may use up to 10% of the annual rent received from a commercial lease to contract with realtors, property managers, surveyors, legal counsel, or lease administrators to administer the commercial lease, either singly or in common with other leases, or to provide assistance to the department in the administration of commercial leases.

(4) In anticipation of entering into a commercial lease, the board may issue an option to lease at a rental rate that the board determines to be appropriate. An option to lease may not exceed a term of 2 years. An option to lease may not be construed to grant a right of immediate possession or control over the land but may only preserve the optionholder's exclusive right to obtain a commercial lease on the land in the future."

Section 10. Section 77-2-328, MCA, is amended to read:

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 16-4-402, MCA, is amended to read:

"16-4-402. Application — investigation. (1) Prior to the issuance of a license under this chapter, the applicant shall file with the department an application containing information and statements relative to the applicant and the premises where the alcoholic beverage is to be sold as required by the department.

(2) (a) Upon receipt of a completed application for a license under this code, accompanied by the necessary license fee or letter of credit as provided in 16-4-501(7)(f), the department of justice shall make a thorough investigation of all matters relating to the application. Based on the results of the investigation or on other information, the department shall determine whether:

(i) the applicant is qualified to receive a license;

(ii) the applicant's premises are suitable for the carrying on of the business; and

(iii) the requirements of this code and the rules promulgated by the department are met and complied with.

If information is requested from the applicant by either department, the time period in this subsection (2)(c) is tolled until the requested information is received by the requesting department. The time period is also tolled if the applicant requests and is granted a delay in the license determination or if the license is for premises that are to be altered, as provided in 16-3-311, or newly constructed. The basis for the tolling of the deadline must be documented.

(3) *(a)* Upon proof that an applicant made a false statement in any part of the original application, in any part of an annual renewal application, or in any hearing conducted pursuant to an application, the application for the license may be denied, and if issued, the license may be revoked.

(b) A statement on an application or at a hearing that is based upon a verifiable assertion made by a governmental officer, employee, or agent that an applicant relied upon in good faith may not be used as the basis of a false statement for a denial or revocation of a license.

(4) The department shall issue a conditional approval letter upon the last occurrence of either:

(a) completion of the investigation and determination provided for in subsection (2) if the department has not received information that would cause the department to deny the application; or

(b) a final agency decision that either denies or dismisses a protest against the approval of an application pursuant to 16-4-207.

(5) The conditional approval letter must state the reasons upon which the future denial of the application may be based. The reasons for denial of the application after the issuance of the conditional approval letter are as follows:

(a) there is false or erroneous information in the application;

(b) the premises are not approved by local building, health, or fire officials;

(c) there are physical changes to the premises that if known prior to the issuance of the conditional approval letter would have constituted grounds for the denial of the application or denial of the issuance of the conditional approval; or

CHAPTER NO. 258

[HB 310]

AN ACT PROVIDING FOR THE TRANSFER OF REAL PROPERTY BY A BENEFICIARY DEED; PROVIDING A FORM FOR A BENEFICIARY DEED; PROVIDING FOR THE REVOCATION OF A BENEFICIARY DEED; PROVIDING FOR THE RIGHTS OF CREDITORS AND OTHERS; AMENDING SECTION 72-6-111, MCA; AND PROVIDING AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Beneficiary deed — form — definitions. (1) A deed that conveys an interest in real property, including any debt secured by a lien on real property, to a grantee beneficiary designated by the owner and that expressly states that the deed is effective on the death of the owner transfers the deceased owner's interest to the grantee beneficiary designated by name in the beneficiary deed effective on the death of the owner, subject to all conveyances, assignments, contracts, mortgages, deeds of trust, liens, security pledges, and other encumbrances made by the owner or to which the owner was subject during the owner's lifetime.

(2) A beneficiary deed may designate multiple grantees who take title as joint tenants with right of survivorship, tenants in common, or any other tenancy that is valid under the laws of this state.

(3) A beneficiary deed may designate a successor grantee beneficiary. If the beneficiary deed designates a successor grantee beneficiary, the deed must state the condition on which the interest of the successor grantee beneficiary would vest.

(4) If real property is owned by persons as joint tenants with the right of survivorship, a deed that conveys an interest in the real property to a grantee beneficiary designated by all of the then surviving owners and that expressly

states that the deed is effective on the death of the last surviving owner transfers the interest to the designated grantee beneficiary effective on the death of the last surviving owner. If a beneficiary deed is executed by fewer than all of the owners of real property owned as joint tenants with right of survivorship, the beneficiary deed is valid if the last surviving owner is one of the persons who executes the beneficiary deed. If the last surviving owner did not execute the beneficiary deed, the transfer lapses and the deed is void. An estate in joint tenancy with right of survivorship is not affected by the execution of a beneficiary deed that is executed by fewer than all of the owners of the real property, and the rights of a surviving joint tenant with right of survivorship prevail over a grantee beneficiary named in a beneficiary deed.

(5) A beneficiary deed is valid only if the deed is executed and recorded, as provided by law, in the office of the county clerk and recorder of the county in which the property is located, before the death of the owner or the last surviving owner. A beneficiary deed may be used to transfer an interest in real property to the trustee of a trust even if the trust is revocable.

(6) A beneficiary deed may be revoked at any time by the owner or, if there is more than one owner, by any of the owners who executed the beneficiary deed. To be effective, the revocation must be executed and recorded, as provided by law, in the office of the county clerk and recorder of the county in which the real property is located, before the death of the owner who executes the revocation. If the real property is owned as joint tenants with right of survivorship and if the revocation is not executed by all the owners, the revocation is not effective unless executed by the last surviving owner.

(7) If an individual who is a recipient of medicaid pursuant to 53-6-131 conveys an interest in real property by means of a beneficiary deed, the department of public health and human services may assert a claim pursuant to 53-6-167 against the property that is the subject of a beneficiary deed to the extent of medical assistance granted by the department.

(8) If an owner executes and records more than one beneficiary deed concerning the same real property, the last beneficiary deed that is recorded before the owner's death is the effective beneficiary deed.

(9) This section does not prohibit other methods of conveying property that are permitted by law and that have the effect of postponing enjoyment of an interest in real property until the death of the owner. This section does not invalidate any deed otherwise effective by law to convey title to the interests and estates provided in the deed that is not recorded until after the death of the owner.

(10) The signature, consent, or agreement of, or notice to, a grantee beneficiary of a beneficiary deed is not required for any purpose during the lifetime of the owner.

(11) A beneficiary deed that is executed, acknowledged, and recorded in accordance with this section is not revoked by the provisions of a will.

(12) The death of an owner of real property must, for the purposes of this section, be proved by affidavit or certificate of death.

(13) A beneficiary deed is sufficient if it complies with other applicable law and if it is in substantially the following form:

Beneficiary Deed

I (we) _____ (owner) hereby convey to _____ (grantee beneficiary) effective on my (our) death the following described real property:

(Legal description)

If a grantee beneficiary predeceases the owner, the conveyance to that grantee beneficiary must either (choose one):

☐ Become void.

☐ Become part of the estate of the grantee beneficiary.

_____

(Dated)

_____

(Signature of grantor(s))

(acknowledgment)

(14) An instrument revoking a beneficiary deed is sufficient if it complies with other applicable laws and is in substantially the following form:

Revocation of Beneficiary Deed

The undersigned hereby revokes the beneficiary deed recorded on _____ (date), in docket or book _____ at page _____, or instrument number _____, records of _____ County, Montana, concerning the following described real property:

(Legal description)

Dated: _____

_____

Signature

(acknowledgment)

(15) As used in this section, the following definitions apply:

(a) "Beneficiary deed" means a deed authorized by this section.

(b) "Grantee beneficiary" or "grantee" means the person to whom an owner grants an interest in the real property that is the subject of the beneficiary deed.

(c) "Owner" means a person who executes a beneficiary deed as provided in this section.

Section 2. Rights of creditors and others. (1) If other assets of the estate are insufficient, a transfer resulting from a beneficiary deed, as provided for in [section 1], is not effective against the estate and statutory allowances to the surviving spouse and children.

(2) A surviving party who receives title to real property pursuant to a beneficiary deed is liable to account to the personal representative of the decedent for the value of the property to the extent necessary to discharge the claims and allowances described in subsection (1) remaining unpaid after application of the decedent's estate. A proceeding to assert the liability may not be commenced unless the personal representative has received a written demand by the surviving spouse, a creditor, a child, or a person acting for a child of the decedent. The proceeding must be commenced within 1 year after death of the decedent.

(3) A surviving party against whom a proceeding to account is brought may join as a party to the proceeding any other person claiming an interest in the real property.

(4) Sums recovered by the personal representative must be administered as part of the decedent's estate.

Section 3. Section 72-6-111, MCA, is amended to read:

"72-6-111. Nonprobate transfers on death. (1) A provision for a nonprobate transfer on death in an insurance policy, contract of employment, bond, mortgage, promissory note, certificated or uncertificated security, account agreement, custodial agreement, deposit agreement, compensation plan, pension plan, individual retirement plan, employee benefit plan, trust, conveyance, deed of gift, *beneficiary deed, as defined in [section 1],* marital property agreement, or other written instrument of a similar nature is nontestamentary. (b) money due or to become due under the instrument ceases to be payable in the event of death of the promisee or the promisor before payment or demand; or

(c) any property controlled by or owned by the decedent before death that is the subject of the instrument passes to a person the decedent designates either in the instrument or in a separate writing, including a will, executed either before or at the same time as the instrument or later.

(2) This section does not limit rights of creditors under other laws of this state."

Section 4. Codification instruction. [Sections 1 and 2] are intended to be codified as an integral part of Title 72, chapter 6, part 1, and the provisions of Title 72, chapter 6, part 1, apply to [sections 1 and 2].

Section 5. Applicability. [This act] applies to a beneficiary deed filed by an owner, as both are defined in [section 1], who dies after October 1, 2007.

[HB 364]

AN ACT CREATING THE LIVESTOCK LOSS REDUCTION AND MITIGATION BOARD TO ADMINISTER PROGRAMS FOR THE MITIGATION AND REIMBURSEMENT OF LIVESTOCK LOSSES BY WOLVES; ESTABLISHING BOARD MEMBERSHIP, POWERS, DUTIES, AND REPORTING REQUIREMENTS; ESTABLISHING ACCOUNTS AND A TRUST FUND TO FUND THE MITIGATION OF LIVESTOCK LOSSES BECAUSE OF WOLF PREDATION AND TO REIMBURSE LIVESTOCK OWNERS FOR LOSSES RELATED TO PREDATION BY WOLVES; PROVIDING AN APPROPRIATION; AND PROVIDING EFFECTIVE DATES.

WHEREAS, wolves are firmly established in Montana, and the long-term presence of wolves depends on implementing a comprehensive program that balances the complex biological, social, economic, and political aspects of wolf management; and

WHEREAS, wolf depredation on livestock has the potential to negatively impact some individual livestock producers; and

WHEREAS, the Montana Wolf Management Plan and Final EIS adopted by the Department of Fish, Wildlife, and Parks called for creation of a program to

reduce the risk of losses of livestock to wolves and to reimburse livestock producers for losses; and

WHEREAS, a working group of more than 30 Montana citizens, state and federal agency personnel, and tribal representatives developed a comprehensive proposal for the "Montana Livestock Loss Reduction and Mitigation Program".

Be it enacted by the Legislature of the State of Montana:

Section 1. Livestock loss reduction and mitigation board — purpose, membership, and qualifications. (1) There is a livestock loss reduction and mitigation board. The purpose of the board is to administer the programs called for in the Montana gray wolf management plan and established in [sections 2 through 4], with funds provided through the accounts established in [section 5], in order to minimize losses caused by wolves to livestock producers and to reimburse livestock producers for livestock losses from wolf predation.

(2) The board consists of seven members, appointed by the governor, as follows:

(a) three members from a list of names recommended by the board of livestock;

(b) three members from a list of names recommended by the fish, wildlife, and parks commission; and

(c) one member of the general public.

(3) Each board member must have knowledge of or have experience in at least one of the following:

(a) the raising of livestock in Montana;

(b) livestock marketing, valuations, sales, or breeding associations;

(c) the interaction of wolves with livestock and livestock mortality caused by wolves;

(d) wildlife conservation;

(e) administration; and

(f) fundraising.

(4) The board is designated as a quasi-judicial board for the purposes of 2-15-124. Notwithstanding the provisions of 2-15-124(1), the governor is not required to appoint an attorney to serve as a member of the board.

(5) The board is allocated to the department of livestock for administrative purposes only as provided in 2-15-121.

(6) The board shall adopt rules to implement the provisions of [sections 1 through 7].

Section 2. Livestock loss reduction program. The livestock loss reduction and mitigation board shall establish and administer a program to cost-share with individuals or incorporated entities in implementing measures to prevent wolf predation on livestock, including:

(1) eligibility requirements for program participation;

(2) application procedures for program participation and procedures for awarding grants for wolf predation prevention measures, subject to grant priorities and the availability of funds;

(3) criteria for the selection of projects and program participants, which may include establishment of grant priorities based on factors such as chronic depredation, multiple depredation incidents, single depredation incidents, and potential high-risk geographical or habitat location;

(4) grant guidelines for prevention measures on public and private lands, including:

(a) grant terms that clearly set out the obligations of the livestock producer and that provide for a term of up to 12 months subject to renewal based on availability of funds, satisfaction of program requirements, and prioritization of the project;

(b) cost-share for prevention measures, which may be a combination of grant and livestock producer responsibility, payable in cash or in appropriate services, such as labor to install or implement preventive measures, unless the board adjusts the cost-share because of extenuating circumstances related to chronic or multiple depredation; and

(c) proactive preventive measures, including but not limited to fencing, fladry, night penning, increased human presence in the form of livestock herders and riders, guard animals, providing hay and dog food, rental of private land or alternative pasture allotments, delayed turnouts, and other preventive measures as information on new or different successful prevention measures becomes available; and

(5) reporting requirements for program participants to assist in determining the effectiveness of loss reduction relative to each grant.

Section 3. Livestock loss mitigation program — definitions. The livestock loss reduction and mitigation board shall establish and administer a program to reimburse livestock producers for livestock losses caused by wolves, subject to the following provisions:

(1) The board shall establish eligibility requirements for reimbursement, which must provide that all Montana livestock producers are eligible for coverage for losses by wolves to cattle, swine, horses, mules, sheep, goats, and livestock guard animals on state, federal, and private land and on tribal land that is eligible through agreement pursuant to [section 4(2)].

(2) Confirmed and probable livestock losses must be reimbursed at an amount not to exceed fair market value as determined by the board.

(3) Other losses may be reimbursed at rates determined by the board.

(4) A claim process must be established to be used when a livestock producer suffers a livestock loss for which wolves may be responsible. The claim process must set out a clear and concise method for documenting and processing claims for reimbursement for livestock losses.

(5) A process must be established to allow livestock producers to appeal reimbursement decisions. A producer may appeal a staff adjuster's decision by notifying the staff adjuster and the board in writing, stating the reasons for the appeal and providing documentation supporting the appeal. If the documentation is incomplete, the board or a producer may consult with the U.S. department of agriculture wildlife services to complete the documentation. The board may not accept any appeal on the question of whether the loss was or was not a confirmed or probable loss because that final determination lies solely with the U.S. department of agriculture wildlife services and may not be changed by the board. The board shall hold a hearing on the appeal within 90 days of receipt

of the written appeal, allowing the staff adjuster and the producer to present their positions. A decision must be rendered by the board within 30 days after the hearing. The producer must be notified in writing of the board's decision.

(6) As used in this section, the following definitions apply:

(a) "Confirmed" means reasonable physical evidence that livestock was actually attacked or killed by a wolf, including but not limited to the presence of bite marks indicative of the spacing of canine tooth punctures of wolves and associated subcutaneous hemorrhaging and tissue damage indicating that the attack occurred while the animal was alive, feeding patterns on the carcass, fresh tracks, scat, hair rubbed off on fences or brush, eyewitness accounts, or other physical evidence that allows a reasonable inference of wolf predation on an animal that has been largely consumed.

(b) "Fair market value" means:

(i) for commercial sheep more than 1 year old, the average price of sheep of similar age and sex paid at the most recent Billings livestock sale ring or other ring as determined by the board;

(ii) for commercial lambs, the average market weaning value;

(iii) for registered sheep, the average price paid to the specific breeder for sheep of similar age and sex during the past year at public or private sales for that registered breed;

(iv) for commercial cattle more than 1 year old, the average price of cattle of similar age and sex paid at the most recent Billings livestock sale ring or other ring as determined by the board;

(v) for commercial calves, the average market weaning value;

(vi) for registered cattle, the average price paid to the owner for cattle of similar age and sex during the past year at public or private sales for that registered breed;

(vii) for other registered livestock, the average price paid to the producer at public or private sales for animals of similar age and sex. A producer may provide documentation that a registered animal has a fair market value in excess of the average price, in which case the board shall seek additional verification of the value of the animal from independent sources. If the board determines that the value of that animal is greater than the average price, then the increased value must be accepted as the fair market value for that animal.

(viii) for other livestock, the average price paid at the most recent public auction for the type of animal lost or the replacement price as determined by the board.

(c) "Probable" means the presence of some evidence to suggest possible predation but a lack of sufficient evidence to clearly confirm predation by a particular species. A kill may be classified as probable depending on factors including but not limited to recent confirmed predation by the suspected depredating species in the same or a nearby area, recent observation of the livestock by the owner or the owner's employees, and telemetry monitoring data, sightings, howling, or fresh tracks suggesting that the suspected depredating species may have been in the area when the depredation occurred.

Section 4. Additional powers and duties of livestock loss reduction and mitigation board. (1) The livestock loss reduction and mitigation board shall:

(a) process claims;

(b) seek information necessary to ensure that claim documentation is complete;

(c) provide payments authorized by the board for confirmed and probable livestock losses, along with a written explanation of payment;

(d) submit monthly and annual reports to the board summarizing claims and expenditures and the results of action taken on claims and maintain files of all claims received, including supporting documentation;

(e) provide information to the board regarding appealed claims and implement any decision by the board;

(f) prepare the annual budget for the board; and

(g) provide proper documentation of staff time and expenditures.

(2) The livestock loss reduction and mitigation board may enter into an agreement with any Montana tribe, if the tribe has adopted a wolf management plan for reservation lands that is consistent with the state wolf management plan, to provide that tribal lands within reservation boundaries are eligible for mitigation grants pursuant to [section 2] and that livestock losses on tribal lands within reservation boundaries are eligible for reimbursement payments pursuant to [section 3].

(3) The livestock loss reduction and mitigation board shall:

(a) coordinate and share information with state, federal, and tribal officials, livestock producers, nongovernmental organizations, and the general public in an effort to reduce livestock losses caused by wolves;

(b) establish an annual budget for the prevention, mitigation, and reimbursement of livestock losses caused by wolves;

(c) perform or contract for the performance of periodic program audits and reviews of program expenditures, including payments to individuals, incorporated entities, and producers who receive loss reduction grants and reimbursement payments;

(d) adjudicate appeals of claims;

(e) investigate alternative or enhanced funding sources, including possible agreements with public entities and private wildlife or livestock organizations that have active livestock loss reimbursement programs in place;

(f) meet as necessary to conduct business; and

(g) report annually to the governor, the legislature, members of the Montana congressional delegation, the board of livestock, the fish, wildlife, and parks commission, and the public regarding results of the programs established in [sections 2 through 4].

(3) The livestock loss reduction and mitigation board may spend funds in the accounts only to carry out the provisions of [sections 2 through 4].

Section 5. Livestock loss reduction and mitigation trust fund. (1) The legislature shall provide for a fund, to be known as the livestock loss reduction and mitigation trust fund, to be funded with gifts, grants, reimbursements, appropriations, or allocations from any source.

(2) The principal of the livestock loss reduction and mitigation trust fund shall forever remain inviolate in an amount of $5 million unless appropriated by a vote of three-fourths of the members of each house of the legislature.

(3) The interest and income generated from the livestock loss reduction and mitigation trust fund must be deposited in the livestock loss reduction and mitigation state special revenue account provided for in [section 5]. The interest and income may be appropriated by a majority vote of each house of the legislature and may be used only to fund the livestock loss reduction program and the livestock loss mitigation program as provided in [sections 2 and 3].

(4) (a) Until the principal of the fund reaches $5 million, at the end of each biennium, any amount of interest and income from the trust fund that is not used for the livestock loss reduction program or the livestock loss mitigation program must be used to reimburse the state general fund up to $120,000. Any remaining interest and income must be deposited in the trust fund as principal.

(b) After the principal of the trust fund reaches $5 million, at the end of each biennium, any amount of interest and income that is not used for the livestock loss reduction program or the livestock loss mitigation program must be deposited in the general fund.

Section 6. Funding of programs — contingency. The awarding of grants and reimbursements and the performance of duties pursuant to [sections 2 through 4] are contingent upon the amount of money available in the accounts provided for in [sections 5 and 6].

Section 7. Appropriation. There is appropriated from the general fund to the department of livestock:

(1) $60,000 in fiscal year 2008 for 1.0 FTE and for operating expenses to establish the livestock loss reduction and mitigation board and board activities; and

(c) 5% of the area of the land proposed to be subdivided into parcels larger than 1 acre and not larger than 3 acres; and

(d) 2.5% of the area of the land proposed to be subdivided into parcels larger than 3 acres and not larger than 5 acres.

(2) When a subdivision is located totally within an area for which density requirements have been adopted pursuant to a growth policy under chapter 1 or pursuant to zoning regulations under chapter 2, the governing body may establish park dedication requirements based on the community need for parks and the development densities identified in the growth policy or regulations. Park dedication requirements established under this subsection are in lieu of those provided in subsection (1) and may not exceed 0.03 acres per dwelling unit.

(3) A park dedication may not be required for:

(a) ~~a minor subdivision;~~

~~(b)~~ land proposed for subdivision into parcels larger than 5 acres;

~~(c)~~*(b)* subdivision into parcels that are all nonresidential;

~~(d)~~*(c)* a subdivision in which parcels are not created, except when that subdivision provides permanent multiple spaces for recreational camping vehicles, mobile homes, or condominiums; or

~~(e)~~*(d)* a subdivision in which only one additional parcel is created.

(4) The governing body, in consultation with the subdivider and the planning board or park board that has jurisdiction, may determine suitable locations for parks and playgrounds and, giving due weight and consideration to the expressed preference of the subdivider, may determine whether the park dedication must be a land donation, cash donation, or a combination of both. When a combination of land donation and cash donation is required, the cash donation may not exceed the proportional amount not covered by the land donation.

(5) (a) In accordance with the provisions of subsections (5)(b) and (5)(c), the governing body shall use the dedicated money or land for development, acquisition, or maintenance of parks to serve the subdivision.

(b) The governing body may use the dedicated money to acquire, develop, or maintain, within its jurisdiction, parks or recreational areas or for the purchase of public open space or conservation easements only if:

(i) the park, recreational area, open space, or conservation easement is within a reasonably close proximity to the proposed subdivision; and

(ii) the governing body has formally adopted a park plan that establishes the needs and procedures for use of the money.

(c) The governing body may not use more than 50% of the dedicated money for park maintenance.

(6) The local governing body shall waive the park dedication requirement if:

(a) (i) the preliminary plat provides for a planned unit development or other development with land permanently set aside for park and recreational uses sufficient to meet the needs of the persons who will ultimately reside in the development; and

(ii) the area of the land and any improvements set aside for park and recreational purposes equals or exceeds the area of the dedication required under subsection (1);

(b) (i) the preliminary plat provides long-term protection of critical wildlife habitat; cultural, historical, or natural resources; agricultural interests; or aesthetic values; and

(ii) the area of the land proposed to be subdivided, by virtue of providing long-term protection provided for in subsection (6)(b)(i), is reduced by an amount equal to or exceeding the area of the dedication required under subsection (1);

(c) the area of the land proposed to be subdivided, by virtue of a combination of the provisions of subsections (6)(a) and (6)(b), is reduced by an amount equal to or exceeding the area of the dedication required under subsection (1); or

(d) (i) the subdivider provides for land outside of the subdivision to be set aside for park and recreational uses sufficient to meet the needs of the persons who will ultimately reside in the subdivision; and

(ii) the area of the land and any improvements set aside for park and recreational uses equals or exceeds the area of dedication required under subsection (1).

(7) The local governing body may waive the park dedication requirement if:

(a) the subdivider provides land outside the subdivision that affords long-term protection of critical wildlife habitat, cultural, historical, or natural resources, agricultural interests, or aesthetic values; and

(b) the area of the land to be subject to long-term protection, as provided in subsection (7)(a), equals or exceeds the area of the dedication required under subsection (1).

(8) A local governing body may, at its discretion, require a park dedication for a minor subdivision. A local governing body that chooses to require a park dedication shall specify in regulations the circumstances under which a park dedication will be required.

~~(8)~~*(9)* Subject to the approval of the local governing body and acceptance by the school district trustees, a subdivider may dedicate a land donation provided

in subsection (1) to a school district, adequate to be used for school facilities or buildings.

~~(9)~~*(10)* For the purposes of this section:

(a) "cash donation" is the fair market value of the unsubdivided, unimproved land; and

(b) "dwelling unit" means a residential structure in which a person or persons reside.

~~(10)~~*(11)* A land donation under this section may be inside or outside of the subdivision."

~~(3) A mobile home owner who owns the mobile home but rents the lot space has the exclusive right to sell the mobile home without interference or conditions by the landlord. The new purchaser shall make suitable arrangements with the landlord in order to become a tenant on the mobile home lot. (1) Except as provided in this chapter, if there is a noncompliance by the tenant with the rental agreement or a noncompliance with 70-24-321, the landlord may deliver a written notice to the tenant pursuant to 70-24-108 specifying the acts and omissions constituting the noncompliance and that the rental agreement will terminate upon a date specified in the notice not less than the minimum number of days after receipt of the notice provided for in this section. The rental agreement terminates as provided in the notice, subject to the following:

(a) If the noncompliance is remediable by repairs, the payment of damages, or otherwise and the tenant adequately remedies the noncompliance before the date specified in the notice, the rental agreement does not terminate.

(b) If the noncompliance involves an unauthorized pet, the notice period is 3 days.

(c) If the noncompliance involves unauthorized persons residing in the rental unit, the notice period is 3 days.

(d) If the noncompliance is not listed in subsection (1)(b) or (1)(c), the notice period is 14 days.

(e) If substantially the same act or omission that constituted a prior noncompliance of which notice was given recurs within 6 months, the landlord may terminate the rental agreement upon at least 5 days' written notice specifying the noncompliance and the date of the termination of the rental agreement.

~~(f) This subsection (1) does not apply to a rental agreement involving a tenant who rents space for a mobile home but does not rent the mobile home.~~

(2) If rent is unpaid when due and the tenant fails to pay rent within 3 days after written notice by the landlord of nonpayment and the landlord's intention to terminate the rental agreement if the rent is not paid within that period, the landlord may terminate the rental agreement. ~~This subsection does not apply to a rental agreement involving a tenant who rents space for a mobile home but does not rent the mobile home.~~

(3) If the tenant destroys, defaces, damages, impairs, or removes any part of the premises in violation of 70-24-321(2), the landlord may terminate the rental agreement upon giving 3 days' written notice specifying the noncompliance under the provisions of 70-24-321(2).

(4) If the tenant creates a reasonable potential that the premises may be damaged or destroyed or that neighboring tenants may be injured, as evidenced by the tenant being arrested for or charged with an act that violates the provisions of 70-24-321(3), the landlord may terminate the rental agreement upon giving 3 days' written notice specifying the violation and noncompliance under the provisions of 70-24-321(3).

(5) Except as provided in this chapter, the landlord may recover actual damages and obtain injunctive relief for any noncompliance by the tenant with the rental agreement or 70-24-321. Except as provided in subsection (6), if the tenant's noncompliance is purposeful, the landlord may recover treble damages.

(6) Treble damages may not be recovered for the tenant's early termination of the tenancy.

~~(7) Subsections (3) through (6) apply to all rental agreements, including those involving a tenant who rents space for a mobile home but does not rent the mobile home.~~

~~(8)~~*(7)* The landlord is not bound by this section in the event that~~:~~

~~(a) the rental agreement does not involve a tenant who rents space for a mobile home but does not rent the mobile home; and~~

~~(b)~~ the landlord elects to use the 30-day notice for termination of tenancy as provided in 70-24-441."

Section 5. Section 70-24-431, MCA, is amended to read:

"70-24-431. Retaliatory conduct by landlord prohibited. (1) Except as provided in this section, a landlord may not retaliate by increasing rent, *by* decreasing services, or by bringing or threatening to bring an action for possession after the tenant:

(a) has complained of a violation applicable to the premises materially affecting health and safety to a governmental agency charged with responsibility for enforcement of a building or housing code;

(b) has complained to the landlord in writing of a violation under 70-24-303; or

(c) has organized or become a member of a tenant's union~~, mobile home park tenant association,~~ or similar organization.

(2) If the landlord acts in violation of subsection (1) of this section, the tenant is entitled to the remedies provided in 70-24-411 and has a defense in any retaliatory action against ~~him~~ *the tenant* for possession.

(3) In an action by or against the tenant, evidence of a complaint within 6 months before the alleged act of retaliation creates a rebuttable presumption that the landlord's conduct was in retaliation. The presumption does not arise if the tenant made the complaint after notice of a proposed rent increase or diminution of services. For purposes of this section, "rebuttable presumption" means that the trier of fact ~~must~~ *is required to* find the existence of the fact presumed unless and until evidence is introduced ~~which~~ *that* would support a finding of its nonexistence.

(4) ~~Notwithstanding subsections~~ *Subsections* (1), (2), and (3) ~~of this section,~~ *do not prevent* a landlord ~~may bring~~ *from bringing* an action for possession if:

(a) the violation of the applicable building or housing code was caused primarily by lack of reasonable care by the tenant, a member of the tenant's family, or *any* other persons on the premises with ~~his~~ *the tenant's* consent;

(b) the tenant is in default in rent; or

(c) compliance with the applicable building or housing code requires alteration, remodeling, or demolition ~~which~~ *that* would effectively deprive the tenant of use of the dwelling unit.

(5) The maintenance of an action under subsection (4) of this section does not release the landlord from liability under 70-24-405(2)."

Section 6. Section 70-24-441, MCA, is amended to read:

"70-24-441. Termination by landlord or tenant — ~~applicability~~. (1) The landlord or the tenant may terminate a week-to-week tenancy by a written notice given to the other at least 7 days before the termination date specified in the notice.

(2) The landlord or the tenant may terminate a month-to-month tenancy by giving to the other at any time during the tenancy at least 30 days' notice in writing prior to the date designated in the notice for the termination of the tenancy.

(3) The tenancy terminates on the date designated and without regard to the expiration of the period for which, by the terms of the tenancy, rents are to be paid. Unless otherwise agreed, rent is uniformly apportionable from day to day.

~~(4) The provisions of this section do not apply to a tenant who rents space for a mobile home in a mobile home park but does not rent the mobile home.~~"

Section 7. Short title. [Sections 7 through 51] may be cited as "The Montana Residential Mobile Home Lot Rental Act".

(2) Notice received by an organization is effective for a particular transaction from the time it is brought to the attention of the individual conducting that transaction on behalf of the organization and, in any event, from the time the notice would have been brought to the individual's attention if the organization had exercised reasonable diligence.

Section 13. Obligation of good faith. Every duty under [sections 7 through 51] and every act that must be performed as a condition precedent to the exercise of a right or remedy under [sections 7 through 51] imposes an obligation of good faith in its performance or enforcement.

(c) periodic rent is payable at the beginning of a term that is a month or less and otherwise in equal monthly installments at the beginning of each month;

(d) rent is uniformly apportionable from day to day; and

(e) the tenancy is from month to month.

(3) Rent is payable without demand or notice at the time and place agreed upon by the parties or as provided by subsection (2).

Section 15. Prohibited provisions in rental agreements. (1) A rental agreement may not require a party to:

(a) waive or forego rights or remedies under [sections 7 through 51];

(b) authorize any person to confess judgment on a claim arising out of the rental agreement; or

(c) agree to the exculpation or limitation of liability resulting from the other party's purposeful misconduct or negligence or to indemnify the other party for that liability or related costs or attorney fees.

(2) A rental agreement or a related document may not permit the receipt of rent free of the obligation to comply with the provisions of [section 19].

Section 16. Effect of unsigned or undelivered rental agreement. (1) If the landlord does not sign and deliver a written rental agreement signed and delivered to the landlord by the tenant, acceptance of rent without reservation by the landlord gives the rental agreement the same effect as if it had been signed and delivered by the landlord.

(2) If the tenant does not sign and deliver a written rental agreement signed and delivered to the tenant by the landlord, acceptance of possession of the premises and payment of rent without reservation gives the rental agreement the same effect as if it had been signed and delivered by the tenant.

(3) If a rental agreement given effect by the operation of this section provides for a term longer than 1 year, it is effective for only 1 year.

Section 17. Duty to disclose name of person responsible. (1) A landlord or a person authorized to enter into a rental agreement on a landlord's behalf shall disclose to the tenant in writing at or before the commencement of the tenancy the name and address of:

(a) the person authorized to manage the premises; and

(b) the owner of the premises or a person authorized to act for the owner for the purpose of service of process and receiving notices and demands.

(2) The information required to be furnished by this section must be kept current and in writing, and this section is enforceable against any successor landlord, owner, or manager.

(3) A person, other than the landlord, who fails to comply with subsection (1) becomes an agent of each person who is a landlord for the purpose of:

(a) service of process and receiving notices and demands; and

(b) performing the obligations of the landlord under [sections 7 through 51] and under the rental agreement and for expending or making available for the purpose of performing those obligations all rent collected from the premises.

Section 18. Landlord to deliver possession of premises. (1) At the commencement of the rental term, a landlord shall deliver possession of the premises to the tenant in compliance with the rental agreement and [section 19]. A landlord may bring an action for possession against a person wrongfully in possession.

(2) If a landlord accepts rent or a deposit from a person intending to occupy the premises, the landlord is considered to have given consent for the person to take possession of the property and to have created a landlord-tenant relationship.

Section 19. Landlord to maintain premises — agreement that tenant perform duties. (1) A landlord shall:

(a) comply with the requirements of applicable building and housing codes materially affecting health and safety;

(b) make repairs and do whatever is necessary to put and keep the premises in a fit and habitable condition;

(c) keep all common areas of the premises in a clean and safe condition;

(d) for the premises, maintain in good and safe working order and condition all electrical, plumbing, sanitary, heating, ventilating, air-conditioning, and other facilities and appliances, including elevators, supplied or required to be supplied by the landlord;

(e) unless otherwise provided in a rental agreement, provide and maintain appropriate receptacles and conveniences for the removal of ashes, garbage, rubbish, and other waste incidental to the occupancy of the lot and arrange for their removal; and

(f) supply running water at all times, unless the lot is not required by law to be equipped for that purpose or the running water is generated by an installation within the exclusive control of the tenant.

(2) If the duty imposed by subsection (1)(a) is greater than a duty imposed by subsections (1)(b) through (1)(f), a landlord's duty must be determined by reference to subsection (1)(a).

(3) A landlord and tenant may agree in writing that the tenant perform the landlord's duties specified in subsections (1)(e) and (1)(f) but only if the agreement is entered into in good faith and not for the purpose of evading the obligations of the landlord.

(4) A landlord and tenant may agree that the tenant is to perform specified repairs, maintenance tasks, alterations, or remodeling only if:

(a) the agreement of the parties is entered into in good faith and not for the purpose of evading the obligations of the landlord and is set forth in a separate writing signed by the parties and supported by adequate consideration;

(b) the work is not necessary to cure noncompliance with subsection (1)(a); and

(c) the agreement does not diminish the obligation of the landlord to other tenants.

Section 20. Transfer of premises or termination of management — relief from liability. (1) Unless otherwise agreed, a landlord who conveys premises subject to a rental agreement, in a good faith sale to a bona fide purchaser, is relieved of liability under the rental agreement and [sections 7 through 51] as to events occurring after written notice to the tenant of the conveyance. The landlord remains liable to the tenant for all security recoverable by the tenant pursuant to Title 70, chapter 25, and all prepaid rent.

(2) Unless otherwise agreed, a manager of premises subject to a rental agreement is relieved of liability under the rental agreement and [sections 7 through 51] as to events occurring after written notice to the tenant of the termination of the manager's management duties.

Section 21. Transfer of premises by tenant. (1) A tenant who vacates a lot during the term of a tenancy may not allow the possession of the property to be transferred to a third person or sublet the property unless the landlord or the landlord's agent has consented in writing.

(2) The sale or rental of a mobile home located upon a lot does not entitle the purchaser or renter to retain rental of the lot unless the purchaser or renter enters into a rental agreement with the owner of the lot.

(3) A mobile home owner who owns the mobile home but rents the lot has the exclusive right to sell the mobile home without interference or conditions by the landlord. The new purchaser shall make suitable arrangements with the landlord in order to become a tenant on the mobile home lot. The purchase of the mobile home does not automatically entitle the purchaser to rent the mobile home lot.

Section 22. Landlord authorized to adopt rules. (1) A landlord may adopt a rule concerning the tenant's use and occupancy of the premises. A rule is enforceable against the tenant only if:

(a) its purpose is to promote the convenience, safety, or welfare of the occupants in the premises, preserve the landlord's property from abusive use, or make a fair distribution of services and facilities held out for the tenants generally;

(b) it is reasonably related to the purpose for which it is adopted;

(c) it applies to all occupants in the premises in a fair manner;

(d) it is sufficiently explicit in its prohibition, direction, or limitation of the tenant's conduct to fairly inform the tenant of what the tenant shall or may not do to comply;

(e) it is not for the purpose of evading the obligations of the landlord; and

(f) the tenant has notice of the rule at the time that the tenant enters into the rental agreement or when the rule is adopted.

(2) A rule adopted by a landlord must be in writing and must be given to each tenant residing on the premises and to each new tenant upon arrival.

(3) If a rule is adopted after a tenant enters into a rental agreement that involves a substantial modification of the rental agreement, it is not valid until after 30 days' written notice in the case of month-to-month tenancies.

Section 23. Access to premises by landlord. (1) A tenant may not unreasonably withhold consent to the landlord or the landlord's agent to enter the lot in order to inspect the premises, make necessary or agreed repairs, alterations, or improvements, supply necessary or agreed services, or exhibit the lot to prospective or actual purchasers, mortgagees, tenants, workers, or contractors.

(2) A landlord may enter the lot without consent of the tenant in case of emergency.

(3) A landlord may not abuse the right of access or use it to harass the tenant. Except in case of emergency or unless it is impracticable to do so, the landlord shall give the tenant at least 24 hours' notice of the intent to enter and may enter only at reasonable times.

(4) A landlord has no other right of access except:

(a) pursuant to court order;

(b) as permitted by [section 42] and [section 43(1)(b)]; or

(c) when the tenant has abandoned or surrendered the premises.

(5) A tenant may not remove a lock or replace or add a lock not supplied by the landlord to the premises without the written permission of the landlord. If a tenant removes a lock or replaces or adds a lock not supplied by the landlord to the premises, the tenant shall provide the landlord with a key to ensure that the landlord will have the right of access as provided by [sections 7 through 51].

Section 24. Lot rules. (1) A landlord may adopt a rule concerning the rental occupancy of a lot and the use of common areas and facilities in accordance with [section 22]. A rule may not be unreasonable, and a rule that does not apply uniformly to all tenants of a similar class creates a rebuttable presumption, as defined in [section 48(3)], that the rule is unfair.

(2) Each common area facility must be open or available to residents at all reasonable hours, and the hours of a common recreational facility must be posted at the facility.

Section 25. Resident associations — meetings. (1) The membership of a resident association may elect officers of the association at a meeting at which a majority of the members are present. All residents may attend meetings, but the landlord and the landlord's employees may not be members and may not attend meetings unless specifically invited by the tenants' resident association.

(2) The landlord may not prohibit meetings by a resident association or tenants relating to mobile home living.

Section 26. Road maintenance obligations. In addition to the obligations imposed by [section 19], the mobile home park landlord shall maintain common roads within the mobile home park in a safe condition, including arranging for snow plowing as is reasonable to keep the roads passable.

Section 27. Tenant to maintain lot. (1) A tenant shall:

(a) comply with all obligations primarily imposed upon tenants by applicable provisions of building and housing codes materially affecting health and safety;

(b) keep that part of the premises that the tenant occupies and uses as reasonably clean and safe as the condition of the premises permits;

(c) dispose from the lot all ashes, garbage, rubbish, and other waste in a clean and safe manner;

(d) use in a reasonable manner all electrical, plumbing, sanitary, heating, ventilating, air-conditioning, and other facilities and appliances, including elevators, in the premises;

(e) conduct oneself and require other persons on the premises with the tenant's consent to conduct themselves in a manner that will not disturb the tenant's neighbors' peaceful enjoyment of the premises; and

(f) use the parts of the premises in a reasonable manner considering the purposes for which they were designed and intended.

(2) This section does not preclude the right of the tenant to operate a limited business or cottage industry on the premises, subject to state and local laws, if the landlord has consented in writing. The landlord may not unreasonably withhold consent if the limited business or cottage industry is operated within reasonable rules of the landlord.

(3) A tenant may not destroy, deface, damage, impair, or remove any part of the premises or permit any person to do so.

(4) A tenant may not engage or knowingly allow any person to engage in any activity on the premises that creates a reasonable potential that the premises may be damaged or destroyed or that neighboring tenants may be injured by any of the following:

(a) criminal production or manufacture of dangerous drugs, as prohibited by 45-9-110;

(b) operation of an unlawful clandestine laboratory, as prohibited by 45-9-132; or

(c) gang-related activities, as prohibited by Title 45, chapter 8, part 4.

Section 28. Notice of extended absence. The rental agreement may require that the tenant notify the landlord of an anticipated extended absence from the premises in excess of 7 days not later than the first day of the extended absence.

Section 29. Administration of remedies — enforcement — agreement. (1) The remedies provided by [sections 7 through 51] must be administered so that an aggrieved party may recover appropriate damages. The aggrieved party has a duty to mitigate damages.

(2) A right or obligation declared by [sections 7 through 51] is enforceable by action unless the provision declaring it specifies a different and limited effect.

(3) Rules and regulations that are not a part of [sections 7 through 51] and that affect the relationship between the landlord and tenant must be uniformly and fairly applied and enforced.

(4) A claim or right arising under [sections 7 through 51] or on a rental agreement, if disputed in good faith, may be settled by agreement.

Section 30. Prohibited provisions — damages. (1) A provision prohibited by [section 15] that is included in a rental agreement is unenforceable.

(2) If one party purposefully uses a rental agreement containing provisions known by that party to be prohibited, the other party may recover, in addition to actual damages, an amount up to 3 months' rent.

Section 31. Unconscionability — court discretion. (1) If the court, as a matter of law, finds that:

(a) a rental agreement or any provision of the rental agreement is unconscionable, the court in order to avoid an unconscionable result may refuse to enforce the agreement or may enforce the remainder of the agreement without the unconscionable provision result; or

(b) a settlement in which a party waives or agrees to forego a claim or right under [sections 7 through 51] or under a rental agreement is unconscionable, the court in order to avoid an unconscionable result may refuse to enforce the settlement, may enforce the remainder of the settlement without the unconscionable provision, or may limit the application of any unconscionable provision.

(2) If unconscionability is put into issue by a party or by the court upon its own motion, the parties must be afforded a reasonable opportunity to present evidence as to the setting, purpose, and effect of the rental agreement or settlement to aid the court in making its determination.

Section 32. Landlord's failure to deliver premises — tenant's remedies. (1) If the landlord fails to deliver possession of the lot to the tenant as provided in [section 18], rent abates until possession is delivered and the tenant may:

(a) terminate the rental agreement upon at least 5 days' written notice to the landlord and, upon termination, the landlord shall return all prepaid rent and security; or

(b) demand performance of the rental agreement by the landlord and, if the tenant elects, maintain an action for possession of the lot against the landlord or a person wrongfully in possession and recover the actual damages sustained by the tenant.

(2) If a person's failure to deliver possession is purposeful and not in good faith, an aggrieved party may recover from that person an amount of not more than 3 months' rent or treble damages, whichever is greater.

Section 33. Landlord's failure to maintain premises — tenant's remedies. (1) Unless otherwise provided in [sections 7 through 51], if there is a noncompliance with [section 19] affecting health and safety, the following procedures apply:

(a) The tenant may deliver a written notice to the landlord specifying the nature of the breach and that the rental agreement will terminate upon a date not less than 30 days after receipt of the notice if the breach is not remedied in 14 days. If the noncompliance results in a case of emergency and the landlord fails to remedy the situation within 3 working days after written notice by the tenant of the situation and the tenant's intention to terminate the rental agreement, the tenant may terminate the rental agreement. The rental agreement terminates as provided in the notice subject to the following exceptions:

(i) if the breach is remediable by repairs, the payment of damages, or otherwise and the landlord adequately remedies the breach before the date specified in the notice, the rental agreement does not terminate by reason of the breach;

(ii) if substantially the same act or omission that constituted a prior noncompliance of which notice was given recurs within 6 months, the tenant may terminate the rental agreement upon at least 14 days' written notice specifying the breach and the date of termination of the rental agreement;

(iii) the tenant may not terminate the rental agreement for a condition caused by the tenant, a member of the tenant's family, or any other persons on the premises with the tenant's consent.

(b) (i) The tenant may make repairs that do not cost more than 1 month's rent and deduct the cost from the rent if the tenant has given the landlord notice and the landlord has not made the repairs within a reasonable time. If the repair is required in a case of emergency and the landlord has not made the repairs, the tenant may have repairs made only by a person qualified to make the repairs.

(ii) If the landlord fails to comply with the rental agreement or [section 19] and the reasonable cost of compliance is less than 1 month's rent, the tenant may recover damages for the breach under subsection (2).

(2) Unless otherwise provided in [sections 7 through 51], the tenant may recover actual damages and obtain injunctive relief for any noncompliance by the landlord with the rental agreement or [section 19].

(3) The remedy provided in subsection (2) is in addition to a right of the tenant arising under subsection (1).

(4) If the rental agreement is terminated, the landlord shall return all security recoverable by the tenant pursuant to Title 70, chapter 25.

Section 34. Landlord's failure to provide essential services — tenant's remedies. (1) If contrary to the rental agreement or [section 19] the landlord purposefully or negligently fails to supply running water, electric, gas, or other essential services, the tenant may give written notice to the landlord specifying the breach and may:

(a) procure reasonable amounts of running water, electricity, gas, and other essential services during the period of the landlord's noncompliance and deduct the actual and reasonable cost from the rent;

(b) recover damages based upon the diminution in the fair rental value of the lot; or

(c) procure reasonable substitute housing during the period of the landlord's noncompliance, in which case the tenant is excused from paying rent for the period of the landlord's noncompliance.

(2) A tenant proceeding under this section may not proceed under [section 33] for a landlord's failure to provide essential services.

(3) The rights of a tenant under this section do not arise until the tenant has given notice to the landlord and the landlord has had a reasonable opportunity to correct the conditions.

(4) A tenant does not have rights under this section if the conditions were caused by the act or omission of the tenant, a member of the tenant's family, or any other person on the premises with the tenant's consent.

Section 35. Fire or casualty damage — rights and obligations of tenant. (1) (a) If the lot or premises are damaged or destroyed by fire or casualty to an extent that enjoyment of the lot is substantially impaired, the tenant may immediately vacate the premises and notify the landlord in writing within 14 days of vacating the premises that it is the tenant's intention to terminate the rental agreement.

(b) If the tenant complies with the provisions of subsection (1)(a), the rental agreement terminates as of the date the tenant vacates the premises.

(2) If the rental agreement is terminated pursuant to subsection (1), the landlord shall return any prepaid rent and all security recoverable pursuant to Title 70, chapter 25. Accounting or apportionment for rent in the event of termination must be made as of the date of the fire or casualty.

(3) If the tenant's mobile home is damaged or destroyed by fire or casualty to an extent that enjoyment of the mobile home is substantially impaired and [section 47] does not apply, it is the obligation of the mobile home owner to remove the mobile home from the lot within 30 days of the damage or destruction.

(4) All terms and conditions of the rental agreement remain in effect until the mobile home is removed from the premises and all required cleanup is completed.

Section 36. Unlawful or unreasonable entry by landlord — tenant's remedies. If the landlord makes an unlawful entry or a lawful entry in an unreasonable manner or makes repeated demands for entry that is otherwise lawful but has the effect of unreasonably harassing the tenant, the tenant may either obtain injunctive relief to prevent the recurrence of the conduct or terminate the rental agreement. In either case the tenant may recover actual damages.

Section 37. Unlawful ouster, exclusion, or diminution of services — tenant's remedies. (1) If a landlord unlawfully removes or excludes the tenant from the premises or purposefully diminishes services to the tenant by interrupting or causing the interruption of running water, electricity, gas, or other essential services, the tenant may recover possession or terminate the rental agreement and, in either case, recover an amount of not more than 3 months' periodic rent or treble damages, whichever is greater.

(2) If the rental agreement is terminated, the landlord shall return all security recoverable pursuant to Title 70, chapter 25, and any prepaid rent.

Section 38. Action for nonpayment of rent — tenant's counterclaim. (1) (a) In an action for possession based upon nonpayment of the rent or in an action for rent when the tenant is in possession, the tenant may counterclaim for any amount recoverable under the rental agreement or [sections 7 through 51].

(b) (i) The court may order the tenant to pay into court all or part of the rent accrued and afterwards accruing, and the court shall determine the amount due to each party.

(ii) A party to whom a net amount is owed must be paid first from the money paid into court, and the balance must be paid by the other party.

(iii) The court may at any time release money paid into the court to any party if the parties agree or if the court finds a party is entitled to the money.

(c) If there is no rent remaining due after application of this section, judgment must be entered for the tenant in an action for possession.

(2) In an action for rent when the tenant is not in possession, the tenant may counterclaim as provided in subsection (1) but may not be required to pay any rent into court.

Section 39. Noncompliance of tenant generally — landlord's right of termination — damages — injunction. (1) If the tenant destroys, defaces, damages, impairs, or removes any part of the premises in violation of [section 27(3)], the landlord may terminate the rental agreement upon giving 3 days' written notice specifying the noncompliance under the provisions of [section 27(3)].

(2) If the tenant creates a reasonable potential that the premises may be damaged or destroyed or that neighboring tenants may be injured, as evidenced by the tenant being arrested or charged with an act that violates the provisions of [section 27(4)], the landlord may terminate the rental agreement upon giving 3 days' written notice specifying the violation and noncompliance under the provisions of [section 27(4)].

(3) Except as otherwise provided in [sections 7 through 51], the landlord may recover actual damages and obtain injunctive relief for any noncompliance by the tenant with the rental agreement or [section 27]. Except as provided in subsection (4) of this section, if the tenant's noncompliance is purposeful, the landlord may recover treble damages.

(4) Treble damages may not be recovered for the tenant's early termination of the tenancy.

Section 40. Waiver of landlord's right to termination. (1) Acceptance by the landlord of full payment of rent due is a waiver of a claimed breach of a rental agreement only when the claimed breach is the nonpayment of rent.

(2) Acceptance of full payment of rent due when a claimed breach is something other than the nonpayment of rent does not constitute a waiver of any right.

(3) The acceptance of partial payment of rent due does not constitute a waiver of any right.

Section 41. Refusal of access — landlord's remedies. (1) If the tenant refuses to allow lawful access, the landlord may either obtain injunctive relief to compel access or terminate the rental agreement. In either case, the landlord may recover actual damages.

(2) If a tenant removes a lock or replaces or adds a lock not supplied by the landlord to the premises and fails to provide a key as required by [section 23(5)], the landlord may either obtain injunctive relief or terminate the rental agreement.

Section 42. Tenant's failure to maintain lot — landlord's right to enter and repair. If there is noncompliance by the tenant with [section 27] affecting health and safety that can be remedied by repair, replacement of a damaged item, or cleaning and the tenant fails to comply as promptly as conditions require in case of emergency or within 14 days after written notice by the landlord specifying the breach and requesting that the tenant remedy the breach within that period of time, the landlord may enter the lot and cause the work to be done in a competent manner and submit an itemized bill for the actual and reasonable cost, the fair and reasonable cost, or the fair and reasonable value of the work as rent on the next date rent is due or, if the rental agreement has terminated, for immediate payment.

Section 43. Remedies for absence or abandonment. (1) (a) If the rental agreement requires the tenant to give notice to the landlord of an anticipated extended absence in excess of 7 days, as provided for in [section 28], and the tenant fails to do so, the landlord may recover actual damages from the tenant.

(b) During an absence of the tenant in excess of 7 days, the landlord may enter the lot when reasonably necessary.

(2) (a) If the tenant abandons the lot, the landlord shall make reasonable efforts to rent the lot at a fair rental. If the landlord rents the lot for a term beginning before the expiration of the rental agreement, the rental agreement terminates as of the date of the new tenancy.

(b) If the landlord fails to use reasonable efforts to rent the lot at a fair rental or if the landlord accepts the abandonment as a surrender, the rental agreement is terminated by the landlord as of the date the landlord has notice of the abandonment.

(c) If the tenancy is from month to month or week to week, the term of the rental agreement for the purposes of this subsection (2) is a month or a week, as appropriate.

Section 44. Landlord's remedies after termination — action for possession. (1) If the rental agreement is terminated, the landlord has a claim for possession and for rent and a separate claim for actual damages for any breach of the rental agreement.

(2) (a) An action filed pursuant to subsection (1) in a court must be heard within 20 days after the tenant's appearance or the answer date stated in the summons, except that if the rental agreement is terminated because of

noncompliance under [section 27(4)], the action must be heard within 5 business days after the tenant's appearance or the answer date stated in the summons.

(b) If the action is appealed to the district court, the hearing must be held within 20 days after the case is transmitted to the district court, except that if the rental agreement is terminated because of noncompliance under [section 27(4)], the hearing must be held within 5 business days after the case is transmitted to the district court.

(3) The landlord and tenant may stipulate to a continuance of the hearing beyond the time limit in subsection (2) without the necessity of an undertaking.

(4) In a landlord's action for possession filed pursuant to subsection (1), the court shall rule on the action within 5 days after the hearing.

Section 45. Landlord's recovery of possession limited. Except in the case of abandonment or surrender or as permitted in [sections 7 through 51], a landlord may not recover or take possession of the lot by action or otherwise, including purposeful diminution of services to the tenant by interrupting or causing the interruption of running water, electricity, gas, or other essential services.

Section 46. Holdover remedies — consent to continued occupancy. (1) If the tenant remains in possession without the landlord's consent after expiration of the term of the rental agreement or other termination of the rental agreement, the landlord may bring an action for possession. If the tenant's holdover is purposeful and not in good faith, the landlord may recover an amount of not more than 3 months' rent or treble damages, whichever is greater.

(2) In an action for possession or unlawful holdover, the provisions of Title 25, chapter 23, apply, except that the time for filing an answer under Rule 4C(2)(b) is 10 days after service of summons and complaint, exclusive of the date of service.

(3) If the landlord consents to the tenant's continued occupancy [section 14(2)(e)] applies.

Section 47. Disposition of abandoned personal property. (1) If a tenancy terminates in any manner except by court order, if the landlord reasonably believes that the tenant has abandoned all personal property that the tenant has left on the premises, and if at least 5 days has elapsed since the occurrence of the events upon which the landlord has based the belief of abandonment, the landlord may remove the property from the premises.

(2) The landlord shall inventory and store all personal property of the tenant in a place of safekeeping and shall exercise reasonable care for the property. The landlord may charge a reasonable storage and labor charge if the property is stored by the landlord, plus the cost of removal of the property to the place of storage. The landlord may store the property in a commercial storage company, in which case the storage cost includes the actual storage charge plus the cost of removal of the property to the place of storage.

(3) After complying with subsections (1) and (2), the landlord shall:

(a) make a reasonable attempt to notify the tenant in writing that the property must be removed from the place of safekeeping;

(b) notify the local law enforcement office of the property held by the landlord;

(c) make a reasonable effort to determine if the property is secured or otherwise encumbered; and

(d) send a notice by certified mail to the last-known address of the tenant and each known party having a lien or encumbrance of record, stating that at a specified time, not less than 15 days after mailing the notice, the property will be disposed of if not removed.

(4) The landlord may dispose of the property after complying with subsection (3) by:

(a) selling all or part of the property at a public or private sale; or

(b) destroying or otherwise disposing of all or part of the property if the landlord reasonably believes that the value of the property is so low that the cost of storage or sale exceeds the reasonable value of the property.

(5) (a) If the tenant, upon receipt of the notice provided in subsection (3), responds in writing to the landlord on or before the day specified in the notice that the tenant intends to remove the property and does not do so within 7 days after delivery of the tenant's response, the tenant's property is conclusively presumed to be abandoned.

(b) If the tenant removes the property, the landlord is entitled to storage costs for the period that the property remains in safekeeping, plus the cost of removal of the property to the place of storage. Reasonable storage costs are allowed to a landlord who stores the property, and actual storage costs are allowed to a landlord who stores the property in a commercial storage company. A landlord is entitled to payment of the storage costs allowed under this subsection before the tenant may remove the property.

(6) The landlord is not responsible for any loss to the tenant resulting from storage unless the loss is caused by the landlord's purposeful or negligent act, in which case the landlord is liable for actual damages.

(7) (a) The landlord may deduct from the proceeds of the sale the reasonable costs of notice, storage, labor, and sale and, subject to any prior security interest of record, any delinquent rent or damages owing on the premises. The landlord shall remit to the tenant the remaining proceeds, if any, together with an itemized accounting.

(b) If the tenant cannot after due diligence be found, the remaining proceeds must be deposited with the county treasurer of the county in which the sale occurred and, if not claimed within 3 years, must revert to the general fund of the county.

Section 48. Retaliatory conduct by landlord prohibited. (1) Except as provided in this section, a landlord may not retaliate by increasing rent, by decreasing services, or by bringing or threatening to bring an action for possession after the tenant:

(a) has complained of a violation applicable to the premises materially affecting health and safety to a governmental agency charged with responsibility for enforcement of a building or housing code;

(b) has complained to the landlord in writing of a violation under [section 19]; or

(c) has organized or become a member of a tenant's union, mobile home park resident association, or similar organization.

(2) If the landlord acts in violation of subsection (1), the tenant is entitled to the remedies provided in [section 37] and has a defense in any retaliatory action against the tenant for possession.

(3) In an action by or against the tenant, evidence of a complaint within 6 months before the alleged act of retaliation creates a rebuttable presumption that the landlord's conduct was in retaliation. The presumption does not arise if the tenant made the complaint after notice of a proposed rent increase or diminution of services. For purposes of this subsection, "rebuttable presumption" means that the trier of fact is required to find the existence of the fact presumed unless evidence is introduced that would support a finding of its nonexistence.

(4) Subsections (1), (2), and (3) do not prevent a landlord from bringing an action for possession if:

(a) the violation of the applicable building or housing code was caused primarily by lack of reasonable care by the tenant, a member of the tenant's family, or any other persons on the premises with the tenant's consent;

(b) the tenant is in default in rent; or

(c) compliance with the applicable building or housing code requires alteration, remodeling, or demolition that would effectively deprive the tenant of use of the lot.

(5) The maintenance of an action under subsection (4) of this section does not release the landlord from liability under [section 32(2)].

Section 49. Disposition of abandoned mobile home. (1) If a tenancy terminates, if the landlord reasonably believes that the tenant has abandoned a mobile home occupying a mobile home lot, and if at least 5 days has elapsed since the occurrence of events upon which the landlord has formed the belief that the mobile home has been abandoned, the landlord may remove the mobile home from the premises or keep the mobile home stored on the premises.

(2) If the landlord does not keep the mobile home stored on the premises, the landlord shall store the mobile home in a place of safekeeping and in either case shall exercise reasonable care for the mobile home. The landlord may charge the mobile home owner reasonable removal and storage charges.

(3) Regardless of where the landlord stores the mobile home, the landlord shall:

(a) notify the local law enforcement office of the storage;

(b) make a reasonable effort to determine if the mobile home is secured or otherwise encumbered; and

(c) send a notice by certified mail to the last-known address of the mobile home owner and to any person or entity the landlord determines has an interest referred to in subsection (3)(b), stating that at a specified time, not less than 15 days after mailing the notice, the mobile home will be disposed of if the mobile home owner does not respond and remove the mobile home.

(4) If the mobile home owner, within 15 days after receipt of the notice provided for in subsection (3)(c), responds in writing to the landlord that the owner intends to remove the mobile home from where it is stored and does not do so within 20 days after delivery of the owner's response, the mobile home may be conclusively presumed to be abandoned. A landlord is entitled to payment of the

removal and storage costs allowed under subsection (2) before the owner may remove the mobile home.

(5) The landlord may dispose of the mobile home after complying with subsection (3) by:

(a) selling the mobile home at a public or private sale; or

(b) destroying or otherwise disposing of the mobile home if the landlord reasonably believes that the value of the mobile home is so low that the cost of a sale would exceed the reasonable value of the mobile home. Disposal may include having the mobile home removed to an appropriate disposal site.

(6) A public or private sale authorized by this section must be conducted under the provisions of 30-9A-610 or the sheriff's sale provisions of Title 25, chapter 13, part 7.

(7) The landlord has a lien on the mobile home and the proceeds of a sale conducted pursuant to subsection (6) for the reasonable costs of removal, storage, notice, sale, or delinquent rent or damages owing on the premises. The sale proceeds are subject to any prior security interest of record. A writing or recording is not necessary to create the lien provided for in this section. In the case of a sheriff's sale, the sheriff shall conduct the sale upon receipt of an affidavit from the landlord stating facts sufficient to warrant a sale under this section. After satisfaction of the lien, the landlord shall remit to the mobile home owner the remaining proceeds, if any. If the owner cannot after due diligence be found, the remaining proceeds must be deposited in the general fund of the county in which the sale occurred and, if not claimed within 3 years, are forfeited to the county.

Section 50. Grounds for termination of rental agreement. (1) If there is a noncompliance by the tenant with the rental agreement or with a provision of [section 27], the landlord may deliver a written notice to the tenant pursuant to [section 12] specifying the acts or omissions constituting the noncompliance and stating that the rental agreement will terminate upon the date specified in the notice that may not be less than the minimum number of days after receipt of the notice provided for in this section. The rental agreement terminates as provided in the notice for one or more of the following reasons and subject to the following conditions:

(a) nonpayment of rent, late charges, or common area maintenance fees as established in the rental agreement, for which the notice period is 7 days;

(b) a violation of a rule other than provided for in subsection (1)(a) that does not create an immediate threat to the health and safety of any other tenant or the landlord or manager, for which the notice period is 14 days;

(c) a violation of a rule that creates an immediate threat to the health and safety of any other tenant or the landlord or manager, for which the notice period is 24 hours;

(d) late payment of rent, late charges, or common area maintenance fees, as established in the rental agreement, three or more times within a 12-month period if written notice is given by the landlord after each failure to pay, as required by subsection (1)(a), for which the notice period for termination for the final late payment is 30 days;

(e) a violation of a rule that creates an immediate threat to the health and safety of any other tenant or the landlord or manager whether or not notice was

given pursuant to subsection (1)(c) and the violation was remedied as provided in subsection (3), for which the notice period is 14 days;

(f) two or more violations within a 12-month period of the same rule for which notice has been given for each prior violation, as provided in subsection (1)(a), (1)(b), or (1)(c), for which the notice period for the final violation is 30 days;

(g) two or more violations of [section 27(1)] within a 12-month period, for which the notice period for the final violation is 14 days;

(h) any violation of [section 27(3)], for which the notice period is as provided in [section 39(1)];

(i) disorderly conduct that results in disruption of the rights of others to the peaceful enjoyment and use of the premises, for which the notice period is 30 days;

(j) any other noncompliance or violation not covered by subsections (1)(a) through (1)(i) that endangers other tenants or mobile home park personnel or the landlord or manager or causes substantial damage to the premises, for which the notice period is 14 days;

(k) conviction of the mobile home owner or a tenant of the mobile home owner of a violation of a federal or state law or local ordinance, when the violation is detrimental to the health, safety, or welfare of other tenants or the landlord or manager or the landlord's documentation of a violation of the provisions of Title 45, chapter 9, for which the notice period is 14 days;

(l) changes in the use of the land if the requirements of subsection (2) are met, for which the notice period is 180 days;

(m) any legitimate business reason not covered elsewhere in this subsection (1) if the landlord meets the following requirements:

(i) the termination does not violate a provision of this section or any other state statute; and

(ii) the landlord has given the mobile home owner or tenant of the mobile home owner a minimum of 90 days' written notice of the termination.

(2) If a landlord plans to change the use of all or part of the premises from mobile home lot rentals to some other use, each affected mobile home owner must receive notice from the landlord as follows:

(a) The landlord shall give the mobile home owner and a tenant of the mobile home owner at least 15 days' written notice that the landlord will be appearing before a unit of local government to request permits for a change of use of the premises.

(b) After all required permits requesting a change of use have been approved by the unit of local government, the landlord shall give the mobile home owner and a tenant of the mobile home owner 6 months' written notice of termination of tenancy. If the change of use does not require local government permits, the landlord shall give the written notice at least 6 months prior to the change of use. In the notice the landlord shall disclose and describe in detail the nature of the change of use.

(c) Prior to entering a rental agreement during the 6-month notice period referred to in subsection (2)(b), the landlord shall give each prospective mobile home owner, and any tenant of the mobile home owner whose identity and address have been provided to the landlord, written notice that the landlord is

requesting a change in use before a unit of local government or that a change in use has been approved.

(3) Subject to the right to terminate in subsections (1)(d) through (1)(k), if the noncompliance described in subsections (1)(a) through (1)(c) is remediable by repairs, the payment of damages, or otherwise and the tenant adequately remedies the noncompliance before the date specified in the notice, the rental agreement does not terminate as a result of that noncompliance.

(4) For purposes of calculating the total number of notices given within a 12-month period under subsection (1)(d), only one notice for each violation per month may be included in the calculation.

Section 51. Attorney fees — costs. In an action on a rental agreement or arising under [sections 7 through 51], reasonable attorney fees, together with costs and necessary disbursements, may be awarded to the prevailing party notwithstanding an agreement to the contrary.

Section 52. Repealer. Sections 70-24-313, 70-24-315, 70-24-432, and 70-24-436, MCA, are repealed.

Section 53. Codification instruction. [Sections 7 through 51] are intended to be codified as an integral part of Title 70, and the provisions of Title 70 apply to [sections 7 through 51].

CHAPTER NO. 269

[HB 460]

AN ACT REVISING THE METAL MINE RECLAMATION LAWS; CLARIFYING RECLAMATION PLAN REQUIREMENTS; REQUIRING A TEMPORARY RECLAMATION BOND FOR CERTAIN UNANTICIPATED CIRCUMSTANCES; PROVIDING A PROCESS FOR DETERMINING THE TEMPORARY BOND AMOUNT; AMENDING SECTION 82-4-338, MCA; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE.

Be it enacted by the Legislature of the State of Montana:

Section 1. Section 82-4-338, MCA, is amended to read:

"82-4-338. Performance bond. (1) (a) An applicant for an exploration license or operating permit shall file with the department a bond payable to the state of Montana with surety satisfactory to the department in the sum to be determined by the department of not less than $200 for each acre or fraction of an acre of the disturbed land, conditioned upon the faithful performance of the requirements of this part, the rules of the board, and the permit. In lieu of a bond, the applicant may file with the department a cash deposit, an assignment of a certificate of deposit, an irrevocable letter of credit, or other surety acceptable to the department. The bond may not be less than the estimated cost to the state to ensure compliance with Title 75, chapters 2 and 5, this part, the rules, and the permit, including the potential cost of department management, operation, and maintenance of the site upon temporary or permanent operator insolvency or abandonment, until full bond liquidation can be effected.

(b) A public or governmental agency may not be required to post a bond under the provisions of this part.

(c) A blanket performance bond covering two or more operations may be accepted by the department. A blanket bond must adequately secure the estimated total number of acres of disturbed land.

(d) (i) For an exploration license or operating permit authorizing activities on federal land within the state, the department may accept a bond payable to the state of Montana and the federal agency administering the land. The bond must provide at least the same amount of financial guarantee as required by this part.

(ii) The bond must provide that the department may forfeit the bond without the concurrence of the federal land management agency. The bond may provide that the federal land management agency may forfeit the bond without the concurrence of the department. Upon forfeiture by either agency, the bond must be payable to the department and may also be payable to the federal land management agency. If the bond is payable to the department and the federal land management agency, the department, before accepting the bond, shall enter into an agreement or memorandum of understanding with the federal land management agency providing for administration of the bond funds in a manner that will allow the department to provide for compliance with the requirements of this part, the rules adopted under this part, and the permit.

(iii) The department may not enter into an agreement or memorandum of understanding with a federal land management agency that would require the department to impose requirements on an operator that are more stringent than state law and rules.

(2) (a) The department may calculate one or more reclamation plan components within its jurisdiction with the assistance of one or more third-party contractors selected jointly by the department and the applicant and compensated by the applicant when, based on relevant past experience, the department determines that additional expertise is necessary to calculate the bond amount for reclamation plan components. The department may contract for assistance pursuant to this subsection in determining bond amounts for the initial bond and for any subsequent bond review and adjustment. The mine owner is responsible for the first $5,000 in contractor services provided under this subsection. The mine owner and the department are each responsible for 50% of any amount over $5,000.

(b) To select a third-party contractor as authorized in subsection (2)(a), the department shall prepare a list of no fewer than four contractors acceptable to the department and shall provide the applicant with a copy of the list. The applicant shall provide the department with a list of at least 50% of the contractors from the department's list. The department shall select its contractor from the list provided by the applicant.

(3) (a) The department shall conduct an overview of the amount of each bond annually and shall conduct a comprehensive bond review at least every 5 years. The department may conduct additional comprehensive bond reviews if, after modification of a reclamation or operation plan, an annual overview, or an inspection of the permit area, the department determines that an increase of the bond level may be necessary. The department shall consult with the licensee or permittee if a review indicates that the bond level should be adjusted. When determined by the department that the set bonding level of a permit or license does not represent the present costs of compliance with this part, the rules, and the permit, the department shall modify the bonding requirements of that permit or license. The licensee or permittee must have 60 days to negotiate the preliminary bond determination with the department, at the end of which time period the department shall issue the proposed bond determination. The department shall give the licensee or permittee a copy of the bond calculations that form the basis for the proposed bond determination and, for operating permits, publish notice of the proposed bond determination in a newspaper of general circulation in the county in which the operation is located. The department shall issue a final bond determination in 30 days. Unless the licensee or permittee requests a hearing under subsection (3)(b), the licensee or permittee shall post bond with the department in the amount represented by the final bond determination no later than 30 days after issuance of the final bond determination. If the licensee or permittee demonstrates that, through the exercise of reasonable diligence, the licensee or permittee will not be able to post the bond within 30 days, the department shall grant a 30-day extension of the deadline.

(b) The permittee or any person with an interest that may be adversely affected may obtain a contested case hearing before the board under the provisions of the Montana Administrative Procedure Act, Title 2, chapter 4, part 6, on the final bond determination by filing with the department, within 30 days of the issuance of the final bond determination, a written request for hearing stating the reason for the request. The request for hearing must specify the amount of bond increase, if any, that the licensee or permittee considers appropriate and state the reasons that the licensee or permittee considers the department's final bond determination to be excessive. As a condition precedent to any right to request a hearing, the licensee or permittee shall post bond with

the department in the amount of the bond increase that the licensee or permittee has stated is appropriate in the request for hearing or the amount that is one-half of the increase contained in the department's final bond determination, whichever amount is greater. If the board determines that additional bond is necessary, the licensee or permittee shall post bond in the amount determined by the board within 30 days of receipt of the board's decision. If the licensee or permittee demonstrates that, through the exercise of reasonable diligence, the licensee or permittee will not be able to post the bond within 30 days, the department shall grant a reasonable extension of the deadline.

(c) If a licensee or permittee fails to post bond in accordance with subsection (3)(a) or (3)(b) in the required amounts by the required deadlines, the license or permit is suspended by operation of law and the licensee or permittee shall immediately cease mining and exploration operations until the required bond is posted with and approved by the department.

(4) A bond filed in accordance with the provisions of this part may not be released by the department until the provisions of this part, the rules adopted pursuant to this part, and the permit have been fulfilled.

(5) A bond filed for an operating permit obtained under 82-4-335 may not be released or decreased until the public has been provided an opportunity for a hearing and a hearing has been held if requested. The department shall provide reasonable statewide and local notice of the opportunity for a hearing, including but not limited to publishing the notice in newspapers of general daily circulation.

(6) ~~All~~ *Except as provided in subsection (7), all* bonds required in accordance with the provisions of this section must be based upon reasonably foreseeable activities that the applicant may conduct in order to comply with conditions of an operating permit or license. Bonds may be required only for anticipated activities as described in subsection (1). Only those activities that themselves or in conjunction with other activities have a reasonable possibility of occurring may be bonded. Bond calculations, including calculations for the initial bond or for subsequent bond reviews and adjustments, may not include amounts for any occurrence or contingency that is not a reasonably forseeable result of any activity conducted by the applicant.

(7) (a) If the department determines, based on unanticipated circumstances that are discovered following the issuance of a mining permit, that a substantial and imminent danger to public health, public safety, or the environment exists or that there is a reasonable probability that a violation of water quality standards will occur, the department may require an operator to submit an amended reclamation plan to address the danger and to post a temporary bond to guarantee the performance of the amended portion of the reclamation plan. The temporary bond may only be required if the anticipated costs associated with the plan amendment would increase the total bond amount for the current plan by more than 10%, as determined in subsection (7)(b).

(b) (i) In determining the need for the temporary bond and the amount of the temporary bond under subsection (7)(a), the department shall select a third-party contractor in consultation with the operator pursuant to subsection (7)(b)(ii) to provide:

(A) a technical engineering analysis and report on the substantial and imminent danger to public health, public safety, or the environment identified in subsection (7)(a); and

(B) the estimated costs of addressing the potential danger in order to establish the amount of the temporary bond.

(ii) The department shall provide the operator with a list of at least four qualified third-party contractors. The operator shall select two qualified third-party contractors from that list. The department shall select its contractor from the list provided by the operator. The operator shall reimburse the department for the reasonable costs of the third-party contractor.

(c) An approved interim amended reclamation plan and interim bond must remain in effect until the earlier of:

(i) the date that a revised reclamation plan is approved pursuant to 82-4-337 and a permanent bond for the revised reclamation plan is submitted and accepted pursuant to this section; or

(ii) 2 years following the date of submission of a complete application pursuant to 82-4-337 to modify the reclamation plan provision or remedy the conditions that created the need to amend the reclamation plan unless the department approves or denies the complete application within 2 years of submission. The applicant may agree to an extension of this deadline.

(d) Except as provided in subsection (8), the process provided for in this subsection (7) is not subject to the provisions of Title 75, chapter 1.

(8) (a) In determining whether to require amendment of a reclamation plan under subsection (7)(a), the department shall prepare or require the permittee to prepare a written analysis of changes in the reclamation plan that may eliminate or mitigate to an acceptable level the environmental condition. The analysis must include an assessment of the effectiveness of the changes and any potential negative environmental impacts of the changes. The department shall prepare an environmental impact statement pursuant to Title 75, chapter 1, only if the department determines that the changes would not mitigate the condition to an acceptable level or may have potentially significant negative environmental impacts.

(b) If the department determines that preparation of an environmental impact statement is necessary, the permittee shall pay the department's costs pursuant to 75-1-205.

~~(7)~~*(9)* At the applicant's discretion, bonding in addition to that required by this section may be posted. These unobligated bonds may, on the applicant's request, be applied to future bonds required by this section.

~~(8)~~*(10)* (a) If the department determines that there exists at an area permitted or licensed under this part an imminent danger to public health, *public* safety, or the environment caused by a violation of this part, the rules adopted pursuant to this part, or the permit or license and if the permittee or licensee fails or refuses to expeditiously abate the danger, the department may immediately suspend the permit or license, enter the site, and abate the danger. The department may thereafter institute proceedings to revoke the license or permit, declare the permittee or licensee in default, and forfeit a portion of the bond, not to exceed $150,000 or 10% of the bond, whichever is less, to be used to abate the danger. The department shall notify the surety of the forfeiture and the forfeiture amount by certified mail, and the surety shall pay the forfeiture amount to the department within 30 days of receipt of the notice. The department shall, as a condition of any termination of the suspension and revocation proceedings, require that the permittee or licensee reimburse the surety, with interest, for any amount paid to and expended by the department

pursuant to this subsection ~~(8)~~ *(10)* and for the actual cost of the surety's expenses in responding to the department's forfeiture demand.

(b) If the department is unable to permanently abate the imminent danger using the amount forfeited under subsection ~~(8)(a)~~ *(10)(a)*, the department may forfeit additional amounts under the procedure provided in subsection ~~(8)(a)~~ *(10)(a)*.

(c) The department shall return to the surety any money received from the surety pursuant to this subsection *(10)* and not used by the department to abate the imminent danger. The amount not returned to the surety must be credited to the surety and reduces the penal amount of the bond on a dollar-for-dollar basis.

(d) Any interest accrued on bond proceeds that is not required to abate the imminent danger determined in subsection ~~(8)(a)~~ *(10)(a)* must be returned to the surety, unless otherwise agreed to in writing by the surety.

~~(9)~~*(11)* If a bond is terminated as a result of the action or inaction of a licensee or permittee or is canceled or otherwise terminated by the surety issuing the bond and the licensee or permittee fails to post a new bond for the entire amount of the terminated bond within 30 days following the notice of termination provided to the department, then the license or permit must be immediately suspended without further action by the department."

Section 2. Effective date. [This act] is effective on passage and approval.

Section 3. Applicability. [This act] does not apply to a reclamation plan amendment for backfill of a pit required by or as a result of a court judgment entered prior to January 1, 2007, or by a subsequent judgment requiring backfill of the same pit at the same facility.
